

Are you hungry for candy?

Do you ever get that craving for something sweet, something a little different from ordinary food? And it never occurs to you what you want until it is called to your attention. You see a window full of

SCHRAFF'S CHOCOLATES

And you say, "I'll take a box home to the family." But on the way you take off the wrapping and look inside. And when you get home you decide not to say anything about the candy you bought, for it is all gone. Next time you will buy two boxes and let the family in on it too.

IMPENDING DOOM.

Some day, unless you mind the rules when driving in the crowd. You'll meet the fate of reckless fools who fill untimely shrouds. There is more peril every day about the thorough mart, and every gent who drives a day should know the rules by heart. And knowing them he should abide by all those rules, and thus he may in safety ride for seven years or three. Each day the deadly peril grows, new drivers loom in view to show how little they may know of steering ways that choo. And babes and sucklings may be seen, the steering wheel in hand, while worried peepers wot and ween such infants should be canned. The frenzied female speeds her boat and zigzags everywhere, and gets the everlasting goat of those who don't beware. And he who'd live a gent while must watch for such as these, for drivers who are full of guile, for those whose heads are cheese. It is not proper to depend upon the other guy, or to remote surroundings lend an absent, dreamy eye. Oh, vigilant must be the man, his brain and vision clear, who hopes to tool a chugging van in safety for

a year. One instant's carelessness may cost a collarbone or leg, so read the rules by scribes embossed, and follow them, I beg.

British Army Explorers to Seek Source of Amazon

Buenos Aires, A. P.—A group of British Army officers headed by Colonel Carruthers will start from Pernambuco soon in an effort to find the source of the Amazon River, according to Major Regan O'Connor, who has arrived in Buenos Aires in connection with the expedition. The party plans to explore the Amazon from the point where the Roosevelt expedition left off in 1914, and hopes to find unknown tribes including one said to be white, man-eating fresh water fish, diamonds, minerals and timber. Major O'Connor said the party would make a study of water power development in the event of success with a view to obtaining necessary concessions to that end. Detailed plans for the expedition have been made and it is proposed if the Roosevelt limit is reached to divide into parties and continue the explorations for 18 months at least.
