## SIR SAM HUGHES LEAVES \$800,000

Sir Sam Hughes "the Kitchener of Canada," and former minister of Militia, when he died, left an estate worth \$800,000. A year before his death, he liquidated all his stock holdings and invested in victory bonds, so that by far the largest portion of his estate, is represented in that way. He also held real estate and coal lands in the West.

The whole estate is divided among Lady Hughes, the son, General Garnet Hughes, now in England, and the two daughters, Mrs. Byron Greene of Toronto and Miss Aileen at home.

The history of his work during the Great War, placed him in the front rank, as a Military Organizer. His loyalty to Canada, and the Empire remains as an epitaph, which will keep his name unforgotten in the annals of the Dominion. The name of "Sam Hughes" is stamped forever on its pages. Canadian History would be incomplete without it.

## RUSH OF TRAVEL AT XMAS SEASON

### Heavy Travel Looked for by Canadian National Railways

### Western People for the Old Country.

The Christmas Season is the time of travel. "Home for Christmas" is a custom that has come down to us through the ages. In the old days it was the stage coach. Now it is the solid steel trains of our great Transcontinental Railways that annihilate distance and make a long journey a period of comfort and pleasure.

The Christmas rush to the old country is already over. A few days ago a special train of tourist cars and standard sleepers passed through Moncton en route to Halifax, filled with people from Western Canada, who sailed from Halifax for England.

Nearly all were British born Canadians, some of whom were making their first trip to the old land since they left it. From Winnipeg this special carried them to Halifax over the lines of the Canadian National Railways—the "National Way from Ocean to Ocean." The train equipment was of the finest—the tourist cars being of most modern type and the standard sleepers the acme of comfort. They had made the journey in record time and all were delighted with the fine train service afforded them.

Christmas this year happening on Sunday, with Monday observed as a holiday, gives an opportunity of an extra day for a week-end trip, and this is being taken advantage of by many. A large flow of local travel is being looked for, and the Canadian National Railways are making every preparation to handle the expected rush.

Enquiries at ticket offices and consequent reservations also show that there is to be considerable travel between East and West, and from coast to coast. The through services of the Canadian National offer splendid opportunities for those who desire the quickest and most comfortable journey. From the Maritime Provinces the finest of train service is afforded to Montreal, where connection is made with the famous "Continental Limited" leaving Bonaventure Station at 9.00 p. m. daily, for Ottawa, North Bay, Cochrane, Winnipeg, Saskatoon, Edmonton and Vancouver.

At Montreal connections are made by the Grand Trunk train for Toronto and at Toronto with the famous express "The National" for Parry Sound, Sudbury, Port Arthur, Fort William, Winnipeg, Saskatoon, Edmonton and Vancouver.

Connections at Quebec are made with the Transcontinental train which connects at Cochrane with the Continental Limited. All these through trains are the very finest in their appointments and assure the traveller of the most delightful journey.

What is therefore more fitting for Canadians than a trip through Canada—across Canada's National Highway, by the trains de luxe of the Canadian National Railways.

### MANY GLAD HEARTS

On Saturday morning Captain and Mrs. Goodwin of the Salvation Army commenced their collection for the Christmas program. Up to date the collection has been most gratifying, and as a result many troubled hearts have already been made glad. One poor little fellow received from Captain Goodwin a pair of felt boots and it did one's heart good to see the expression of appreciation which this little fellow's face carried. This is the kind of good work the Salvation Army is doing and it is deserving of the public's patronage. On Saturday the collection amounted to \$50.40.

### NOT SO EASY

The Liberal press is continuing their denial that MacKenzie King has a free hand in selecting Cabinet members. The people are quick to note Quebec domination, and are not to be misled by effusive despatches to the contrary. It is understood that Mr. Meighen has already notified the Governor-General that he is ready to relinquish office, but has been asked to continue in office until Mr. King is ready with his cabinet. Apparently Mr. King is not having such an easy time of it as the Liberal Press would like the people to believe.

### ANOTHER FIGHT COMING

Carpenter is getting ready again, time for a bout with George Cook, on January 12. As far as Carpenter's condition is concerned, Descamps declares that there is nothing to the rumors that he was so badly punished in the Dempsey bout that he will never be able to reach top form again. But only Carpenter and his immediate official family really know the truth of his condition. The fight with Cook will tell the story.

### TWO REAL WORKERS

The many friends of Capt. and Mrs. Goodwin of the local Salvation Army Corps are pleased to see them once more, able to attend to their many duties, after their severe shaking up received in the overturning of their sleigh near the railway crossing a week ago. The genial Captain and his wife since making Newcastle their home have made many admiring friends and the good work done by them since coming here is appreciated by the entire community. The calls for assistance and help, demanded of them make the local officers two of the busiest people in our midst and the sincerity and promptness in which they go about their work speaks most highly for them in doing their Master's work. On election day a drum head collection was taken at the Court House and the substantial sum of \$50.01 was collected. Last week the Lord Beaverbrook Chapter I. O. D. E. subscribed the handsome donation of \$50.00 to these two officers to assist them in the work which they purpose doing at Christmas for the poor and needy. Donations of this kind are most gratefully received and coming from an organization such as the I. O. D. E. proves beyond the shadow of a doubt that the local officers and the Salvation Army are recognized as being better fitted in more ways than one to dispense moneys for those in need. During this week a collection for Christmas charitable work is being taken up by the energetic Captain and his wife and no doubt they will receive the hearty cooperation and help of all good citizens. Captain and Mrs. Goodwin have a heavy program mapped out for Christmas and in order to make a success of it will require the public's assistance. We bespeak for them the hearty co-operation of all, knowing that the local Salvation Army officers will put every cent received to a useful purpose, which in turn will further help to roll the old chariot along.

Connections at Quebec are made with the Transcontinental train which connects at Cochrane with the Continental Limited. All these through trains are the very finest in their appointments and assure the traveller of the most delightful journey.

What is therefore more fitting for Canadians than a trip through Canada—across Canada's National Highway, by the trains de luxe of the Canadian National Railways.
