READY TO ADVANCE.

COBLENZ, June 17.
Concentration of troops preparatory to advancing further into Germany if the Germans refuse to sign the treaty will begin to-day throughout the occupied area. Orders to this effect was received from Foch yesterday.

PRINCE OF WALES IN CANADA IN AUGUST.

OTTAWA, Ont., June 18.
His Royal Highness the Prince of Wales is expected to arrive in Canada during the month of August and will be present at the beginning of the Canadian National exhibition at Toronto and at the official opening of the new Canadian Parliament Buildings. The following staff will accompany him on his Canadian tour: Chief of Staff the Marquis of Salisbury, Chief Private Secretary Lt. Col. E. M. Origg, Assistant Secretary Sir Godfrey Thomas, Bart., Equerries, Capt.

Lord Claud Hamilton and Capt. the Hon. T. W. Legh.

BETTER SIGN UP.

WEIMAR, June 17.
No statement has been issued by the German cabinet on the Allied reply to the German counter proposals, but the Associated Press learns that the cabinet is almost unanimously against signing the treaty; the only objection being possibility of Bolshevism and chaos in Germany. The Frankfurt Gazette says, "Whatever we do will be terrible. Germany is in no position to sign the treaty when the signature is forced by ultimatum. Let us resign ourselves to the inevitable and hope for better future."

GIVING GERMANY A CHANCE.

PARIS, June 18.
The plan of the Allied and Associated Powers to make concessions to Germany with regard to ships and financial and economic measures if

she signed the peace terms, was deemed advisable to assure Germany a certain amount of financial and economic working capital, without which it would be impossible for her to resume her industries or pay reparations. Among the concessions was a permit to Germany to use for two years of thirty per cent. of her merchant shipping and facilities for obtaining certain ores and other raw materials as well as the retention of her gold reserve in order to maintain the German currency system and foreign credits.

EXPELLED.

WINNIPEG, Man., June 18.
Rev. Wm. Ivens, editor of the Western Labor News, who was arrested yesterday along with other strike leaders, was given notice of location by a motion passed this morning in a closed meeting of the Ministerial session of the Manitoba Conference of the Methodist Church. "Notice of Location" is

a technical term, by which a man is notified that he can no longer preach as a Minister of the Methodist Church, and that he gives up the standing and functions of a Minister conferred on him at his ordination. The only reason given for the action was that Rev. Ivens was not willing to devote himself to the work of a Methodist Minister.

RED FLAG IN FRANCE.

BREST, June 18.
Two hundred French sailors, carrying a red flag, attempted to enter the naval jail yesterday to rescue imprisoned sailors. The attempt failed. The imprisoned sailors are from the French battleship Justice, which recently returned from Sebastopol. The city was more calm to-day, but the situation is still serious.

A FREQUENT OCCURENCE.

LONDON, June 18.
Unrest among Canadian soldiers in England, because of continued postponement of homeward sailings culminated yesterday in an attack by four hundred of them on Epsom police station. Several policemen were wounded, one seriously. The purpose of the attack was to release Canadian soldiers who had been arrested.

PEACE TERMS COMMENT.

LONDON, June 18.
Commenting on the final terms to the Germans, the Daily Telegraph says: "The original terms have stood an unexampled fire of criticism from every imaginable quarter and have survived it fairly well. They will be imposed substantially unchanged. All modifications now conceded have only been one purpose, namely, to render the character of Justice they display still more unmistakable." The Times thinks there is a suggestion of some highly dubious concessions made through German impertunity. It is not surprised at the French doubts concerning the admission of Germany to the League of Nations at an early date. The News says that insofar as the terms have been modified, they have been modified to Germany's advantage. But substantially they remain as in original form. Refusal to sign will be a disaster for Germany and a misfortune for the whole world.

BOLSHEVISTS TO BE DEPORTED.

WINNIPEG, Man., June 18.
An evening paper carries the following: "According to information from a most highly authentic source, the eleven arrested Bolshevik leaders are to be deported without the formality of a civil trial. Their families will be deported either with or after them." The deportations will take place under the amended Immigration Act, whereby all including British subjects, who conspire to overthrow the constituted government, by forcible means, may be deported to the land of their birth, provided that agents of the Department of Justice are satisfied with the evidence in each case." In this case it is stated enough incriminating documents were secured in the Labor Temple raid to expose a Bolshevik conspiracy to embroil the whole of Canada.

STRIKE OFF.

VICTORIA, June 18.
There will be no strike in Victoria. The strike committee has dissolved. EIGHT-HOUR DAY FOR COAL

MINERS.

PARIS, June 17.
Labor leaders decided to-day not to provoke a general strike unless miners asked them to intervene. The Chamber of Deputies passed a bill to-day applying an eight-hour law to coal miners.

PROBABLY!

PARIS, June 17.
The Young Turks and the former German Emperor and Russian greed for Constantinople were responsible for Turkey's entrance into war, according to the statement of the Grand Vizier before the Council of Ten to-day.

FRENCH CRUISE DISABLED.

WASHINGTON, June 18.
A wireless message to the Navy Dept. to-day announced that the French cruiser Jeanne d'Arc had been disabled at sea and that the transport Imperator had taken off Dr. Presso, President-elect of Brazil and party, who were en route to the United States from Lisbon. Later despatches to the Department said that the army transport Mongolla was towing the Jeanne d'Arc to the Azores, good progress being made.

FREIGHT BY AEROPLANE.

BRUSSELS, June 18.
Regular transportation by aeroplane between Brussels and Paris established by companies in the two cities, has already resulted in some unusual cargoes being carried. For instance, a consignment of nearly five hundred pounds of live lobsters brought by one of the aeroplanes of the system, arrived at the airdrome near here yesterday afternoon. The crustaceans were in excellent condition.

NORTHLIFFE OPERATED ON.

LONDON, June 18.
Viscount Northcliffe underwent an operation to-day. A bulletin says that the Viscount's condition is satisfactory.

Nursing Mothers!

When the supply of milk is deficient in quantity and poor in quality, "OVALTINE" will be found particularly beneficial. Not only does "OVALTINE" directly stimulate and ensure an adequate flow of milk, but it is also exceedingly nourishing and strengthening, thus helping the mother to stand the strain which nursing throws on the system. It is also advisable that "OVALTINE" should be regularly taken by the mother for a month or more before the birth; a rich store of strength and vitality is created and a good supply of milk ensured when the baby is born.

Bird-Fancying.

(From an Exchange)
Mr. Jones keeps pigeons, and Mr. Brown next door, tries to keep pigeons—quite a different state of affairs. Mr. Brown is constantly losing birds, while Mr. Jones is as constantly suspected of finding them. The other morning Mr. Brown, with a smile and a sixpence, approached the youthful son of Mr. Jones. "Willie," began Brown, holding up the coin, "did daddy find a bird yesterday?" Willie nodded. "And was it a blue bird with some white feathers in its wing?" "Daddy," responded Willie, pocketing the sixpence. "You can't tell their color when they're in a pie!"

I am as much a working man to-day as ever I was in my life.—Lord Leverhulme.
Women on the whole are simple souls, and like their politics to be quite simple and quite straight.—Lady Hobhouse.
Most of us are married men. We may be clever, but when we get home we realize our limitations.—Mr. W. Lunn, M. P.
People who are foolish always think they are wise; that is one of the signs of their folly.—Mr. Justice Darling.
At the opening of Parliament, the chaplain stands beside the Speaker, looks at the members, and then prays for the country.—Sir Alfred Warren, M. P.
LEFT FOR LABRADOR.—Two of the sailing fleet have left Brigus for Labrador, notwithstanding the unfavorable ice reports north.

Wise Men Say—

That if you want others to trust you, you must trust yourself.
That many people seem to think that romance spells reform.
That water on the brain is seldom due to a thirst for knowledge.
That it isn't the frame that matters; it's the picture within it.
That over-sleeping and over-eating hurt more people than over-working.
That the anniversaries we always remember are those we would rather forget.
That it is a sorry man who catches up with his ambition. Keep ahead of them!
That the man who is not injured by flattery is as hard to find as the one who is improved by criticism.
That in the onward march of progress, the real laggards are often those who talk a lot about it and leave the matter there.
