## Can't Afford Luxuries.

Editor Evening Telegram.

Dear Sir,—In a recent issue of the Plaindealer, I notice prominence is given to the profits of skippers of fishing vessels, and the quality of food supplied to the fishermen. Exceptions admitted, skippers cannot afford luxuries on a fishing voyage. The skippers had to put in several hundreds of dollars, or to undergo privations, inconveniences and hardships before obtaining command as owner. In the meantime credit from merchant, alternate falling fisheries, annual expenses of vessel, boats, traps, gear, to say nothing of labor every winter preparing for the coming season debars entirely indulgence of luxuries.

I wish to tell his informant that when he says a box of raisins is sometimes thrown on board to "tote" men, he does nothing more than prove himself to be one of the most narrow-minded men in existence, and one can only conclude that he "totes" well with dried fruit or he would not follow it so easily, and further, I tell

him plainly they'll hear something more. Evidently the Plaindealer has but little following in its epicurean ideas, but the way he theorizes on the papping of this generation makes us look for the mystery of the knuckle-dusters of the early nineteenth century, who fed on bread and Indian meal. I wonder what kind of food he would prescribe for the rising generations. Not the kind we now call grub, no doubt, but such flavored stuffs richer than savory meat—yes, the real "gruberoo."

Perhaps you'll dub me "skipper." Ah, then, you only guess; I love salt pork and "dough-boys." Yours truly, I. T. S. Flat Island, B.B., April 16, 1910.

ARE YOUR HANDS CHAPPED? Soon they will crack open, perhaps fester and cause pain, this can be avoided by rubbing on Dr. Hamilton's Ointment. ## Shoal Harbour.

Editor Evening Telegram.

Dear Sir,—Your paper of the 8th inst. contains notes from Shoal Harbour from correspondent on Mission work, politics and local matters. It is to the latter we wish to refer. Your correspondent says the foundation of a Town Hall was laid to-day. The great event was celebrated by flying of flags. The facts are these: On Tuesday night, the 5th inst., a public meeting was called at the Methodist Parsonage. The object of the meeting was to consider the site for a new schoolhouse and to see what volunteer labor could be put in at once, as the people decided to commence work the next day. Two sites were suggested. A vote was taken on a piece of land near the old schoolhouse. The vote stood at seven. A vote was then taken for a site for the north, and was carried by a majority of seven. The Rev. E. Taylor was in the chair. A building committee was then appointed to take charge of the work, and they decided to commence in the morning. This has been carried out by from 12 to 18 volunteers, who have given their services free for a week to the neglect of their own homesteads. They stayed work yesterday waiting for lumber, which will arrive to-night by train, and to-morrow work will commence again, and if it is a good day by to-morrow evening it will be covered in. The ladies of this place, too, help on the work. They have formed a Mutual Endeavor Society and have received \$72.50 for this work. When Mr. W. D. Reid was here last fall the President spoke to him on this matter, and he very kindly promised two hundred and fifty dollars for a new school building. We hope with this amount and by straining every nerve we will be able to build and furnish this house without any Government grant.

## Found More Articles.

Since Michael Carew, who admitted stealing a lot of harness, etc., was remanded, the police have found some other goods hidden away and which it is thought he lifted. He had all but completed the sale of a carriage which he did not own, and was to receive the purchase money—\$80, when his arrest put a check to the transaction.

## Eminent Toronto Physicians Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me."

"I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit. "A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine is kept—it is so useful in minor ailments like earache, toothache, neuralgia, coughs, colds, lumbago, sciatica. I call Nerviline my "Life Guard," and urge all to try its merit." Dec. 17th, 113 Palmerston Avenue, Toronto.

Refuse anything else offered instead of Nerviline, 25c. per bottle, five for \$1.00. All dealers, or The Cataract House Co., Kingston, Ont.

## City Council Meeting.

The regular weekly meeting of the City Council took place last night. The petition of the residents of Freshwater Road for water and sewerage was favorably considered. An estimate of the cost of the work will be made.

Mr. Thomas Kelly was appointed to the position of appraiser, vacated by the appointment of Mr. Galway to the Post Office.

Mary Kelly will be permitted to build at the Cross Roads. She offered the house and site there to the Council for \$20,000 if they would secure a transference of the license. The price is too high for the Council to consider.

Mr. Kalem Noah sent in a complaint that a part of Plank Road is falling on his premises and he was greatly inconvenienced. The Council refuses to do anything to protect Mr. Noah's property, and says, in the words of the Secretary, "This is Mr. Noah's own business, to look after."

Mr. W. H. Peters sent in a letter saying that the wishes of the Council would be complied with in the matter of protecting the people from falling into the excavation at the site of the new building for the Deep Sea Mission.

Geo. Carter's request to have Renelle's Mill Road repaired was not complied with. A report will first have to be made on the condition of the road.

A report was ordered to be made on the application of W. R. McKillip to install a laundry machine in a building on Water Street near the Army and Navy Depot.

Jackman the Tailor applied for permission to install machinery at his new store. The Engineer will be asked to report.

The application of Mr. Haynes for water and sewerage will also be reported on.

James Thomas, of Freshwater Rd., sent in a plan of house he proposed to build. The Council passed it.

The ceiling of N. Muford's house did not satisfy the Council. The ceilings are not high enough.

The Engineer's report showed that the cost of connecting the water main on King's Road would be \$750, and the extension of water service from Cornwall Avenue to Pleasant Street would be about \$1,820.

Repairs will be made to Colonial Street also to the Mall and Gregory's Lane.

Householders who have defective plumbing will be notified to repair same at their own expense.

After some minor matters were disposed of the meeting closed at 10.30.

## Shannahan at Jumping at Conclusions.

Tucker and myself went into a retail store down town to-day to buy some pitch and other articles to get our boat ready for the fishery. We wanted to see the "head man" for our money was a kind of slack and we were anxious to drive a hard bargain. He passed us a few times and looked at us with a face that seemed to be out all night, and didn't appear to be anxious to do business with us. I spoke to one of the hands and asked him what torchlight procession walked over the boss. "Oh," said he, "there were two men just like ye in here to-day looking for a subscription. They said they lost a horse one day last fall and he thinks no doubt ye're the same fellows, come back again."

We laughed till we nearly broke off our suspenders, and when the boss came along again we approached him. He drew back from us like as if we had the new brand of smallpox, and said he hadn't time to talk to us, and suggested that we go interview the Minister of Agriculture. Tucker got mad and asked him who he was trying to take a lend of.

Ain't you ready to do business with us, asked Tucker? Ain't you paid to sell fishery supplies to men with money to pay for them?

Instantly his manner changed when he beheld the roll of notes in Tucker's hand. "Excuse me, men," said he, "I made a mistake for I thought you were the same two men who were in here this morning looking for assistance to get a horse."

"Is that so?" said Tucker, "well you should be more careful and not jump at conclusions so quickly. Thank goodness, we lost no horse, and if we 'd I wouldn't like to be depending on the like of you, for you haven't enough to give a copper to the blind organ man. You are ready to thaw out now," said Tucker, "when you see the greenbacks, but I wouldn't buy a tom-cod flogger from from you now, for you're no good."

This upstart was all apologies, but apologies of that kind don't go down with myself or Tucker. It's only another case of the many we meet in this town. Some people in it can see you a mile off when they want to see you but if they imagine you want any thing from them, they are ready either to walk on you with both feet or treat you with scorn. Men of this kind are

no good for King or country, but they should be careful before jumping at conclusions, for they never know when their pockets suffer. Kindness and civility bring their reward, and no man no matter how "well fixed" he is can afford to treat people by kicking them over the stairs. They are likely to get up again and pay you back in your own coin when you're least expecting it.

TIM SHANAHAN.

## THEY TOOK HIM OUT OF HIS BED

Dodd's Kidney Pills Cured Mr. F. McAuliffe's Lumbago.

Lachute man, after fourteen years suffering, finds health and strength in an old reliable Kidney remedy.

Lachute, Que., April 22-(Special).—After fourteen years of suffering which started from pleurisy, followed by dropsical swellings, and culminated in Lumbago, and confined him to his bed, Malachi F. McAuliffe, a well known resident of this place, has entirely recovered his health, and he says without hesitation, "I am sure I owe it entirely to Dodd's Kidney Pills."

"I was laid up with Pleurisy, which affected my kidneys," Mr. McAuliffe continues. "I suffered a great deal of pain, especially in my back. I was also terribly troubled with dropsical swellings, and finally, after many attempts to get rid of the trouble, I found myself compelled to give up and was confined to my bed with Lumbago. I tried many medicines but they failed to do me any good. Then I turned to Dodd's Kidney Pills, and after taking one box I felt greatly relieved. I took several more boxes and found myself completely cured."

Dodd's Kidney Pills always cure any and all forms of Kidney Diseases.
