## British Empire Exhibition

Great Power House of Imperial  
Trade Development -- Guar-  
antee Fund Now 1,166,000  
Pounds.

Already the Guarantee Fund for the  
British Empire Exhibition at Wem-  
bley has reached the splendid figure  
of £1,166,000 but the Executive Coun-  
cil and the Gen. Committee (of which  
the Prince of Wales is President) hope  
to see this sum more than doubled in  
order that their hands may be strength-  
ened in this great enterprise for the  
development of Empire Trade. Such  
an enlargement of the Fund, while it  
will not mean any increase in expendi-  
ture, will be an additional safeguard  
to all the guarantors by reducing to  
a minimum the proportionate liabil-  
ity of each individual in the very un-  
likely event of a deficit. A guarantee,  
of course, is not a cash payment. It is  
merely a promise to accept responsi-  
bility proportionate to a stated  
amount, and in view of the vast sums  
of money to be received in revenue  
from sale money, concessions, rents  
of exhibition space, the Stadium, rap-  
ports on amusements, etc., a good  
profit and not a loss is anticipated.  
All profits will be divided among the  
British Government, the Dominions,  
Colonies and Dependencies in pro-  
portion to the area of space occupied  
by their exhibitors, and in each case  
the profits are to be devoted to some  
public object. The existing guaran-  
tee fund has been contributed in sums  
ranging from £250 up to £150,000.  
The latter is the guarantee offered by  
the principal contractors, Sir Robert  
McAlpine & Sons. The British Gov-  
ernment and the underwriting mem-  
bers of Lloyds are standing in to the  
extent of £100,000 each. Among the  
£10,000 guarantors are the Football  
Association, several railway compa-  
nies, and the "Big Five" in the banking  
world. The Oldham Master Cotton  
Spinners are in for £7,000.

DOMINIONS TAKE PROMINENT  
PART.

In no other Exhibition ever held  
have the Dominions and Colonies taken  
so prominent a share as they in-  
tend to do in this one at Wembley.  
Already they have booked between  
600,000 and 700,000 square feet of  
space. At the White City, in 1908, our  
Overseas Empire occupied only 110-  
000 square feet. Australia is devot-  
ing £250,000 for her share in the  
project and her buildings will cover  
an area of 150,000 square feet. India  
will spend £167,000. She has reserved  
100,000 square feet of space. On  
behalf of New Zealand, the Govern-  
ment has agreed to a minimum expendi-  
ture of £260,000, and a building oc-  
cupying at least 40,000 square feet  
will be erected. South Africa will  
have a building of 25,000 sq. ft. the  
Union Government having agreed on  
provision to the extent of £30,000.  
Burma is to be represented by a simi-  
lar expenditure, on an area of 22,000  
square feet, devoted to a splendid  
pavilion and village street. Hong  
Kong will also have a village street  
on the Chinese plan. Canada's de-  
cision is now awaited with some in-  
terest. She cannot afford to be far,  
if any way, behind the fine lead of the  
Commonwealth Government. Her  
trade interests are of primary impor-

tance. Not only her agricultural pro-  
duce, but many classes of her manu-  
factured goods are in urgent need of  
wider and better established markets.  
Large commercial houses in London  
that represent Canada's interests are  
looking to the Canadian Government  
for a bold, business-like and patriotic  
lead at an early date. The special  
mission under Major Belcher is now  
touring the Dominion and is holding  
useful conferences with leading citi-  
zens, statesmen, agriculturists, and  
men of commerce. Among the Colon-  
ies and Protectorates the lead is taken  
by the Far Eastern Group represent-  
ing the Federated and Unfederated  
Malay States, and the Straits Settle-  
ments. This group will spend £50,000  
and their building will cover a space  
of 50,000 square feet. A Committee  
has been formed in Singapore. West-  
ern Pacific Islands will spend £10-  
000. Other groups, and the space they  
will take include the following:

EASTERN GROUP.	
Mauritius	sq. ft. 600
MEDITERRANEAN GROUP.	
Cyprus	2,000
Palestine	500
EAST AFRICAN GROUP.	
Kenya	5,000
Nyasaland	3,000
Sudan	3,000
Tanganyika	3,000
Uganda	2,000
Zanzibar	2,000
Somaliand	2,000
WEST INDIAN AND ATLANTIC GROUP.	
Bahamas	200
Bermuda	Space not yet decided
upon, but an expenditure of £500 is	proposed.
British Honduras	300
Jamaica	2,000
Windward Islands	300
Dominion—Expenditure of £250 ap- proved.	
Falkland Islands	1,200

## WEST AFRICAN GROUP.

Gambia . . . . . 576  
Gold Coast . . . . . 15,000  
Nigeria . . . . . about 15,000  
Sierra Leone . . . . . 1,200  
As will be seen the Exhibition is  
to be a grand effort of the people and  
the Governments in connection with  
the Empire. As the Prince of Wales  
said: "An Empire worth dying for is  
also worth living for, and working  
for."

Every section of work in connection  
with the Exhibition is in the hands  
of experts. Special committee system  
for classification and organization of  
exhibits is being extended to cover  
every important trade and industry,  
every artistic and scientific interest.  
All the members of these committees  
are experts in their own line, men  
of business or commercial repute, or  
men of high standing in the study of  
their particular subject. There is not  
an industry in the Empire of any im-  
portance that will not be so repre-  
sented. No Exhibition ever held has  
been so greatly favoured with cap-  
able advisers.

## Canada Has

## Coal Sufficient

## for 30,000 Years.

Ottawa, Oct. 31.—Canada has suf-  
ficient coal to last 30,000 years. Dr.  
Charles Camsell, Deputy Minister of  
Mines and chairman of the special  
committee of government scientists  
empowered to investigate the possi-  
bility of adapting Canada bituminous  
to furnace use, as a means of reliev-  
ing the situation in the acute coal  
area, informed Canadian press to-  
night.

(It might be that the above state-  
ment of Canada's coal supply is our  
reason why it is so difficult to interest  
Canadian financiers in the develop-  
ment of Newfoundland's deposits.)

Dye Skirt, Coat  
Draperies with  
Diamond Dyes

Each package of "Diamond Dyes"  
contains directions so simple that any  
woman can dye or tint faded, shabby  
skirts, dresses, waists, coats, sweat-  
ers, stockings, hangings, draperies,  
everything like new. Buy "Diamond  
Dyes"—no other kind—then perfect  
home dyeing is guaranteed, even if  
you have never dyed before. Tell your  
druggist whether the material you  
wish to dye is wool or silk, or whether  
it is linen, cotton, or mixed  
goods. Diamond Dyes never streak,  
spot, fade, or run.

## Remains Sent Home.

## FUNERAL TO RAILWAY STATION.

The remains of the late John Mur-  
ray, who passed away on Sunday  
morning at St. Clair's Hospital, en-  
closed in a handsome casket covered  
with flowers, were sent to his late  
home, Adam's Cove, B.D.V., by yester-  
day's train. The funeral from the hos-  
pital to the railway station was at-  
tended by a number of intimate  
friends, including the Pastor of Wes-  
ley Church, Rev. J. G. Joyce, Sir John  
Crookle, Messrs. J. R. Bennett, Jesse  
Whiteway, J. C. Paddister, J. E.  
Moore. A guard of honor from the  
Provincial Grand Lodge, L.O.A. was  
also in attendance. The arrangements  
were looked after by Undertaker An-  
drew Carnell. Interment takes place  
at Adam's Cove on Thursday.
