There was a reputation for this. When headaches were many, pain in the back, and other ailments, it was made by the very best of the best.

Such is the experience of thousands of women in Canada who are users of Lutoo. Many used to suffer from headache, monthly pains and colds without a remedy, being afraid of the advertised cures. Others, to-day, have palpitation of the heart, unstrung nerves and deranged stomach on account of the use of these cures. They may have suffered from the same ailment and may not have observed any injury to the system, but in the end they realized the inevitable consequence. For in the words of the magazine "Health," "Every dose of such drugs is at the expense of vitality and sooner or later the penalty for outraging nature will be exacted."

Lutoo has never hurt the most delicate woman or the smallest child. Lutoo from women all over Canada expresses their appreciation of Lutoo and gratitude that a harmless remedy for their pains had been found.
