

My Rosary.

O string of pearls, my rosary, What comfort thou dost give to me!

When to my Lord I wish to pray, Or to His own sweet mother dear,

For every wish of my poor heart Is borne to that of Jesus sweet,

For then 'tis Mary pleads for me, And sad or joyful though it be,

The cross is there where hangs my Love, To prove the faith which I profess

Our Father; first I call on Him, I pray as even Jesus prayed,

Then Mary's pearls I count in turn, And whisper Aves one by one,

As through my fingers slip the beads, I seem to see sweet Mary's face,

I ask through her the Saviour's grace, I always love to think her near

When e'er my heart has weary grown, In all my doubts to her I flee,

The glories of the Trinity, Then also do I grateful sing,

The joys and sorrows of my Queen, The glories, too, which she has felt,

And when through Death's dark gate I've passed, God grant that Mary's face I'll see;

And at her feet I'll kneel at last, To offer her my rosary.

-S. H. Review.

Ottawa Weekly Letter.

THE WEEK IN PARLIAMENT.

The week in Parliament was marked by an adjournment from Tuesday to Thursday as a token of respect to the late Sir Oliver Mowat.

The budget debate was continued. Sir Richard Cartwright disowned all his past pledges by claiming that it was the duty of the government to first see that the country was prosperous.

Mr. Caslon, at the solicitation of Sir Wilfrid Laurier, revived the agitation for reciprocity with the United States.

Hon. J. Israel Tarte made a strong attack on the government and declared that while the cabinet was advocating Free Trade in the open, they arranged in a secret deal with the manufacturers to maintain a high tariff.

Mr. James Clancy, the Conservative member for Bothwell, clearly shows that the government intends to make a dead set in favor of reciprocity with the United States.

Mr. Dwyer, Liberal, also supported the reciprocity scheme and submitted that the west did not care for home markets.

Dr. Sproule, Conservative member for East Grey, made a strong attack on the extravagance of the present administration and showed how the expenditure had grown to an undue extent.

A BROAD CANADIAN POLICY.

Mr. B. L. Borden, the leader of the Conservative party, in what is admitted by Liberals to have been one of the finest speeches ever delivered on the Canadian stage, laid down a broad and patriotic policy for the development of this country.

Mr. Dwyer, Liberal, also supported the reciprocity scheme and submitted that the west did not care for home markets.

Dr. Sproule, Conservative member for East Grey, made a strong attack on the extravagance of the present administration and showed how the expenditure had grown to an undue extent.

Mr. B. L. Borden, the leader of the Conservative party, in what is admitted by Liberals to have been one of the finest speeches ever delivered on the Canadian stage, laid down a broad and patriotic policy for the development of this country.

Mr. Dwyer, Liberal, also supported the reciprocity scheme and submitted that the west did not care for home markets.

Mr. Dwyer, Liberal, also supported the reciprocity scheme and submitted that the west did not care for home markets.

terially assisted her western brethren and is willing to go further in extending legitimate aid in the way of forwarding facilities. This is only common justice, but it shows beneath the surface a strong desire to make a nation out of the Dominion. That is exactly what Mr. Borden aims to accomplish, and he calls for a tariff which will meet the wishes of all classes and bring them to a desire to see, not the development of any particular section, but the growth of what will be truly national. He speaks for a policy which, having regard for the interests of the motherland and the empire, will first conserve the welfare of Canada. Mr. Borden has taken a comprehensive and statesmanlike view of our conditions, and has made it plain that he is not a leader for the East or the West, but a Canadian in the fullest sense of the word. List us have less of the narrow gauge politics of the gentlemen in whose hands the government now lies and substitute to it an era such as Mr. Borden proposes.

PRAISE FOR MR. BORDEN.

The following appreciation of Mr. Borden's speech, in reply to Hon. Mr. Fielding, appears in Hon. Mr. Tarte's correspondence in La Patrie:

"The leader of the Opposition replied this afternoon to the Finance Minister, and he made, without contradiction, the best speech of his parliamentary career."

"He went straight to the point. He pronounced himself without any hesitation in favor of a protective policy for all of our national industries."

"You will do him this justice, I know, in putting his declaration before your readers, as it is of the first importance, that the citizens of Canada should give to this vital question of the tariff their best attention."

"Such a subject is away above party feeling for it remains to be seen what will do for the future."

"The past is past, and we must look out for the morrow."

"It is a splendid thing to see a public man give loyalty to the country the result of his reflections and his experience, with a view to develop the progress and increase the happiness and prosperity of the nation."

"Mr. Borden expressed in the most energetic manner the opinion that we can, and that we should, manufacture here a large proportion of the things which we buy abroad."

"It seems to me that there can be no doubt on this point, and it appears to be the strongest thing possible that there are those who refuse to see matters in this light."

ALL FORMER CONTENTIONS ABANDONED.

The Liberal party has gone back on everything it said in favor of the B-Bish preference, and has come out boldly for its abrogation unless Great Britain is prepared to concede to Canadian wares a mutual preference. This is one of the most surprising of a surprising series of somersaults which has brought the whole Liberal party into direct opposition to all the principles it laid down up to 1897.

The free gift offered the Motherland in return for the splendid freedom bestowed on Canadians is now a menace to our industrial life. The men who boasted that they would not insult the home authorities by hooking for a mutual preference, and who voted down resolutions favoring it, were on their way a few months ago praying for just such a concession. Now, by undignified threats, they seek to force the hand of the Imperial parliament. At the same moment they are negotiating with the United States with a view to reopening the question of reciprocity. The British preference ceases to have force in securing support for Sir Wilfrid Laurier, and his patriotism is exhausted. His first love, the United States, still provides temptation that is irresistible. England has no longer any charm for the Liberal leader, now that he has his "tin pot" title and his Cobden medal. However, it will be to Sir Wilfrid's advantage to stay his hand in his crusade of Canada for the Americans, and see to the policy of "Canada for Canadian."

Mr. Dwyer, Liberal, also supported the reciprocity scheme and submitted that the west did not care for home markets.

Dr. Sproule, Conservative member for East Grey, made a strong attack on the extravagance of the present administration and showed how the expenditure had grown to an undue extent.

PROGRESSIVE CONSERVATIVE POLICY.

"Sir, it seems to me that our policy in Canada should be to embrace the following subjects:

"1. To so arrange our tariff that all legitimate industries at present established in this country should be as protected as to insure as far as possible permanency under conditions of depression as well as in times of commercial expansion."

"2. To invite capital and attract labor to the establishment of other industries which the resources and raw material of our country amply justify."

"3. To preserve by means of an adequately protective tariff our own home market for our own people and to have the policy of the Government so declared and understood."

"4. In framing our tariff to have regard solely to the interests of Canada which have been committed to our charge, although recognizing that in consulting our own interests we must not be unmindful of the tariffs raised against us by other countries."

"5. To so frame our fiscal policy that labor in Canada shall be paid a fair living wage remembering always that our laboring classes and, therefore, our producers and manufacturers cannot be expected to compete on even terms with countries in which the condition of life among the laboring classes is altogether different. We do not desire to reduce our laboring population to the low standard of living, to that hard, fierce struggle for existence. We do not want our laboring classes to compete without protection against the pauper labor of any country."

"6. To utilize the labor of our people in the conversion of our own raw material into finished products required for use in our country. It is surely bad policy to export our raw material, to send our laboring classes abroad to find work in its manufacturing, and to send after both our money to pay for the finished product."

"7. To so frame our fiscal policy that labor in Canada shall be paid a fair living wage remembering always that our laboring classes and, therefore, our producers and manufacturers cannot be expected to compete on even terms with countries in which the condition of life among the laboring classes is altogether different. We do not desire to reduce our laboring population to the low standard of living, to that hard, fierce struggle for existence. We do not want our laboring classes to compete without protection against the pauper labor of any country."

"8. To utilize the labor of our people in the conversion of our own raw material into finished products required for use in our country. It is surely bad policy to export our raw material, to send our laboring classes abroad to find work in its manufacturing, and to send after both our money to pay for the finished product."

"9. To so frame our fiscal policy that labor in Canada shall be paid a fair living wage remembering always that our laboring classes and, therefore, our producers and manufacturers cannot be expected to compete on even terms with countries in which the condition of life among the laboring classes is altogether different. We do not desire to reduce our laboring population to the low standard of living, to that hard, fierce struggle for existence. We do not want our laboring classes to compete without protection against the pauper labor of any country."

"10. To utilize the labor of our people in the conversion of our own raw material into finished products required for use in our country. It is surely bad policy to export our raw material, to send our laboring classes abroad to find work in its manufacturing, and to send after both our money to pay for the finished product."

"11. To so frame our fiscal policy that labor in Canada shall be paid a fair living wage remembering always that our laboring classes and, therefore, our producers and manufacturers cannot be expected to compete on even terms with countries in which the condition of life among the laboring classes is altogether different. JUST A COLD SETTLED IN THE KIDNEYS, BUT IT TURNED TO DROPSY.

IT WAS CURED BY DOAN'S KIDNEY PILLS.

Read This Wonderful Cure. It May Do You or Your Friends Some Good to Know About It.

Miss Agnes Creelman, Upper Smithfield, N.S., writes:—About 18 months ago I caught cold. It settled in my kidneys, and finally turned into Dropsy. My face, limbs, and feet were very much bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try DOAN'S KIDNEY PILLS, and before I had used half a box I could notice an improvement, and the one box completely cured me. I have never been troubled with it since, thanks to DOAN'S KIDNEY PILLS.

Price 50c. per box, or 3 boxes for \$1.25; all dealers, or The Doan Kidney Pill Co., Toronto, Ont.

MISCELLANEOUS

Ohlly—I'd like to be a judge. They have nothing to do but sit on the bench and look wise.

Molly—Well, you could sit on the bench all right.

The essential lung-healing principle of the pine tree has finally been successfully separated and refined into a perfect cough medicine—Dr. Wood's Norway Pine Syrup. Sold by all dealers on a guarantee of satisfaction. Price 25 cents.

Spring Medicine. As a spring medicine Burdock Blood Bitters has no equal. It tones up the system and removes all impurities from the blood, and takes away that tired, weary feeling so prevalent in the spring.

Sockson Buskin—How did you like my Hamlet? Old Stager—Oh, it was your Hamlet, was it? Well, I did not recognize it as Shakespeare's.

The Ladie's Favorite. Laxa-Liver Pills are the ladies' favorite medicine. They cure Constipation, Sick Headache, Biliousness, and Dyspepsia without gripping purging or sicking.

Hodge—You mean to say that Christian Science cured you? Fodge—Sure! Hodge—Of appendicitis? Fodge—No. Of Christian Science.

Many people say they are "all nerves," easily startled or upset, easily worried and irritated. Milburn's Heart and Nerve Pills are just the remedy such people require. They restore perfect harmony of the nerve centres and give new nerve force to shattered nervous systems.

Miss Ann Teak—One of my greatest treasures is a five-cent piece which was given to me brand new from the mint on my fifth birthday.

Miss Speitz—I suppose old coins like that do become very valuable.
