RHEUMATISM and SCIATICA

I am happy to acknowledge, and now testife London, April 26, 1891.

I am happy to acknowledge, and now testify, to the efficacy of your medicines in curing Rheumatism. I have suffered with this painful disease in my shoulders, knees and hips for twenty-flive years, also with sciatica for some time. I decided to try Histogenetic Medicines as a last resort, as nothing over seemed to give me any permanent relief. The first week's medicine gave me relief, and in two weeks, the sciatica disappeared and shas not returned. I took the medicines for six weeks, and am cured of the rheumatism. I feel better in every way. I am sixty years of age, and feel mite smart and active. I can "theorylly recommend these medicines to the public, and willbe glad to tell any sufferer about my case. It is now meanly two months since I ceased taking the medicines, and the effect is permanent.
