

Good Old English Quality

And North American Style

In our Tailoring we couple the smarter style of the Western Hemisphere with the sterling quality of the English Cloth.

Good judges say that the "thoroughbred look" of CHAPLIN Clothes is intuitively recognized.

This season we have the real high-steppers and the most aristocratic curves and designs in our Summer Suit Models.

"Molassine" Meal

is as useful in Summer as in Winter.

"MOLASSINE" MEAL helps all animals to get greater nourishment out of their other foods and digest them.

Worms cannot exist in animals fed on "MOLASSINE" MEAL. It is therefore a necessity during the grazing season.

Successful Sale
of our
Maritime Nail Preferred Stock
in Newfoundland!

We are glad to inform the investing public generally that although it is barely six weeks since we introduced the 7 per cent. Cumulative Preferred Stock of the Maritime Nail Company, yet the Newfoundland sales to date have been very satisfactory.

In keeping with the conservative traditions of this firm, no sensational advertising was used, brief, dignified announcements have appeared daily in this paper calling attention to the desirable features of this attractive security and its 50 per cent. Stock Bonus.

These, coupled with our forty-year reputation of handling exclusively high-class securities, were sufficient to induce investors to purchase to such a large extent.

As our holdings of this issue are rapidly becoming depleted, we suggest that you promptly get in touch with our Special Representative, Mr. R. C. Power, who will be pleased to furnish complete information at his office or by mail.

ALWAYS MASTER OF THE ROAD.

Look for the Dunlop Traction Tread trail on asphalt and on mud. It's the "V" line to comfort. No chains; no skidding.

A WEATHERABLE TIRE.

It is just weather like we get here in Newfoundland that gives Dunlop Traction Tread Tires a chance to show their class—and motorists who have them know it.

Created because of the insufficiency of the so-called non-slip or "buttoned" tread.

Marketed only after the most exhaustive tests ever given to an anti-skid tire.

Proven itself the only real anti-skid tire obtainable—bar none. That's
