IMPORTANT NOTICE!

We have in contemplation, if practicable, to make such alterations in The Wesleyan at the commencement of the fourth Volume, which will be in July next, as will enable us to give considerably more reading matter in our columns,which, if carried out, will involve us in additional expense. We propose not to increase the subalteration, we shall require, at least, in addition to the number now on our lists, three hundred more than an average of eight for each of the John Courier.

we have long felt straitened for want of space, &c. In this MATTER, WE CAN DO NOTHING, rials and workmanship. WITHOUT THE HEARTY AND ENERGETIC CO-FRIENDS. The Wesleyan, as it is, we have reaon to believe, has been exercising a beneficial influence on our cause throughout our Districts, and we laudably desire to render it a still more potent instrument for good. We appeal, then, earnestly, to our Ministers, and to all others who desire the prosperity of our beloved Methodism, to assist us with their influence and valuable and highly effective agency, in meeting the emergency of the times, and placing their periodical on such a footing, as will both free us from pecuniary anxiety, and add augmented influence

We anticipate a prompt and hearty response. We solicit the brethren to ascertain before | Louisville. the approaching Districts, the number of present subscribers who intend to continue such, and the continuances, if any, and of the additions of names, in order that we may make our arrangements accordingly.

. In ordering papers for new subscribers, please state the time from which they are to be sent. We can supply back numbers.
