The testimonial given by the citizens of Carried upon a division by a putation which visited Hamilton in the Carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon a division by a putation which visited Hamilton in the carried upon the citizens of the last division by a putation which visited Hamilton in the carried upon the citizens of t

| The content of the

The suffering among the persons lately burned out in the Ottawa district, during the late severe cold weather, has been very great. The wooden houses in which they save reput up so hurriedly as to be incapable of affording proper shelter.

London and Port Stanley Railway is prospering.

The British Columbian delegates will be here the latter end of next menth.

is Macdonald, the clauss stood over for consideration.

On clause four, Mr Blake said this would create a close corporation.

HAVANA, Jan. 23.—An encounter took place in the Pacific, the exact locality not being given, about the 20th of Dec., last, and the constant frequency of the property of the pro

A bar of gold worth about \$5 000 was brought to Halifax city last week from the Montague Mines.
