JAP-CHINESE MOVEMENT.

Russia Revising Her Plans for the Removal of Troops From Manchuria—London is Unconcerned.

St. Petersburg, Feb. 17.—In view of recent events in China, the Council for National Defence which has been preparing to reduce the force in the Far East to a minimum takes a more serious view of the situation, and is revising its plans for the evacuation of the armies in Manchuria in order to retain there a force "sufficient to maintain Russia's special interests on a plane with other powers."

According to The Slovo, the Government is in possession of information to the effect that China is making war preparations in which she is supported almost openly by Japan, and that an attack on Russia's Ussuri possessions is feared. Fears, The Slovo says, also are entertained over the Chinese designs to overthrow the Russian influence in Chinese Turkestan, that has grown up in consequence of the special trade and military arrangements instituted before the breaking out of the Russo-Japanese war.

London, Feb. 17.—The London newspapers do not pay much attention to the Chinese question.

The Morning Post thinks the advice and influence of Japan upon China will suffice to prevent any serious outbreak, and that, in any case, Japan's army in Manchuria could soon be sent to restore order should real trouble arise.

More Terrible Than War!

More terrible than war, famine or pestilence is that awful destroyer, that hydra-headed monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate mucous membrane causes them to look away with an irrelevant thought to the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway, and for Asthma, Croup, Whooping Cough and all Throat and Lung affections it is a specific. Be sure when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be humbugged into taking something else. Price 25 cts.

Miss Lena Johnston, Toledo, Ohio, writes: "I have used Dr. Wood's Norway Pine Syrup for throat troubles after taking numerous other remedies, and I must say that nothing can take the place of it. I would not be without a bottle of it in the house."

Coal to Last Till Sept. 1. Shamokin, Pa., Feb. 17.—In connection with the published statement that the 34 collieries of the Philadelphia and Reading Coal and Iron Co. are being worked to their utmost capacity, it was learned from an inside source yesterday that by April 1 the company expects to have enough coal stocked to last until next September if the anthracite miners should go on strike.

SORE THROAT AND COUGHS. A simple, effective and safe remedy to all throat irritations is found in **Crescense Antiseptic Tablets.** They combine the germicidal values of Crescense with the soothing properties of supply sin and licorice.

10c. All Druggists.

Wisdom often consists in keeping our thoughts to ourselves.

The man who puts heart into his work will always get ahead in it.

FUR FASHIONS.

Coats and Neck Pieces—Long Hairs For Short Sleeves.

Furs are to be used to an unprecedented effect. In fact, some of the coats and mantles are so magnificent and sumptuous that their possession is evidence of a very long purse indeed. But there is consolation that the less expensive furs look almost as rich, and if we cannot have Russian sables and ermine let us be content with mink and marten, sealskin and beaver, all of which are being made up into fascinating coats or handsome cloaks.

Fur necklets are worn as soon as the nip of cold comes in. These, whether

SABLE COAT.

long or short, have many tails at the ends and also on the fronts, while some have tails and paws at the back also.

A pretty jacket of golden beaver, with a sort of basque, is handsomely trimmed with muskrat, a style that finds acceptance, though many prefer to depend on the real beauty of the skin.

Stoles that widen in a round form on the shoulders and descend to a good length in front are among the new features, but the feeling of the moment is for long and short neckties.

Muffs which find warmest appreciation are of the form that was worn in the early nineteenth century, very long and not very deep. It was in the days when sleeves were also short, and they would if desired cover the arms to the elbow. They are soft, the lining having very little stiffness. Some have a fringe of sable tail beneath.

Then there is the semicircular shape, with a sort of envelope flap to some, and these also are bordered with tail fringes alternating with paws, sometimes with one notably large tail in the front.

AMY VARNUM.

Man's Topcoat.

One of the new features of the season is in the Chesterfield. This is a coat having a middle back seam, but no side seams. This year the buttons, instead of being concealed by a fly front, as they have been shown for several seasons past, have buttonholes right through the cloth. This is quite an innovation after the long vogue of the other style in single breasted overcoats. The body is cut on the bias and has a very deep center vent in the back, which affords ease in walking and is slightly as well. When herringbone cloth is employed it gives a cross-cut aspect to the garment. The collar is made of the same material instead of velvet. In fact, velvet collars are not as much worn, even in beaver coats, as formerly. —New Idea Magazine.

A Household Item.

A tin cup filled with vinegar and placed on the back of the stove will prevent the smell of cooking getting over the house.

A Popcorn Dainty.

First chop as finely as possible a cupful of freshly popped corn, then add an equal quantity of chopped and blanched almonds and pound to a paste in a mortar, moistening with a few drops of rose and almond extract. Place in a mixing bowl the stiffly beaten whites of three eggs and stir in gradually

POPCORN MACAROONS.

eight ounces of powdered sugar, beating the meringue steadily with a wooden spoon for five minutes, and then, a spoonful at a time, incorporate with the prepared nut and popcorn paste. When thoroughly blended drop through a pastry tube in pieces about the size of a silver quarter on to a sheet of buttered paper placed in shallow baking tins and cook in a very moderate oven for about twenty minutes. Keep closely covered until ready to use and serve in a cut glass sherbet glass arranged around a tiny pyramid of sweetened and flavored whipped cream, ornamenting each portion with large kernels of crystallized popcorn. —Ladies World.

SURPRISE SOAP.

A PURE HARD SOAP.

"PAST A LIVING LIE."

Kier Hardie, M. P., Scores Chamberlain in Stating Labor Policy.

London, Feb. 17.—(C. A. P.)—In outlining the policy of the new labor party at a big public meeting last night Kier Hardie, M. P., its leader, held out no hope to the tariff reformers. "There have been suggestions," he said, "of coming and going between the tariff reformers and labor. It is basing their anticipations on that foundation their hopes are built on sand and their outlook darker even than their worst enemies predict. The labor party, having refused to be the tail of the Liberals, will not play into the hands of another party headed by a man whose whole past life has been one great living lie and on whose spoken words no reliance can be placed. The labor party will be separate and distinct from every other party."

Mr. Hardie declared the straight labor party combined the socialist and trade union elements, and was becoming more and more socialist. He said the labor party was vigorously cheered. He predicted that in the very near future it would be the dominant factor in politics. Old age pensions would be its leading demand.

Balfour Must Fight. London, Feb. 17.—The City Liberal Association at a meeting yesterday decided to nominate a candidate to contest the City of London against former Premier Balfour at the forthcoming bye-election. The name of the proposed candidate has not yet been announced, but Thos. Gibson Bowles, who represented King's Lynn in the last Parliament, is supported by many Liberals as the man most likely to effect a combination of the Unionist and the Liberal free traders.

A Valuable Agent.

The glycerine employed in Dr. Pierce's Golden Medical Discovery is a medicinal property which it extracts and holds in solution much better than alcohol would. It is also a valuable solvent of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry Root, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchitis and laryngitis, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and secretly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Send free on receipt of stamps to pay expense of customs and mailing only. Send 31 cent stamps for paper-covered, or 50 cent stamps for cloth-bound copy.

Fixed.

"Why don't you go to work?" demanded the housekeeper. "Well, yer see," began the gray haired old loafer, "I got a wife and three children to support."

"But if you don't work how can you support?"

"As I wuz a-sayin', lady, I got a wife and three children to support me."

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Crescense tablets, ten cents per box. All druggists.

It is not what a man hears but what he believes that makes him wise or foolish.

KING CHRISTIAN'S FUNERAL.

Enormous Black Garbed Crowds Testified to Their Sorrow—The Royal Mourners—Silence and Sobs.

Copenhagen, Feb. 17.—The body of King Christian was removed from the Christianborg Church here yesterday to the cathedral at Roskilde, 30 miles from Copenhagen, where it will be buried Sunday morning among the tombs of the Danish kings, who for a thousand years have found their last resting place in the ancient capital of the kingdom.

The whole of Copenhagen was given up to mourning. Business and work were at a standstill, while emblems of sorrow were displayed everywhere. The enormous black garbed crowds of town people, swelled by thousands of arrivals from the country districts, thronged the square in front of the Christianborg Church.

Shortly before noon the Kings of Denmark, Greece, Norway and the Alexandra of England, the Dowager Empress of Russia, and other royal relatives of the deceased, and the representatives of the foreign sovereigns reached the Christianborg Church, where a brief service was held at the conclusion of which the coffin, covered with the Danish standard, was borne high by naval and military officers to the waiting hearse. Then headed by infantry and cavalry a simple cortege was formed and slowly proceeded through the three and a half miles of streets between the church and the railroad station. Immediately behind the hearse was led King Christian's favorite riding horse, Jusuf, which will be shot to-night, according to the ancient Danish custom.

The bells of all the churches were tolled, and minute guns were fired from the arsenal throughout the progress of the cortege and until the coffin was placed on the funeral train.

Many affecting scenes were witnessed in the streets. The profound silence was broken only by the sobs of the women and the momentary excitement caused by fainting and minor accidents. The funeral cortege was composed of the members of the royal family also. On reaching Roskilde the four regiments of Dragoon formed the escort of the coffin, which was borne to the cathedral and placed on a catafalque before the high altar to await the last rites on Sunday.

BRITISH CREW REWARDED.

Canadian Government Recognizes Rescue Services of Star of Australia.

Ottawa, Feb. 17.—The Canadian Government have suitably recognized the rescue of the captain and crew of the Canadian bark Swanesa in the Atlantic Ocean, south of Cape Verde, on the British steamship Star of Australia. The Swanesa had been wrecked on the Cape Verde Islands, and the crew, including the captain, were rescued by the British steamer. The Canadian government has awarded a gold medal to the captain, and a silver medal to the crew. The medals were presented to the crew by the British consul in Ottawa.

Child Fatally Burned.

Cornwall, Feb. 17.—A sad fatality is reported from Monkland village, a few miles north of here. Mrs. Donald McGillivray had occasion to leave her two young children alone in the house for a few minutes, and although she took the precaution to carefully close the stoves, the oldest child, Annie, aged 2 years and 9 months, opened a slide and lighted a piece of paper. In a moment the fire broke out, and although she tried to smother it, the mother met her end, and extinguished the blaze, but the little one was so badly burned that after lingering a few days, during which pneumonia developed, she passed away.

Bush Fires in Australia.

Victoria, B. C., Feb. 17.—The steamer Aorangi, from Australia, brings news of disastrous bush fires in New South Wales, causing the loss of many thousands of sheep and horses, and the destruction of many miles of territory. About 300 square miles were burned over in the Forbes district. Many deaths resulted from the heat prostration incident to the hot rays which caused the fires. The thermometer registered 121 degrees for several days.

Maisonnette Nominations.

Montreal, Feb. 17.—Yesterday was nomination day for Maisonnette, and L. O. Grothe, Liberal, and Alphonse Verville, Labor, were nominated. The Conservatives did not place any candidate in the field, but will support the Labor candidate.

Bliss Carman Insolvent.

New York, Feb. 17.—Bliss Carman, the noted Canadian poet, whose writings are widely known, yesterday filed a petition in bankruptcy, in a suit for part payment of a note given to his cousin, F. St. John Bliss of Fredericton, N. B.

A Boy Hero Saves Life.

Belleville, Feb. 17.—William Andrews, a boy of this city, narrowly escaped drowning in the River Moira. He jumped from the revetment wall on to the ice and broke through. The heroism of Frank Day, another boy, saved him.

Fall on Street Kills Youth.

Detroit, Feb. 17.—Arthur Clegg, aged 20, of Morefield, Ont., slipped at the curb while crossing Woodward avenue yesterday morning and died on the way to the hospital. Clegg came here two weeks ago.

Took Acid In Mistake.

Port Hope, Feb. 17.—At noon yesterday J. J. Jordan, boot and shoe merchant of this town, took a dose of carboic acid in mistake for other medicine and died a few minutes after.

Pat Crowe Acquitted.

Omaha, Neb., Feb. 17.—Pat Crowe was this afternoon acquitted of the Cudahy kidnapping.

"I'm Well"

Because of Liquezone," is a Tale Told Everywhere.

In almost every hamlet—every neighborhood—there are living examples of what Liquezone can do. Wherever you are, you need not go far to find some one who has been helped by it.

Talk to some of these cured ones; perhaps your own friends are among them. Ask if they advise you to try Liquezone. Or let us buy you a bottle, and learn its power for yourself. If you need help, please don't wait longer; don't stay sick. Let us show to you—as we have to millions—what Liquezone can do.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We punish the American rights to Liquezone after thousands of tests had

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

As the diseases in which Liquezone has been most employed, in these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

CUT OUT THIS COUPON

PULL IT OUT and mail it to The Liquezone Company, 458-464 Wabash Ave., Chicago.

My disease is _____

I have never used Liquezone, but if you will supply me a 50c bottle free I will take it.

NOTE: This offer applies to new users only. Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

TOWNSHIP COUNCILS

CHATHAM TOWNSHIP COUNCIL.

Council met in Wallaceburg council chamber on Wednesday, Jan. 24, pursuant to adjournment, and to a notice to the ratepayers assessed for a proposed new drainage and pumping works to the effect that the engineer's report and said assessment contained therein would be read and considered at the time and place above mentioned.

The members were all present, and the minutes of the last meeting were read, adopted, and signed by the clerk.

A large number of the ratepayers

assessed for the proposed McGee drainage work were present. The reeve addressed the said ratepayers, explaining that the meeting was authorized by the Drainage Act, and was for the purpose of hearing the said engineer's report read, after which it would be considered by the ratepayers and council, and that any person assessed who had not signed the majority petition requesting the work could do so at this meeting, or any person who had signed the original petition and is dissatisfied with the report, estimates, assessments, etc., can have their names withdrawn from the petition providing they put in their request so to do in 10 days.

The report was then read in the presence of the ratepayers.

A great deal of discussion for and against the scheme was engaged in. The following persons then presented written requests, requiring their names to be withdrawn from the petition:

Chas. Wickens, owner n w 1/4 lot 8, Con. 1, Gore.
Rock Delorme, e h 1/2 n w 1/4 lot 8, Con. 1, Gore, and w p 1/2 s h 1/2 lot 8, Con. 1, Gore.
Joshua Armstrong, w h 1/2 n w 1/4 lot 8, Con. 1, Gore.
A. D. McGuire, centre 37 acres, s 1/4 s 1/2 s 1/2 lot 8, Con. 2, Gore.
A. D. Thornton, e 25 acres s h 1/2 lot 8, Con. 2, Gore.

Moved by Irwin and Brown, that

the statute labor of Dr. Hird for attendance on Carpenter family, be referred to Coun. Harper and the reeve to do in the matter what they consider to be in the best interest of the Tp.—Carried.

Moved by Wickens and Brown, that the statute labor of Dr. Hird for attendance on Carpenter family, be referred to Coun. Harper with power.—Carried.

Moved by Wickens and Brown, that

as it has been represented to members of this Council that a man by the name of John Patterson has suggested a serious accident and is in need of public support, this matter is therefore referred to Coun. Irwin to investigate with power.—Carried.

A number of accounts were ordered

to be paid.

Meeting adjourned.

A. McARTHUR, Clerk.

District Doings

FLORENCE.

There is more show for an ice harvest since our cold snap.

H. F. Jerome, proprietor of the Quill, and family, moved back to our midst last week.

Miss Edna Law is visiting relatives at Chatham, Blenheim and other points.

Mr. Abraham has accepted a position with the R. Calderwood Co.

Mrs. Charteris, of Chatham, is spending a short time with her parents, Mr. and Mrs. John Webster.

Mrs. J. C. Ellison and son Fred, have returned home after a month's visit with her parents at Bellevue, Ky.

Mr. James MacIntyre attended the funeral of his father at Wardsville Saturday, the 26th ult.

Delicate Children

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated. We have no secrets! We publish the formulas of all our medicines.

J. C. Ayer & Co., Lowell, Mass.

Wickens, of the 4th Div., with power

to do in the matter what they consider to be in the best interest of the Tp.—Carried.

Moved by Brown and Irwin, that

the complaint of Ham. McGee and Alex. Williston, re the dangerous condition for public travel of the 2nd Con. road, opposite lot 7, be referred to Coun. Harper and the reeve to do in the matter what they consider to be in the best interest of the Tp.—Carried.

Moved by Wickens and Brown, that

the statute labor of Dr. Hird for attendance on Carpenter family, be referred to Coun. Harper with power.—Carried.

Moved by Irwin and Brown, that

the statute labor of Dr. Hird for attendance on Carpenter family, be referred to Coun. Harper with power.—Carried.

Moved by Wickens and Brown, that the statute labor of Dr. Hird for attendance on Carpenter family, be referred to Coun. Harper with power.—Carried.

A number of accounts were ordered

to be paid.

Meeting adjourned.

A. McARTHUR, Clerk.

AFRAID OF STRONG MEDICINES.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had simply by applying Chamberlain's Pain Balm and without taking any medicine internally. Rev. Amos Parker of Magnolia, North Carolina, suffered for eight years with a lame hip, due to severe rheumatic pains. He has been permanently cured by the free application of Chamberlain's Pain Balm. For sale by all druggists.

Never put off till to-morrow.
