## Two-Party Line Telephone Service

NECESSARY curtailment of new construction during the war, followed by the unprecedented development since the armistice, have resulted in a universal shortage of telephone material.

In order to utilize our supply of equipment to the best advantage, to reduce delay in installations to a minimum and to avoid refusing service to anyone, we ask those intending to order telephones to consider the advantages of Two-Party Line Service.

With the central energy system in use here the operator can ring either of the telephones on a two-party line without disturbing the other. The cost to the user is substantially lower than for individual line service.

The rate for two-party line service is, for Business telephones \$30.80 and for Residence \$22.00 per annum.

We will be glad to furnish full information to anyone interested.

houses. It was a mournful thing, she said, if Canadian children are so shabby and empty headed that nothing but the present day movie theatre will amuse them.

Mrs. Henderson drew attention to the changing conditions in every country since the war, and gave it as her opinion that the nations are not looking to the interests of the masses. This must change. The common people are waking up and demanding rights which are theirs.

This was evident in the case of the cotton textile industry wherein it was shown in England that there is a profit of as much as 3200 per cent and the government confessed that it could do nothing when the question was brought up in the House of Commons.

Cotton is something more dear to the common run of humanity than anything else perhaps. Everybody uses it, yet the industry has been allowed to get into the hands of a few profiteers and the public pays the bill. It was stated in England that much of the huge profit goes to the middle man in Canada and before the Board of Commerce a textile manufacturer had not sought to excuse the big profits. He said he was not in the business for charity. Mrs. Henderson said the remedy for many abuses such as that was in the hands of the women of Canada, who, if they only go about it is the right way can accomplish a great deal.

She said it would be quite in order for the women to send their congratulations to the members of the Ontario legislature who have introduced the Mother's Pensions Plan. They would appreciate the kindly word she was certain. She felt that the great human force of international motherhood and womanhood if used in the natural way would make this an ideal world to live in.

Charges made against a Kitchener undertaker in connection with the death of William Walter Smallbeck, late of 59 Barber Avenue, Toronto, will be the subject of an official investigation to be conducted today by William Speer's Undertaking parlors, 2926 Dundas Street West, Toronto, by Col. J. S. Menish, of Guelph. The charges are that the body of Pte. Smallbeck, who died about a week ago in a military hospital in Kitchener, was not embalmed, and that the coffin in which the remains were shipped to Toronto was of the cheapest kind possible to obtain, and not in accordance with the requirements of the Government for the burial of returned soldiers.

Jesse Gibbons, formerly a hotel proprietor at Owen Sound, Bothwell, Cassen and Meaford, died suddenly at Meaford, aged seventy five.

## Woman's Best Laxative

Proved Every Day That Dr. Hamilton's Pills Are Just Right for Women's Ills.

Little wonder woman suffers so much from constipation. She always hesitates, continually puts off taking medicine.

Of course a woman's system is delicate, is easily injured by drastic purgatives. Bitter experience with harsh medicines makes her cautious and to her great injury, chronic sluggishness of the system is permitted.

Few pills are suited to the actual needs of woman — they are too strong.

But there is a good woman's laxative and it combines mildness with thoroughness of activity—it is known to the people of many nations as Dr. Hamilton's Pills, which never gripe, never cause nausea and are safe to use no matter what the conditions of strength or circumstances of health may be. A naturalness and regularity of the system, so important to every woman, is quickly acquired by the regular use of Dr. Hamilton's Pills. As a health bringer, as a tonic laxative, as an all round ladies' medicine there is positively nothing so efficacious as Dr. Hamilton's Pills of Mandrake and Butternut, 25¢ per box, at all dealers.

## Rub Backache Away.

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, limeness and stiffness so quickly. You simply rub it on and

out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

Hostetter, 16 Welland Ave. After a short service at the house the remains were conveyed to St. George's Anglican Church where the Rev. J. M. McKenzie Naughton conducted the service and also officiated at the grave side. The following friends of the deceased acted as bearers: Ernest Hughes, C. Hooper, George Stewart, F. Stewart, John Malloy and Charles Goring. The remains were interred in Victoria Lawn Cemetery.

## Women Smoke As "Flu" Goes

Doctors in Convention Say There Will be No Recurrence of 1918-19 Epidemic and Advise Women Too Fond of Their Eggs.

CHICAGO, Feb. 27.—Madame, do you kiss your daughter at night to discover whether she has picked up the smoking habit along with khona sleeve blouses, winter oxfords, Robinson Crusoe party gowns and other twentieth century virtues and vices? Have you noticed an occasional theft from your own stock of cigarettes or fags she roll her own?

The American Congress on Internal Medicine, assembled here, advised mothers and daughters to "lay off the coffin-nails." If they do not, soon or later they will be found in the doctor's reception room with a worried look.

Delegates who have investigated the matter thoroughly say the increase in the smoking habit among women and girls is reaching alarming proportions.

Dr. Grenville Ryan, president of the Iowa Clinical Society, and a member of the Des Moines School Board, is thoroughly aroused over the smoking habit among high school girls.

## THE HORRIBLE ATROCITIES OF THE TURKS

Established 1859

## Eighty-five Girls Unfortunate to Have Been Freed

WASHINGTON, March 1.—The brutal of all Turkish atrocities was the massacre of ten thousand Armenians and the murder of eighty-five Armenian girls who were under the direct protection of an American mission house at Marash in Cilicia, Turkey—was reported yesterday to the state department.

The massacre took place after fighting between French and Turkish forces. The French were compelled to withdraw and the Turks despoiled the unprotected city and burnt the houses of the Armenians and the American college at Marash were destroyed upon when they offered to mediate between the Turks and the French.

They were told it was a national and not a local affair.

It is believed here that all Americans are out of danger and they understood to have left Marash with the French forces.

All the American government could consider the circumstances is to forward a protest to the Ottoman government through Admiral Mark Bristol, who is the American high commissioner to Turkey, and is stationed at Constantinople.

William Scull of Jordan was on Saturday chosen as the Union Farmers candidate for the Dominion Parliament at a largely attended convention of the U. F. O. T. convention was held in the Griffin family theatre which not having been used for weeks was almost 60 degrees temperature. The three hundred and fifty to four hundred men and women delegates—there were quite a number of the fair sex—sat muffled in the cars and shivered while Mr. Scull, the organizer recited the farmer platform for the Federal cause. The cold no doubt helped to force Hamilton Fleming of Grimshaw to bring in a resolution to the effect in view of the fact that H. A. T. Crear, leader of the Union Farmers had made no special reference to a fruit tariff in his new National policy and Lincoln County more interested in the fruit industry than any other county in Canada, nomination of a candidate be postponed.

Mr. Fleming stated that while blank in the platform of the Union Farmers favored a reciprocity with the United States which defied the Laurier government, it was a certain defeat for any candidate in Lincoln to come out in favor of the reciprocity pact.

William Scull, who acted as chairman, told Mr. Fleming plainly the convention had been called expressly to nominate a candidate and nominate one they would. The Fleming resolution had few supporters. A delegate wanted to know what was the use of having a candidate before they knew what he is to stand for.

The chairman stated that the candidate would have to pledge himself to support most of the Crear program. He said the Union Government would probably try to hang on
