He is survived by his wife and three daughters, and also five brothers and two sisters. The funeral takes place to-day at 3 o'clock.

Listen For The Bronchial "Wheeze."

It means that the disease will soon attack the lungs. Wheezing is distressing to the sufferer and annoying to his friends. Nothing half so certain in bronchitis and throat trouble as "Catarrhose"; it gives instant relief and cures even the worst cases. Bronchitis fairly flees under the magic influence of Catarrhose which cures so thoroughly the disease never returns. Other remedies may relieve, but "Catarrhose" cures bronchitis, catarrh and throat trouble for all time to come. Sold everywhere.

MAKES CALVES DO WELL

The great demand for butter and cheese makes whole milk for feeding calves a luxury and the average farmer cannot afford its continued use. Skim milk if fed warm and sweet is a most valuable food for the calf, while it contains no fattening elements, it is rich in protein, needed for making bone and muscle, and CLYDESDALE STOCK FOOD (a food "MADE IN CANADA") added, helps the calf to digest it more easily and prevents "scours," and other ailments, to which skim milk calves are liable.

Keep the calves growing from birth and raise "BABY BEEF" No beef brings such a high figure. In the change from skim milk to solid foods it is necessary to keep the calf growing. It should not be allowed to drop back. The rate of grain decreases and the cost of feeding increases the older the live stock grows. Nothing better to make a large and uniform gains than CLYDESDALE STOCK FOOD. If you find you cannot feed it at a profit your money will be cheerfully refunded by our dealer. Ask him if this is not so. Sold by
