## DERNBURG URGED TO LEAVE U.S.

### REVOLT SHAKES LISBON

#### Portuguese Political Troubles Growing More Apparent.

By Special Wire to the Courier.

London, May 15.—A news agency despatch received here from Madrid, declares there has been received in the Spanish capital information of a grave revolutionary movement in Portugal. One report is to the effect that a revolutionary committee is in control of the situation at Lisbon. Indications of a serious revolutionary movement against the present Republican government of Portugal has not been lacking. On the contrary, reports from this country for six months past have almost all referred to political disorders.

There has been serious dissatisfaction with the administration of affairs and the government has been freely characterized as drastic and arbitrary to an impossible degree; the president and his advisers have been called out-laws, political assassinations have not been unknown, there have been bread riots at Lisbon, followed by the proclamation of martial law throughout the republic; there has been much plotting on the part of the monarchists and the arrest and incarceration of numerous monarchist leaders; the army and navy have been suspected in their allegiance, and officers of each branch have been arrested; there has been established the so-called "republic of Northern Portugal" under the presidency of General Barreto, and there have been labor disorders of a serious nature.

### DESTROYER RESCUING CREW OF BRITISH WAR SHIP DURING ACTION IN DARDANELLES

The above picture of the sinking of the British battle ship Ocean during the operations in the Dardanelles was drawn especially for this newspaper, the London Sphere and the New York Herald from a personal description given by an eye witness who actually participated in the event. Describing the sinking this eye witness said:—"We had been hit ever so many times, and it was at the end of the day, when we were coming out of action, that suddenly there was a big explosion and the whole ship shook, and then we began to list over to starboard. In five minutes we had listed over a good way. We had no orders to shift or anything, but one of the gun's crew looked out of the casemates door and saw that everybody had gone aft, and found that there were destroyers alongside and we were abandoning ship. Then the enemy got our range with howitzers and shells were falling about us, so the destroyer I was in shoved off, being one of the outside ones, and we steamed out with another. Then after a while we were told to go back to the Ocean, but when we got there we found nobody else had come back and the enemy was still firing at her, so we were recalled and went to the Agamemnon, where I am now."

### BOTHA ISSUES APPEAL

#### Cape Colony is in Uproar of Mob Rule To-day

By Special Wire to the Courier.

London, May 15.—A Reuter despatch from Cape Town, filed Friday says:

"Immense crowds thronged the streets to-night singing 'Rule Britannia' and their behaviour sometimes were threatening. Troops and police found great difficulty in preventing disorders. It was announced that the government had decided to intern all male aliens of enemy nationality and also to protect with every force at its disposal naturalized aliens or those who have applied for naturalization.

"General Botha has issued to the people of the Union of South Africa from Windhoek, capital of German Southwest Africa, a message deploring the anti-German riots, which he characterizes as unworthy of a strong and chivalrous people, however great the provocation. In many cases," he says, "they have some loyalty fighting with me at the front. It is most discouraging for the officers and men here who daily are risking their lives fighting an honest and clean fight, to hear of these events at home. I therefore earnestly appeal to all to refrain from such acts which cannot benefit the country, but can only cause serious embarrassment.

"Latest reports show that the rioting has been of a most serious character, but fear of a possible uprising among 25,000 mine boys along the Rand now apparently have a steady effect. The natives obtained liquor freely from looted stores, and this ad-

### ITALIAN VETERAN IS FORMING A NEW COALITION MINISTRY

#### Salandra, One of the Most Popular Figures in the Current Politics, Wildly Cheered by the Populace.

By Special Wire to the Courier.

Rome, via Paris, May 15.—Giuseppe Salandra, entrusted by King Emmanuel with the task of forming a new cabinet to succeed the Salandra ministry which insisted upon its resignation being accepted, because it lacked the unanimous support of the country in a supreme crisis, is a Garibaldian veteran, 74 years old. He has had a wide experience in public life, and in 1903 declined a request to organize a cabinet. He has served many years in parliament and has long been president of the chamber of deputies.

TO FORM MINISTRY

After receiving the King's request, he called upon Premier Salandra and Premier Giolitti. He then waited upon his majesty and reported progress in his efforts to get together a new ministry which would represent all phases of public opinion. He already has assured himself of the support of Signor Rissolatti, leader of the Socialist Reformists; Signor Pantano, a Radical leader; and Signor Barzilai, one of the foremost republicans. It is believed he will be sustained also by Signor Salandra and that Signor Giolitti will assume an attitude of friendly neutrality.

There is no doubt that Salandra is one of the most popular figures in Italy among the people. He was wildly cheered yesterday afternoon while driving to the chamber of deputies to confer with Signor Marcora. Soldiers and their officers joined in the demonstration. Prince Scipione Borghese, head of one of the foremost families of Rome, indicated yesterday that he favors war when he sent from his palace to Borghese square a large flag

### THE CARNAGE CONTINUES IN YPRES REGION

#### Germans Fling Hundreds of Lives Away in Each Attack.

By Special Wire to the Courier.

London, May 15.—The Times' correspondent at Pas De Calais, France, in describing the desperate attempts made by the Germans on Ypres during the past weeks, says that they hurled themselves forward in attack after attack, each more reckless than its predecessor.

"The German infantry displayed great courage, fighting bitterly. Hill No. 60 indeed has proved a stumbling block to the German plans. Throughout the terrible days of the last three weeks on no occasion has the enemy launched a big attack without prefaceing it by an attempt to recover this hill. There are signs that these efforts have very considerably exhausted him, but doubtless they will be renewed. The plain before Ypres is a charnal house of German dead. Ypres itself is broken and battered.

"On the other hand the British line, reset and reinforced, is stronger than before. Each day our infantry astonishes its leaders anew by its achievements and qualities."

### COLOGNE GAZETTE INSPIRED

#### Threatens All Neutrals With Lusitania's Fate.

London, May 15.—A copy of the Cologne Gazette of May 10 has just been received here. It contains an editorial headed, "To Neutrals," and is as follows:

"The Lusitania was for us a hostile ship; to destroy it was our right and duty.

"We are now the objects of bitter rage and are called Huns, barbarians, and murderers, simply because German smartness and bravery accomplished a brilliant stroke.

"But now the neutrals are warned. They have seen the bloody seriousness of our submarine warfare, and let them abstain from further foolhardiness, for the fate of the Lusitania will be shared by other English steamships and every neutral who trusts himself to them courts the fate which overtook the passengers of the Lusitania.

"The abuse of the neutral press up to now can be dismissed as an expression of naivete which was not conscious of the gravity of the affair. If the abuse continues it will no longer be naive, but impertinent."

The official connection of the Cologne Gazette, apart from the ordinary Government supervision of the press, makes the inference strong that the foregoing was inspired by the German Government.

BERLIN OFFICIAL STORY

Berlin, May 15.—From the reports received from the submarine which sank the Cunard Line steamer Lusitania last Friday, the following version of the incident is published by

### DERNBURG IS URGED TO LEAVE

#### German Ambassador Has Committed Blunders.

By Special Wire to the Courier.

Washington, May 15.—It became known in official quarters here to-day that, in view of the intimations that President Wilson and the cabinet were displeased with Dr. Dernburg's speeches justifying the sinking of the Lusitania and some of his other public utterances, which they believed might be calculated to array sentiment of Germans in the United States against the Washington Government, friends of Dr. Dernburg here have persuaded him to leave the United States.

Just when Dr. Dernburg would leave, or where he would go, was not made known, but it was believed he would sail for Cuba or South America.

Dr. Dernburg's activity in the United States since the beginning of the war has been closely observed by the President and other high officials here, who came to believe in the last week that a continuation of his speeches and statements might, in the event of a critical turn in relations with Germany, menace the domestic welfare of America. It has been repeatedly denied by the German embassy, as well as by Dr. Dernburg himself, that he was a spokesman for the German Government or that he had any official status. In view, however, of

### BRITISH PAPERS ARE APPLAUDING WILSON'S NOTE TO BERLIN

#### Manchester Guardian Says it is Masterpiece and Others Think it Good Move.

By Special Wire to the Courier.

London, May 15.—"The American government knows," says The Manchester Guardian, "that the suggested innocence of the German Government is a polite fiction. Scidom have we read a diplomatic document conceived so consistently as an appeal from the worse to the better self of a nation and so adroitly phrased to make it possible for the sinner to repent without public humiliation."

APPLAUD NOTE.

London, May 15.—All the morning papers commenting on the American note to Germany applaud the dignity and firmness with which the document is couched.

Daily News suggests that though it would be difficult, after the official defence for the sinking of the Lusitania, and the expressions of satisfaction of the German newspapers over the incident, the German Government may take President Wilson's irony at its face value and declare that the submarine commander acted in excess of his orders.

"There are certain things left in obscurity in the otherwise extremely lucid demands," the Daily News adds "A guarantee of immunity for neutral vessels from attack evidently would not meet the case, while the result of a failure to comply with the American Government's confident expectation is veiled in a mist of scrupulously friendly words. But it would be a very rash assumption on Germany's part if she persuaded herself there is nothing behind the veil."

The Daily Express says that President Wilson and Secretary of State Bryan must have smiled some when describing German influence as "al-

### MR. IRELAND IS APPOINTED

At a meeting of the Street Railway Commissioners Mr. Ireland was appointed as manager to act in conjunction with his duties as manager of the Hydro-Electric, providing certain small details can be arranged. He will take hold on June 1st, and undoubtedly has the qualifications to fill the post in an admirable manner.

Joseph E. Norris of Orillia, was killed on the Grand Trunk track about five miles from town.

### NO PEACE PROPOSALS

Chicago, May 15.—There is no immediate prospect for peace between organized baseball and the Federal League, according to B. B. Johnson, president of the American League who is home from a trip to the eastern cities of his circuit. Peace hasn't even been considered, despite all stories and reports to the contrary, President Johnson said to-day.

### KILLED IN ACTION.

Official notice received this morning confirms the death of Pte. G. Keathley, his mother receiving notification of it this morning. Another name is added to the city's roll of gallant dead. Keathley's mother resides at 147 Clarence St.
