"Honesty is the Best Policy."

Never was a more pointed saying put into print, and yet to be honest only because it is policy is a poor kind of honesty. Better change "policy" to "principle" and the world will like you better. In the medical world there is one medicine honest for principle's sake—and that is Hood's Sarsaparilla.

It is the specific of the age for all blood troubles. The liver, kidneys and bowels are all toned up by its action as a cleanser aud thus good health ensues. It never disappoints.

Rheumatism-"I believe Hood's Sarsaparilla has no equal for rheumatism. It has dene me more good than any other medicine I have taken." Mrs. Patrick KENNEY, Brampton, Ont.

Bad Cough—"After my long illness, I was very wak and had a bad cough. I could not eat or sleep. Different remedies did not help me but Hood's Sarsaparilla built me up and I am now able to attend to my work." Minnie Jaques, Oshano, Ont. Biliousness—"I have been troubled with headache and biliousness and was much run down. Tried Hood's Sarsaparilla

and it gave me relief and built me up." A. MORRISON, 89 Defoe Street, Toronto, Ont. Heart Trouble—"I had heart trouble for a number of years and different medicines failed to beneat me. I tried Hood's

Sarsaparilla and three bottles completely and perfectly cured me." Mrs. C. A. Flinn, Wallace Bridge, N. S. A Safeguard—"As I had lost five children with diphtheria I gave my remaining two children Hood's Sarsaparilia as they were subject to throat trouble and were not very strong. They are now healthier and stronger and have not since had a cold."
MRS. W. H. FLECKER, Pembroke, Ont.

Varicose Veins - "I have been a great sufferer from varicose veins, which swelled my foot and limb, discharging watery matter. I took Hood's Sarsapa-rilla faithfully and the sores healed." Mrs. A. E. GILSON, Hartland, Vt.

KIPLING'S WARNING. London, May 13.-Rudyard Kipling brought from Cape Town the appeal load for the first transport. The ship of a well-known Wesleyan minister to is fitted up to carry 1,000 horses, and the president of the Wesleyan Conference in favor of the annexation of the two republics. To this appeal Mr. Kipling adds: "If, through any intellectual lasciviousness, we in England prefer to tickle emotion by being generous once again at other people's expense when the settlement comes, all this weary, bloody work will have to be done anew from the beginning, five or ten years hence. I assume that you have full knowledge of the situation in South Afirca. But I don't think you can realize how passionately and eagerly the loyalists look to England for a sign that the mother country will neither desert them nor betray them to the Dutch."

IN THURSDAY'S FIGHT. Geneva Siding, Orange Free State,

May 11.-In the engagement which took place yesterday Gen. Ian Hamilton was on the right flank, with the 21st and 19th brigades. On the day previous he marched to Winburg, where the Highlanders remained till early yesterday, when they moved forward and forced the passage of the Zand River.

After a severe bombardment the infantry advanced on a line of kopjes, and in the meantime a force of 400 Boers attacked the right flank, cluding the Canadians, who were driven off after a sharp fight.

When the British force reached Ventersburg the place surrendered without opposition. The three columns which comprise Lord Roberts' force will converge on Kroonstad tomorrow (Saturday). Seems to Have Been Successful in Northern Natal.

Dundonald and Bethune Defeat the Boers in the Biggarsberg District.

London, May 14.-A dispatch received by the Associated Press from Pietermaritzburg, Natal, timed 12:05 p.m., brings the first intimation of success attained by Gen. Buller in Northwestern Natal. The sender of this dispatch evidently assumes that news of the affair has been received direct from the scene of hostilities, for

"Gen. Buller's official telegram, notifying his success at the Biggarsberg, received here an hour ago, has given keen satisfaction. It is confidently anticipated that Dundee will be occupied by the British today. The residents of the north country are delighted, as forcing the Biggarsberg means that they will speedily be enabled to return to their homes.

At about the time this message was filed arrived another dispatch to the Associated Press. dated Stone Hill farm, 8:20 this morning, it says: "After four days' march eastwards, at the foot of the Biggarsberg ridges, in the direction of Helpmakaar, which

was occupied by the federals, the 2nd brigade on Sunday led the attack, Dundonald's cavalry BROKE THE BOERS' CENTER and Bethune's horse advanced on their extreme right. In the direction of Pomeroy a small party of burghers occupied a ridge overlooking Help-makaar, but they did not wait for the

assault. Recent British scouting in the direction of Dundee has shown that the federals were in great force on the Biggarsberg. So apparently Gen. Buller concluded that it was necessary to clear them from his rear before commencing a movement in the direction of the Drakensberg range. If that is his plan he has possibly divided his forces, sending one column eastward to threaten Vryheid and Utrecht and take Laing's Nek in the rear, while a west-bound column attempts to form junction with the forces of Roberts, via the Harrismith railroad. Telegrams from Kroonstad indicate that Gen. French's cavalry is keep-ing in touch with the Boers. But perhaps Lord Roberts will be compelled to order a brief halt of his main body in order to allow the troops to re-cuperate after their exhausting marches of the past week.

THE "SPLIT."

All the correspondents agree that to all intents and purposes the Free Staters have severed their military alli-ance with the Transvaal, though scat-tered bodies, they say, will possibly hold out here and there for some time. At the same time a dispatch from Cape Town dated today says a procla-mation will be published this week annexing the Orange Free State.

It is also said that Gen. Botha the commander-in-chief of the Boer forces, threatens to resign if any prepara-tions are made for the wanton destruction of property.

The correspondent of the Reuter Tel-

egram Company at Cape Town says the American residents are taking steps to repudiate the statements of Mr. Webster Davis, the former United States assistant secretary of the interior, who recently visited South Africa.

News from Mafeking is expected speedily. The war office is reported to have expressed the opinion that news of raising the siege of that place may be expected by Wednesday.
