Our Fredericton Friends Abroad

We have received a letter from Mr. E. H Allau who left this city a few weeks ago. It is dated "Calfornia, Nov. I. Mr. Ailen says among other things:

"This is a great cour try; it surpasses what. one to the East could conceive of. Everything seems more gigantic than over East You commence with the boundless prairies: the unceasing hum of business; then the human tide that is ever setting across the continent each way. Everything seems to be done \$26.765.24." differently from the provincial style,

I think I will like the country well. I leave for Portland to-morrow.

The Peds.

ering the state of the weather the attendance was very good. In the 10-mile Running Race the competitors were Toner, Seymour, Steves and Mc Millan. The last-named proved the most speedy, and won in 1 hour, 5 minutes and 29 seconds, Seymour second. Toner gave To the Editor of the STAR. out before the race was over. The five mile Race brought out as contestants Russell, Lottimer, Ryan, McLaren and Devitt, who reached the finishing post in the order named. Time. named Lottimer. Time, 14.08

OUR EUROPEAN LETTER.

[FROM OUR REGULAR CORRESPONDENT.] LONDON, ENG., Nov. 1, 1879. London is beginning to wake up. The dulness of the dull period is almost -The boat house of St. Ann's Rowing Club at an end, and signs are now apparent has been towed up to Hi'l & Berry's wharf, of an approaching Autumn and Winter -We regret to learn that our esteemed citi- season. A century ago London was the months, and Parliament sat for a few trouble themselves about the chase; and mighty hunters had no ambition to make understood thing that every one who aspires to play a part must shine, more or less conspicuously, in every department of life. He must have a seat in Parliament, he must hunt, he must keep a yacht, he must show himself in fashion able assemblies, he must have a sent at l up and we quote:—

"Having no iced in your columns some accounts of big crops in different sections of the province. I have thought it worth while to say a few words in regard to crops in this part. Having run a threshing machine for a length of time, I have a pretty exact idea of grain who has the ability to do his duty, and is not afract to do it. Within a few days he will start on his tour of inspection.

Bringing Coal to Newcastle.

Mr. R. A. Esty, of this city, has imported a schooner load of lumber from \$1. John, and now offers it for saie at his yard. This is some thing hitherto unknown in the history of the present year; the high price of flour acting as a stimulant for their exertions, but may be accounted for by the content of the present year; the high price of flour acting as a stimulant for their exertions, but may be accounted for by the content of the present year; the high price of flour acting as a stimulant for their exertions, but may be accounted for by the content of the present year; the high price of flour acting as a stimulant for their exertions, but may be accounted for by the counter of which is to be done that of the present year; the high price of flour acting as a stimulant for their exertions.

They have harvested on an average shout 75 to 80 bushels of the grain, equal in quality to about the same number of bushels, with large quantities of turnlys and carrots. Preparations are now being made for another year with a view of increasing the amount of wheat to double that of the present year; the high price of flour acting as a stimulant for their exertions.

They have have a seat at the opera. The year is so partitio ed out that he may do all these things at appointed times; and it being impossible to hunt and shoot until after the country been until after the country while the crops. Our farmers have entered quite larget the opera. The year is so partition at the opera. The present seat at the opera. The province and the opera. The province at the opera. The province time of times the opera. The year is so partitio ed the lowest or any of the tenders. comparitively important occupation are themselves with the slaughter of wild animals. There are women, no doubt, who hunt, and there are women who

> me down men on their account that ladies go into the coverts; and there are, fortunately, a good many ladies who do not consider this very active form of sport worth undertaking. What interest, then, can the country possibly have for them during the Winter months? Absolutely none; and as it is much easier than it was in former days to get to London, they insist, in a This city swarms with sinister for at one of the dirt-begrimed, garlic-suf-tused restaurants about Leicester Square or Soho.
