OFFICIAL.

LONDON, Nov. 6.  
The Governor, Newfoundland:  
The French have taken Fort Vaux and the villages of Vaux and Damoupy. On the Somme bad weather and only minor operations. The Italians have made important progress east of Gorizia and Carso, capturing nine thousand prisoners. No change on the Roumanian and Russian fronts. In East Africa a strong enemy column has been defeated on the Rufiji River. A British submarine torpedoed an enemy battleship in the North Sea yesterday. The extent of the damage is unknown.

BONAR LAW.

GERMANS REPULSED.

PARIS, Nov. 6.  
A violent attack by German troops was made last night on the position captured by the French between Sailly Saillisset and the St. Pierre-Vaast Wood. The war office announced today that this assault was repulsed with heavy loss to the Germans. Some ground was gained by the Germans in the Wood and in the village of Saillisset. On the Verdun sector there has been active cannonading in the Damoupy region, but no infantry engagements occurred. Elsewhere along the front the night was calm.

ANOTHER NORWEGIAN SUNK.

LONDON, Nov. 6.  
Lloyds announce that the Norwegian steamer Lånse has been sunk by a submarine and thirty men have landed at Barry. The Lånse was sunk Oct. 28. The men who landed at Barry were brought in by the Norwegian steamer Trimp.

BRITISH RELINQUISH GROUND.

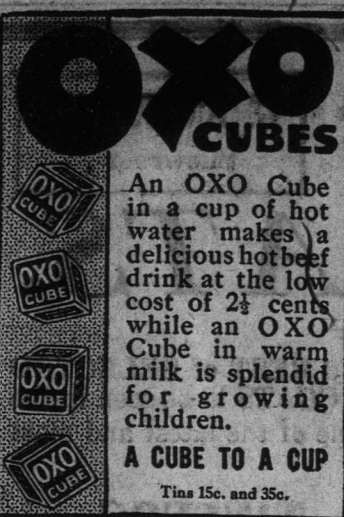

LONDON, Nov. 6.  
Strong German counter-attacks last night compelled the British to relinquish a portion of the ground they had captured in the neighborhood of Tante-De-Wartencourt on the Somme front, the war office announced today.

TEUTON TROOPS RETIRE.

BUCHAREST, Nov. 6.  
The war office announces that Rumanian forces in Dobruja have compelled the retirement of the Teutonic troops, which in their retreat set fire to several villages.

GERMAN BATTLESHIP HIT.

LONDON, Nov. 6.  
A British submarine, operating in the North Sea, reports she fired a torpedo at a German battleship of the dreadnought type yesterday, making a hit. The amount of damage inflicted

is not known, the Admiralty announced. The official announcement follows: One of our submarines operating in the North Sea reports she fired a torpedo at a German battleship of the dreadnought type near the Danish coast, yesterday. The vessel was hit, but the amount of damage is unknown. The British announcement gives no intimation whether any considerable portion of the German high seas fleet was in the North Sea yesterday. It was off the Danish coast that the main German and British fleets engaged in battle last May. On several occasions the German fleet has left its base for a short cruise in the North Sea. Ordinarily a dreadnought would not be employed merely for reconnoitering.

FRENCH FLAG HOISTED.

LONDON, Nov. 6.  
Reuter's Athens correspondent says it is reported from Patras that the French flag was hoisted yesterday on the Greek light flotilla at Keratsini. The Greek government last week refused to permit the entente allies to use this flotilla for patrol purposes on the ground that it would be equivalent to a departure from neutrality.

ITALIANS BEAT OFF ATTACKS.

ROME, Nov. 6.  
Austrian attacks on the Italian positions on the Carso front were beaten off at the point of the bayonet, the war office announced today. The Italian lines in this district were advanced towards Trieste, being pressed and straightened out at several points. A few prisoners were taken.

ROMANIANS COMPELLED TO RETIRE.

PETROGRAD, Nov. 6.  
The Rumanian troops in the vicinity of Predeal were compelled to retire yesterday before the invading Austro-German forces, the war office announced today. In the Dobruja the Russians have carried out successful operations.

GERMAN SUB. DESTROYED.

BERLIN, Nov. 6.  
The destruction of the German submarine U-20 by her crew, after she had gone aground on the west coast of Jutland, is reported by the German Admiralty today. The official announcement reads: On the evening of Nov. 4 the submarine U-20, in consequence of fog, ran aground at Bulbjerg, on the west Jutland coast, all attempts to float her being futile. She called for assistance, but efforts made by torpedo boats to drag her away were without success. The submarine at noon of Nov. 5 was therefore blown up. Her crew were taken off by a torpedo boat.

IN THE CARPATHIANS.

PETROGRAD, Nov. 6.  
Fighting has occurred near Kiriliba in the Carpathians, on the border between Bukovina and Hungary, where the Austro-German forces were repulsed after a temporary success.

FRENCH MINISTER AT SALONIKA.

PARIS, Nov. 6.  
General Rouques, Minister of War, has arrived at Salonika. The French official journal of Nov. 1 said that General Rouques was absent from Paris on an important mission.

GETTING READY TO START.

NEW LONDON, Conn., Nov. 6.  
Work of re-loading the undersea freighter Deutschland for the return trip to Germany, began in earnest today. It is expected that the cargo of crude rubber and nickel, which she is to carry back, will be on board by Friday, which day it has been indicated the submarine will start back for Bremen.

INTERESTING RUMOR.

LONDON, Nov. 6.  
In many quarters here an interesting bit of gossip is afloat. It is to the effect that Sir Robert Borden, Canadian Premier, will assume the duties of Canadian High Commissioner in Britain, relieving Sir George Perly, on the latter's appointment as Canadian Minister of Militia Overseas.

POLITICAL INTEREST LIVELY.

NEW YORK, Nov. 6.  
Political headquarters still presented scenes of activity today. The last reports received from the political

battleground, containing final instructions, sent by both chairmen, contained little to add to the previous forecast. Republican Chairman Willcox predicted that Hughes would receive 100 majority in the Electoral College. While Democratic Chairman McCormack gave Wilson 364 votes in that body. The necessary elective vote at the College for either candidate is 234. The larger participation of women as voters in the Presidential campaign and Congressional elections are of keen interest to politicians generally. Returns from States in which women will vote, it is admitted, will be closely and anxiously scanned. So far as Congress is concerned, a full House of Representatives and 33 United States Senators will be elected. The total members of the House is 435. The necessary majority is 218. In the Senate the present membership is 96, and the necessary majority 49. In all 35 new Senators will take seats next March. Of these the Republicans elected two at the September elections in Maine. Forty-two of the States will elect the same officials to-day in addition to the National and Congressional candidates. Of these States 35 will elect Governors. Fair weather and a moderate temperature is the forecast generally for election day. If this prediction holds true, virtually a full vote is expected to be cast throughout the country to-day.

AEROPLANES RESTING.

With the French Army on the Somme Front (via Chanilly), Nov. 6. (From the Staff Correspondent of the Associated Press.)—The battle to-day in the district between Saillisset and St. Pierre-Vaast Wood was fought without the assistance of aeroplanes. The wind was blowing eighty miles an hour and prevented the planes from ascending, consequently the artillery fire from 100 German batteries as well as from French and British, was uncontrolled aerially. Every inch of the battle ground was a danger spot. The correspondent of the Associated Press and other correspondents were compelled to take shelter in dug-outs. When the French infantry attacked a powerfully defended series of trenches with trench mortars and grenades, they found a strong garrison, of which one portion surrendered in a body. With officers and more than 500 men running at racing pace in the French lines for two miles and a half, with the rear accompanied by only half a dozen French guards, it was a strange sight as they ran the gauntlet of the German barrage fire. St. Pierre-Vaast Wood, which is more than two kilometres square, with many positions enfilading each other, proved a most difficult problem for the French, but the French infantry finally rushed the place and held it with slight losses. The battle continued into the night.

HEAVILY SHELLED.

LONDON, Nov. 6.  
A war office statement issued this evening says: On the front between the Ancre and the Somme we were heavily shelled in the neighborhood of Les Bouffes and Le Sara. On our right we continued consolidation of the ground occupied yesterday. Our artillery and trench mortars successfully bombarded hostile trenches south of Armentieres. Yesterday, in spite of a gale, our air craft did useful work in observing for our artillery. One machine was in the air more than three hours.

TIMES' COMMENTS ON TEUTONIC PROCLAMATION.

LONDON, Nov. 6.  
To-day's Times comments as follows on the Teutonic proclamation of Independence of Poland, under the heading of "Trap for Poles": Russia held out to the Poles as a reward for the sacrifices of exceptional danger she had called upon them to face, the abolition of the boundaries which have served as the living body of the nation since 1772, the national freedom under the sceptre of the Czar for the freedom of faith and self-government. The Central Powers made no such offer. They propose to form an independent state, with an hereditary monarchy, not out of all the territories of the old Polish Republic, but only out of the Polish district they have seized from Russia. Russian Poland's national development, which implies the necessity of a re-union of the Polish Provinces of Austrian and Prussian Poland, is arrested and paralyzed. From the first curious stress has been laid on the proclamation of the military department in the projected kingdom. There in the ranks of the Central Powers are dangerously

planned. New Poland is to have a new army of her own; indeed, there is reason to believe that the whole scheme is merely a device to force the Polish subjects of Russia in the occupied districts, into the military service of Germany. Hindenburg has insisted upon this new source of manpower in the future, and he has called for 700,000 recruits from this source. The first service of the Independent Polish State will be to supply them. The Kingdom has been created in order to lend a show legally to the conscription of Russian subjects for war against Russia. Such a project is a flagrant outrage against the first elements of international rights, but in accordance with Frederick the Great's practice of making prisoners fight their own countrymen.

## 25 cents Destroys Your Dandruff and Stops Falling Hair

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—grow—any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

## Baseball.

The Red Sox, champions of the known world of baseball, are sold. Last night the deal was consummated whereby the ownership of the same masters of the realm of the diamond sport passed from the three-year-old possession of Joseph J. Lannin into the hands of Harry H. Frazee of New York City and Hugh J. W. of Philadelphia, tyros in the venture of owning a baseball club, and with the experience only of having carried through to successful conclusion large affairs in the theatrical world. The price said to have been paid by the new owners is \$750,000.—Boston Post, Nov. 2. [Jos. J. Lannin is married to a Newfoundland young lady.]

## The "Gift of Kings."

There is no gift which conveys such a personal message of regard—as a Portrait—for years it has been the gift of romance, the "Gift of Kings"—there is nothing so delightful to give—there is certainly nothing so welcome to receive. The exquisite Sketch Photographs made at the Studio of S. H. Parsons & Sons, corner of Water and Prescott Streets, are entirely different from ordinary work. The convincing likeness, the refined simplicity, the absence of accessories, the slight suggestion of background, the freedom of the black pencil work, give the portraits an unrivalled charm and interest. For good class work such as the firm of S. H. Parsons & Sons are noted for, it is essential that ample time be allowed for the completion of all orders. There are a large number of people who make praiseworthy resolutions to have photographs made early for Xmas, but who put off ordering "till the last moment; we advise these people to place their orders as early as possible to avoid disappointment. We have on hand Leather Pocket cases for photographs, a most welcome present to your friend to take abroad. Studio open every night.

## Largest English Mail.

By far the largest English mail to be received at the G. P. O. at one time arrived by the S. S. Durango yesterday, consisting of 45 large sacks of papers, 8 bags of letters containing 176 registered letters and about 20,000 ordinary letters, and also 22 baskets of parcel post. Yesterday was indeed a busy day for the postal officials, for besides the Durango's mail there was an English mail by the coast country express, which also brought over 150 sacks of Canadian and American mail.

## What Are You Doing for that Eczema?

"Nothing; I've about given up trying to cure it."  
"That is not wise. Do as I did and you will probably be cured in a short time. I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggist."  
Zylex, 50c. a box; Zylex Soap, 25c. a cake.
