

WELCOME!

Arrival at Quebec of 119 Invalidated Soldiers.

The Brave Boys Given a Grand Reception.

Names of Those From Ontario Who Are in the Party.

Quebec, Aug. 24.—Another red letter day in the annals of the city of Quebec. The reception tendered at 6 o'clock p.m. to the 119 Canadian invalided soldiers from South Africa who were on board the steamship Lake Ontario was a grand manifestation of the patriotism and loyalty of the people of Quebec. The hour was a very propitious one for anything of the kind. The day's work was over for most of the people, and everybody seemed to be there with flags in hand and beaming with enthusiasm. The reception was a real event, a striking success. The men were conveyed to the side by tender, and the civic reception took place about 6 o'clock. On landing on the wharf they were cheered time and time again by the largest crowd ever seen on the Queen's wharf and its surroundings.

The mayor, who is the president of the permanent committee of organization, went toward the boys, surrounded by the members of the city council, the chiefs of the different departments of the municipal administration, a brilliant staff composed of all the senior officers of the militia present in Quebec, among them Lieut.-Col. Vial, Stone, White, Farley, Evanture, Jones and Major Fages, and read to the boys the address of welcome.

The official list of those on board differs from that published last week. There are 119 among the party, not 110 as formerly announced. The full list of those from Ontario now in Quebec waiting for their pay and honorable discharge to start for home, is as follows:

FIRST CONTINGENT WILL SOON RETURN.

London, Aug. 24.—It is possible that the Royal Canadian Regiment of Infantry will soon be relieved from service in South Africa. From several sources the news has come that Canada's red contingents would be kept but a short time longer in the field.

The salutary action of Dr. Fowler's Extract of Wild Strawberry in giving almost instant relief from the pain, checking the too frequent and irritating stools, settling the stomach, and bracing up the weakened heart, render it without a peer for the treatment of bowel complaints of young or old.

Mrs. Peter Christensen, Parry Sound, in speaking of this remedy, says: "I have been very much troubled with Diarrhoea for the last three summers, and have always had to have 'doctors' before I could get it stopped. This summer I used Dr. Fowler's Extract of Wild Strawberry, and it cured the Cramps and Diarrhoea promptly. I have given it to my little girl for the Colic and she got relief at once. I can highly recommend this most valuable remedy."
Always ask for Dr. Fowler's Extract of Wild Strawberry and refuse substitutes or imitations, many of which are worthless and some of them highly dangerous.

A dispatch from Cape Town goes to strengthen this report. Capt. Maynard Rogers, of D company, was at Cape Town three weeks endeavoring to make arrangements for the early return to Canada of the regiment in which he serves. This is taken as providing a reliable indication that the Royal Canadian Regiment will shortly sail for home.

ENCOURAGING CONDITIONS

Of the State of Trade in Canada—Dunn's Weekly Review.

New York, Aug. 25.—Dunn's weekly review says: Reports regarding business conditions in the Dominion of Canada continue encouraging, although some dullness is still noticed in British Columbia. St. John finds no improvement in jobbing trade, but some retail lines are better owing to tourist travel. The latter season has ended with only a fair catch, but prices are good and other fish plentiful.

Conditions are unchanged at Halifax, prospects continuing encouraging and prospects fair. Wholesale trade in groceries, teas and canned goods is fairly active at Toronto, and hardware and metals are in good demand, but leather and hides are dull. Crop reports continue encouraging.

Prices of farm and dairy products are firm at Hamilton, but there is no perceptible change in general trade. The volume of business is good for the season, with collections satisfactory. There is no special feature at Vancouver, leading lines enjoying moderate business, but the outlook is not encouraging and retailers complain of dullness. Business conditions show a material change at Victoria, but are on the whole satisfactory, and collections are medium.

IN THE UNITED STATES.

The sky is not cloudless, but there has been no backward movement of business this week. Crop advices continue as cheerful as at any time lately, and the labor situation shows no important changes in working forces. Prices are steady, but there is a talk of a decline, perhaps \$10 per ton, in steel rails shortly, to a basis at which it is believed the railroads will be willing to place orders for the ensuing year's supply. Commercial loans are slow with the business of borrowers done chiefly with their own banks. More good news comes from the great iron centers, where bridge and boat-building and makers of agricultural implements, stoves and casting pipe are eager to secure raw or partially finished material. Prices are sustained, and in a few cases move upward. Iron generally is a more solid and better balanced market than for two months past.

Wheat declined still further on Saturday, touching the lowest price since early in June. Vigorous marketing by farmers show their willingness to sell at current prices, receipts at primary markets during three weeks amounting to 19,999,960 bushels, against 10,636,951 bushels last year. Daily figures of exports continue light, although there is much talk of pits, changes for foreign account. Prices recovered from the lowest point, traders on the short side taking profits freely. Corn is steady, but a drop last year makes the present price only a trifle above that of 1899. Sales of wool at the three chief eastern markets have increased to 5,962,500 pounds, against 4,261,800 in the previous week. Texas wool was active in Boston, and territory grades are all firmly held, though prices are nominally unchanged.

Railroad earnings are heavy. For August to date roads reporting show 7.4 per cent gain over 1899 and 26.2 per cent over 1898. Failures for the week were 171 in the United States, against 163 last year, and 29 in Canada, against 16 last year.

A BASIS OF TRADING.

New York, Aug. 24.—The Journal of Commerce says: After sessions covering three months or more, a special committee, composed of brokers, grain receivers and exporters—all members of the New York Produce Exchange—have agreed upon a basis of trading to enforce minimum rates of commission and brokerage for cash and grain. It is agreed that when on Sept. 5 the grain market is closed, the committee will consider the agreement there will be no doubt whatever of the ratification. The agreement chiefly provides that for the sale of consigned grain one-half cent per bushel shall be charged on wheat, corn, oats and feed barley. It provides also that where the consignee is handled for the account of any member or firm, one of whose general partners is a member, or corporation, one of whose executive officers is a member of this or one of the following regular organized grain exchanges: Board of Trade, Chicago; Merchants' Exchange, St. Louis; Board of Trade, Duluth; Chamber of Commerce, Milwaukee; Board of Trade, Kansas City; Board of Trade, Cincinnati; Board of Trade, Detroit; Board of Trade, Peoria; Board of Trade, Indianapolis; Board of Trade, Toledo; Board of Trade, Cleveland; Merchants' Exchange, Toledo; Chamber of Commerce, Boston; Commercial Exchange, Philadelphia; Chamber of Commerce, Baltimore; Board of Trade, New Orleans; Chamber of Commerce, San Francisco; Board of Trade, Montreal; Board of Trade, Toronto; Board of Trade, Winnipeg; one-half of the above rates of commission shall be charged.

SHIRT WAIST GIRLS

Priest Opposes Open Yokes—May Decline to Serve Communion.

St. Louis, Mo., Aug. 25.—A battle royal is on between fashion and religion in the parish of the St. Liborius Church, at High and North Market streets. The direct issue involved are network shirt waists and the holy communion. The 100 pretty sodality girls are on one side, while on the other is Rev. Father G. A. Reis and nearly all the older members of the parish. Father Reis says: "The young ladies of the sodality will have to quit wearing those 'jigger-merris' waists with the funny business around the arms and shoulders or I will refuse to serve them communion."
"The fashions are becoming entirely too vulgar. No self-respecting lady would appear in public in such immodest costumes. I intend to set an example to the young ladies of this parish, and, if it is necessary, to rebuke you of the sacraments. I will do it to stop this vulgar fashion."
The young women who are members of the parish and affect the tantalizing open-yoke insist it is not vulgar, and say Father Reis is real mean and that they will go to another church.

TERRIBLE CRIMES

Double Murder in Montebello, Quebec Province.

Husband Kills His Wife and Her Companion.

Peck, Whose Crime Was the Cause of the Akron Riots, Sent to Prison for Life.

Montebello, Que., Aug. 24.—A man named Lacroix, this afternoon shot and killed his wife and an elderly man named Hypolite Thomas. Lacroix and his wife have not lived together for some little time, the latter residing in Hull. This forenoon she came by train, and in the afternoon Lacroix procured a revolver and went to the house where his wife had gone on her arrival. It appears he either dragged her out of the house or the woman ran out, when he shot her dead on the street. She was holding her small child in her arms at the time, but the child was not injured. He then shot the man Thomas, who had called at the house a few minutes before on business. Thomas walked a few hundred feet after being shot, and then fell dead. The murderer then took refuge in a house close by and refused to give himself up. Later in the evening, however, he was secured. The coroner's jury is now sitting. The terrible affair has caused great excitement in this usually very quiet little town. The prisoner will not talk, and no reason can be assigned for the tragedy.

PECK PLEADS GUILTY.

Akron, O., Aug. 24.—Peck was brought here at 3:20 p.m. in a carriage was in waiting at the railway station, and Peck was quickly bundled into it. In three minutes the court house was reached, and Peck was arraigned before Judge Nye. The indictment, charging him with criminally assaulting a 16-year-old child, was read. Peck stood up and pleaded guilty. He declared he had nothing to say except that he threw himself on the mercy of the court. The court then sentenced Peck to life imprisonment in the state penitentiary. He was at once taken in a closed carriage to the Center street crossing of the Cleveland, Akron and Columbus Railway, and placed on board the train, in charge of Sheriff Kelly, and started for the state penitentiary at Columbus. So quickly and quietly was Peck brought into the city, sentenced and sent on to Columbus, that but very few people knew what had transpired. There was no crowd at the railway station either when the train arrived or departed.

If all remains quiet the guardsmen will be dismissed Saturday morning. Some excitement was caused this morning by an extra edition of a local paper, with headlines announcing that Peck might be brought back to Akron. The newsboys rushed about, yelling "All about Peck coming back!" An officer nabbed one of the boys and took him to police headquarters. Commissioner McMillan promptly telephoned the paper to call in its boys. Young reiterated the order as soon as he was informed of the matter. Both officials feared the effect of the scare story and the inflammatory cry of the newsboys.

GOOD-BYE, DYSPEPSIA!

That's What Dyspeptics Say When They Use Dodd's Dyspepsia Tablets.

"First, Last, and all the Time." That's when Dodd's Dyspepsia Tablets give relief and cure to those suffering from Dyspepsia, Indigestion, Sick Headache, Sour Stomach, Heartburn, Bloating, or any other stomach trouble.
The first Tablet taken gives relief, and begins the cure; the last one taken completes and clinches the cure, and the Dyspeptic is cured for all time. You can't go wrong in using Dodd's Dyspepsia Tablets.
You don't need to "diet" or starve yourself while using Dodd's Dyspepsia Tablets. You don't have to wait weeks or months for a cure. It is assured in a few days, and the more generous your diet, the better for yourself. You may, with perfect safety, eat any wholesome food that doesn't offend your old trouble. That's what killed the day you began using Dodd's Dyspepsia Tablets.
Every box of Dodd's Dyspepsia Tablets contains a full double treatment. The larger, white Tablets digest the food perfectly and naturally. The little brown fellows attend to the stomach and bowels. They strengthen, tone and invigorate the former, and regulate the latter.
Do you doubt the truth of the statement that Dodd's Dyspepsia Tablets will cure the worst case of Indigestion, Dyspepsia or any other stomach ailment? It's easy to test it. Buy a box of the medicine and use it. You'll never doubt again.

FRUIT FOR ENGLAND

First Experimental Shipment of the Ontario Government Forwarded—Others to Follow.

Toronto, Aug. 25.—The special cold storage car, containing the experimental shipment of fruit which has been collected under the directions of the Ontario agricultural department, passed through the city on Tuesday, and the fruit will leave Montreal for England today (Saturday). Hon. Mr. Dryden received sample packages of the fruit, the specimens being very fine and most carefully packed. The apples were of the Astrachan and Duchess varieties. Each apple was wrapped in oil paper, and the greater part were in appearance. The pear were of the Clapp Favorite, Brandywine and Bannock varieties. Each pear was wrapped in oil paper and placed in layers in shallow boxes, packed in peat moss, so that the fruit, while firmly held, would carry with the minimum danger of damage by bruising.
The shipment is to be followed by another carload, leaving about Sept. 15, which will be more important than that which has just been forwarded, inasmuch as it will contain Bartlett pears, which are especially good this year,

HOMELESS

Rescued Missionaries Sadly in Need of Relief.

New York, Aug. 25.—The Presbyterian board of foreign missions received the following cablegram from Minister Conger yesterday:
"Pekin, Aug. 20.—North China Christians surviving slaughter destitute and homeless. Send immediate help; thank-offering. Pekin rescued. Wherry, Hobart, Smith. (Signed) Conger."

This is interpreted as meaning that the native Christians of North China who have survived the slaughter are now destitute and homeless. For their relief immediate help in the way of money is asked as a thank-offering for the rescue of the Christians in Pekin. The petition is sent conjointly by Missionaries Wherry, of the Presbyterian board; Hobart, of the Methodist board; and Smith, of the Congregational mission, to the home boards of all the missions, and it is endorsed by Conger. In response to this appeal the Presbyterian, the Methodist and other boards of foreign missions are asked to issue a petition for money to be sent to the missionaries in the troubled sections.

VOTERS' LISTS

A Hint That May Obviate Some Unnecessary Trouble.

Much discussion as to the printing of the Ontario voters' list will be saved by a reference to a section of the election act dealing with the subject. The words of the section are:

"Subject to the provisions in the next succeeding six sections contained, the first and third part of the last list of voters certified by the judge, and delivered or transmitted to the clerk of the peace, under the Ontario voters' lists act, before the date of the writ of election, shall be the proper list to be used for the purpose of election to the Legislative Assembly."

This section gives the statutory direction. There are three lists that have been revised—the one in the possession of the judge, the one in the possession of the clerk of the peace, and the one in the possession of the clerk of the municipality. From either of these parties, apart from statutory direction, a certified list might be obtained, but this section directs that it is the list that has been transmitted to the clerk of the peace which shall be the proper list to be used. Subsection 2 of section 24, which some think qualifies section 7, enacts:

"The clerk of the municipality who has the custody of a voters' list shall, if required by the returning officer, discharge the duties by this section assigned to the clerk of the peace. This section does not touch the question of lists to be furnished to the clerk of the crown in chancery. The duty is cast upon the clerk of the peace, who has under his custody the lists certified to by the judge or of so much of the riding as may be within his official jurisdiction. When the clerk of the peace is unable to perform the duties which are, in the first instance, imposed upon him, then the returning officer may apply to the clerk of the municipality for a voters' list—that is, for that portion of the voters' list which was prepared in his own municipality—but the returning officer is clearly not authorized to call upon him for such list in the first instance."
