HOW TO BEAUTIFY NEWCASTLE

"How to Beautify Newcastle." That's the name of a new department that will be opened in The Advocate. Its object will be to assist in a scheme to make a more beautiful town in which to live. Letters will be received and published in The Advocate.

What would be your suggestion in that respect? How have you managed to keep your lawn nice and clean and attractive? Write your ideas, and your letter will be published through this new department.

Editor of the Advocate:
Dear Sir: As a suggestion to your new department would say it would be a good idea for every citizen to clean up the ash-heaps in his backyard that has been piling up during the winter, and have it hauled to the dump. I intend following this suggestion myself.

YOURS TRULY.
Editor Advocate:
Seeing your new department, How to beautify Newcastle, I thought perhaps the following might fitly come under that heading.

There are a number of dilapidated buildings in Newcastle that tend to spoil the appearance of the town and also reflecting on the owners thereof. For instance there is the W. C. T. U. hall on Mitchell Street. It presents a very forlorn appearance, with its shattered windows, fence broken down and carried away, gate missing, yard used for standing horses in, door of hall broken open, chairs taken out, and altogether it is a blot on the street in which it is situated as well as on the society to which it belongs. The members of the Union had it resingled about two years ago and since then have had all broken windows repaired, only to have them broken again by boys who do not seem to realize the harm they do.

Many in the town can look back to the time when this hall was a veritable blessing, where many loved and honored friends, some of whom are today only living in the minds and hearts of the people, spent ungrudgingly of their time and substance in working here for the good of others. Let us perpetuate their memory by reclaiming this building and grounds, and so make it again useful and also ornamental. This can be done—let us do it.

Editor Advocate:
Dear Sir:—The new department you have opened up in your paper, "How to beautify Newcastle," I believe is a good one, and if an interest can be created among the town's citizens along this line and suggestions offered in this department, much good would result therefrom.

There is no doubt in the matter at all that Newcastle can and should be made more beautiful. The general cleaning up the town got last year on clean-up day is good evidence of what can be done by a little work. Another day that should be fittingly observed, both in town and country, is Arbor Day, which should be a general holiday, for Arboral and clean-up purposes. The following clippings, taken from Conservation, might bring out a few suggestions for the beautifying of our town and country districts:

"In Canadian schools it has been the custom for years to observe Arbor Day in a greater or less degree. This custom should receive increased attention from educational bodies and the general public, for the country has a great need for the planting of more trees and shrubs, both in school and residential grounds. Canada is so dependent upon her forests that any measures which may be taken to extend the knowledge of the pupils respecting trees and the need for their protection will serve a useful purpose.

In each of the provinces, with the exception of British Columbia, provision is made for the celebration of Arbor Day. In most provinces it is a public school celebration only, the regulations requiring its observance by the planting of trees and shrubs in school grounds. It should be made a public holiday, instead of being confined to the schools, and the scope of its observance should include the annual clean-up, particularly as it is usually celebrated early in May. In this way, more general interest would be aroused in the work, and greater results secured, from an arboreal as well as an artistic and sanitary standpoint.

Trusting you will receive many good suggestions for your new department, and that you will keep the good work up of booming Newcastle, I remain,

The Man That Was Whippet Awa'

A Glasgow friend gives me (writes the London correspondent of the "Manchester Guardian") this account of a little tailor who, despite a stiff arm, was working away expertly at his trade. His story was:—"I was just whippet awa', I had three days to go till I was out of the Reserve when I got one of you blue papers tellin' me to report myself at Hamilton Barracks. I put it in the fire, as by then I would be out of my time. The next night, when I was at the close-mouth takin' my smoke, a man came up to me and said 'Are you MacCallister?' and I said, 'Whit about it?' and he said that there would be plenty about it if I didn't report myself at Hamilton Barracks in six hours. So, whippet awa' in two hours to Hamilton Barracks, and in six hours more had my kit on my back, and in a train was awa' about England. In twenty hours I was in a place they call Southampton, and in thirty hours after that I was in France, near a place that's called Mons. There were a lot of bent faces in the place where I was put and they cried out—'Ho, MacCallister that's you!' Noo, take your rifle and fight for your King and country! But before I had time to turn round I found I was fighting for my rosy life. 'King and country, indeed,' thinks I. I hadna been fightin' an' oor when they got me on the shoulder wi' shrapnel, and the next I knew I was in Stobhill Barracks—Stobhill Barracks mind you, and that no' many miles from where I bide—and the upshot of it was that they let me oot, and told me I would be all right for my tread, but no use for the sogering again. And here am I, back at my tread tailoring ten days after I was whippet awa'. I canno' think that it was to me that a' this happened. It seemed as if it was a somebody else, and no' me. And, mind you, I never saw a German."

Synopsis of Canadian Northwest Land Regulations

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties: Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3 per acre.

Duties: Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3 per acre. Duties: Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Timely Topics ON PRINTING

FINE PRINTING IS AN ART

Do you know good printing?
Do you like good printing?
Do you know that it always pays to have the BETTER kind?
Perhaps you have been used to the one class of printing and know no other.
If this is so, it is time for you to have a look around and investigate and see what's what.
Do you know you do not have to go any farther away than Newcastle to obtain the BETTER class of printing.
Perhaps you have not given it a thought, but a great deal depends on the stock used in order to get a BETTER job. Investigate this.
Last, but not the least, do you know that The Advocate Job Department turns out only this BETTER class of work. If you will read on a little further, we will tell you how and why.

1st—We cater to that class of people who use only the best stock, and who know what BETTER printing is.

2nd—In order to give these customers the class of work they want, we have to keep in stock only the best grades of material. We do not handle cheap lines.

3rd—In order, again, to be able to turn out that BETTER class of printing, we employ only experienced and competent printers, who keep abreast of the times and watch the styles.

4th—What is as important as the above is equipment. If The Advocate Job Department was not fitted out as it is, with the most modern machinery and the very latest in type faces, it could not handle the fast growing trade, that has developed in the past year, of turning out that BETTER class of printing. Only the best inks are used, because this is necessary when high grade stock is used.

Now, Mr. Business Man, if you will read the above over carefully, see how your supply stands, then get in touch with this office, we feel sure you will become a customer. Give up that old-fashioned notion that first class printing comes only from the large city printing offices. As a matter of fact, the reverse is the case, and prices are invariably lower.

REMEMBER THAT WE DO ALL KINDS OF PRINTING

For commercial use, we have superior grades of Letter, Note and Bill Head Stock, at prices and quality to suit any business and any purse. Our prices range from \$2.50 to \$4.00 per thousand for Letter Heads, and from \$2.50 to \$3.25 per thousand for Envelopes. Our Envelopes are the same material as our papers, and therefore match. We are always pleased to submit samples of stock, and prices, on application.

More Business IS WHAT WE WANT

You want the work—we want to do it for you. We have just the grade of paper you want, so why not let us get together in a co-operative way and make a strong pull for increased business—more business than usual.
