CHURCH AND STATE.

After Long Fight French Chamber of Deputies Passes Momentous Bill Amid Intense Excitement.

Paris, July 4.—The bill for the ser

Paris, July 4.4—The bill for the separation of church and state passed the Chamber of Deputies late last night by the decisive vote of 341 to 233. The result was greeted by Governmental cheers and Opposition hisses, and there was intense excitement.

The system swept away by this bill dates from 1801, when the famous "concordat" was signed by Pius the Seventh and Napaleon. This gave religion governmental status, the churches being Government property with the clergy paid by the state and the entire church administration being under the church administration being under the direction of a member of the President's Cabinet. The new system abolishes all laws and regulations under the concordat and terminates the authority of the concordat itself. · Quebec, July 1.—Countess Grey, Lady Evelyn Grey, Lady Parker, Lord Bury and Capt. Newton yesterday visited St. Anne de Beaupre, where they were shown the large relic of St. Anne and the souvenirs. They also visited the Original chapel and sacred stairs.

Fish Trust Surrenders.

Sault Ste. Marte, July 4.—Acting or a petition setting forth the grievances of the people have contacted. of the people here against Booth & Co., the alleged fish "trust," Hon. J. O. Reaume refused the company a license to fish in the Canadian waters of Lake Superior. When it was found that this would result in two hundred a life contract to leisure.

In late years men have made fortunes out of the tailings of gold mines. The mills in which the ore formerly was orushed and the crude processes then in use allowed a large percentage of the precious metal to escape, and that loss amounted in some cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and waste of much of the precious nutriment contained in the food. That loss, when continuous, means the loss of man's greatest fortune—health Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery. It corrects the "weakness" of the stomach, prevents waste and loss of nourishment, and puts the stomach and organs of digestion and nutrition into a condition of health which enables them to save and assimilate all the nutriment contained in the food which is eaten. In all cases of constipation the use of Dr. Pierce's Pleasant Pellets will speedily and permanently cure the disease. or more men being thrown out of em or more men being thrown out or employment here a counter petition was signed by Mayor Plummer and manyothers asking that the company be given fishing rights west of Pancake Bay. As a result of the drastic action taken by the administration it is claimed that the alleged fish trust has completely surrendered to the people.
