A Word About Stogas
 It may be possible during dry weather for a farmer to get along with a pair of lead boots on a cheap long boot, but for wet fall weather you want a good long boot, one that will wear and keep out water. We have such a boot, it is the best made boot in Canada, hand bottomed, outside counters and extra long legs, for \$15 a pair. This season we can give you the same boot, only now for \$12.50. Knowing these to be the best long boots made, we have a quantity of them and have some of them. We guarantee every pair. If you want a good boot and want dry feet, you get to it.

OAK LEAF.
SATURDAY, Nov. 26th.—The assembly which was to be held here on the evening of the 18th was postponed until Monday evening, 21st, when a large crowd gathered and thoroughly enjoyed themselves during the night. Music was furnished by the Messrs. Gray of Morton and Mr. Warren of Lyndhurst. We think Mr. Reed deserves credit for his dauntless energy in making this party a success.
 We have to announce to the public that a new factory, under the superior management of Mr. Chas. Robinson, has been opened at Waterville. Mr. Robinson will endeavor to supply this neighborhood with goods as cheap as we can get. We think the proprietor is deserving of the patronage of the people of Oak Leaf.

CHANTREY.
MONDAY, Nov. 21.—Percy Alford has gone to New Brunswick as agent for Fisher's seed garden.
 Mr. Carman Eyre and his sister had a very enjoyable apple bee on Thanksgiving eve. All seemed to have a good time.
 Old Mr. McDonnell, of Portland, who has made his home with Mr. James Chant, of this place, for some time, died on Monday last. He was over ninety years of age—a life-long Conservative. His remains were removed to his son's near Portland, from which place the funeral took place on Wednesday.
 The Rev. Mr. Bonfield was through here looking for a corpse to bury. When he came here on Wednesday, expecting to hold Mr. McDonnell's funeral service, he found the church empty and no fire. On enquiry he found he was expected to go to Portland.
 The friends of Percy Alford are pleased to hear he arrived at his destination all right on Wednesday last. Mr. Empey has been re-engaged to teach our school for the third year. He has given good satisfaction so far, and is much respected by all of us as a christian gentleman. His influence is for the best, among the scholars.
 Mr. John Joynt and his brother James, of New Boyne, passed through here last week, taking the body of their brother from the Delta

result to the New Boyne cemetery to bury.
 We hear Miss Ida Knowlton is home again after spending some two months in the hospital in Kingston where her health was much improved.
 Our cheese factory is still receiving a fine lot of milk.
 A good many here are suffering from bad colds.
 In all imitations of the Myrtle Navy tobacco yet attempted, either inferior stock has been used or the plug has been made a trifle lighter in weight. The latter defect is apt to escape the attention of the consumer until he finds that he is smoking a greater number of plugs than before. The Myrtle Navy is made three plugs to the pound and each plug is carefully weighed.
 An Oswego paper says: "The tax on Canadian barley has proved to be a sorry boomerang to the republican managers. Canadian barley is admittedly the best grown in the world. Raised across Lake Ontario, only forty miles away, it is the superior in every respect to that which can be produced on American soil."
 "Kindly omit flowers" is now added to death and funeral notices in the metropolitan papers. Various tombs, as usual, run to excess and hundreds of dollars are wasted in floral tributes, which, if expended in feeding and clothing the poor, would bring great joy to many lives.
 A simple flower with a word of sympathy to the bereaved would touch the heart as much as a \$5 or \$10 offering. We are glad a new order is being instituted.
The Nickel Industry.
 There is great activity among the nickel mines at Sudbury. A new impetus has been given to the business from the fact that both Britain and the U. S. are to use nickel steel, manufactured by the new process, for war vessels. Properties in Sudbury have consequently greatly increased in value lately. For instance, a poor blacksmith sold a fine nickel property to a local dealer in mines four weeks ago for \$20,000. But no sooner did the sale become known than an American company offered \$40,000 for the claim, and it is now held at \$100,000. It could have been bought last fall for \$2,000. There are dozens of just as good chances there yet, as many of the poor prospectors especially hard up at this time of the year.
How People are Duped.
 Every now and then offers of all kinds of inducements are made to people to get them to send a dollar, or half a dollar, for a newspaper or a magazine which gives them the chance of winning a large sum of money, or a piano, or a prize of some kind. We believe they are to be continued through this week.
 Last Saturday was the beginning of a new era in threshing, at least in this section. Messrs. Bonesteel & Dobbs with their machines threshed the corn in the stock for Mr. Drummond Parish. This shows the enterprise of Woodbine. Do you suppose any such thing would have happened in Wiltstown?
 We noticed in last week's Reporter that one of your readers living in Athens had the audacity to meddle with things concerning Woodbine. But then there was never anything great or noble done that wasn't kicked by somebody. Sure, Mr. Editor, there were even some who spoke against the changing of the name of Farmersville to Athens, and what could we expect? Your correspondent says the name "rounds" is a failure to hear any correctness in the sound of it. He also says that Wiltstown is not dead, but then he doesn't know it is only its ghost that haunts him.

CARD OF THANKS

I WISH to take this opportunity of thanking the readers of the Reporter who have so liberally patronized my store of late. You have made a wonderful increase in my business and I appreciate it.

I have given you furniture at prices that you never before heard of, and yet I am satisfied with my returns.
 I am trying by closer buying for cash, and in larger quantities, to still further reduce my prices for the Christmas trade. Whatever saving I make, you shall have the benefit of, or at least a share of it.
 I pack every purchase in canvas and ship it FREE to your nearest station.

REUMATISM CURED IN A DAY!

South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Warranted by J. P. Lamb.
 Kansas, with Prohibition and one hundred thousand more people than Texas, has but one penitentiary and nine hundred and ninety-six prisoners. Texas, with saloons and one hundred thousand less people than Kansas, has two penitentiaries and three thousand convicts.
 Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and indigestion until my health was gone. I bought one bottle of South American Nerve, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy." A trial bottle will convince you. Warranted by J. P. Lamb.
