NORTH NORFOLK

Corrected Returns Double Mr. Little's
Majority.

Simcoe, Ont., Jan. 8.—There was an
error in the count of No. 4, Windham,
as reported last night. Little's ma-
jority at this polling subdivision should
have been given as 78, instead of 28.

This makes Little's majority 105 in-
stead of 55, as reported last night.

into the rushing water, which at this
season is very deep and swift.

A cry at once went up and a crowd
rushed to the water side, where the
two children could be plainly seen
struggling in vain as they were borne
along by the rapid current.

Four young men dashed into the
stream, and one, Michael Connors, of
32 Garden street, managed to reach
the children as they were floating by.

His companions, who had followed
him and formed a line, took the chil-
dren and passed them to the shore.

The task, which was most difficult
and dangerous owing to the tremendous
force of the icy water, was applauded
by the onlookers.

The men disappeared after the rescue
but it was ascertained that Connors's
assistants were his cousin, Patrick
Connors, of 81 Vineyard avenue, Wil-
liam Connors, of 89 Garden street, and
Louis Hopkins, of 38 Garden street.

The children had floated nearly 200
yards before they were rescued. Last
spring he jumped from the window of
his house on the banks of the creek and
rescued a child in a heavy freshet.

A TALK WITH
HON. GEO. W. ROSS

What the Premier Told the Man
From the Mail—Whitney Has
Nothing to Say.

Toronto, Jan. 8.—Premier Ross was
seen by the Mail and Empire at his
home last night. He was naturally
well satisfied with the results of the
bye-elections. The Liberal party re-
garded it as a splendid victory, he
said, and felt that it was the turning
point in the fate of the Government.
With these three seats he was given
a majority of five, and he felt now that
he could carry on the Government of
the Province without any difficulty, as
he believed every supporter of the Gov-
ernment would stand by him in any
reasonable legislation he might pro-
pose.

The hope was also expressed by the
Premier that now, at the end of the
campaign, the bitterness and party
feeling which characterized it would
subside, and that the political plat-
form henceforth would be used for the
discussion of public questions rather
than for casting reflections on political
opponents. Ontario deserved the best
energies of both parties to secure its
highest development, and so far as he,
as Premier, was concerned, he hoped to
be sufficiently relieved from elec-
toral contests for the remainder of his
term and apply himself to the proper
functions of a legislator. His advice
now was, let resentment subside and let
Ontario prosper.

Mr. Ross added that he wished to
express his indebtedness to those
friends who had given their loyal sup-
port to his Government, and also to
the party workers for their self-
sacrifice in placing their time at the
disposal of the party during the last
three weeks. "And I might say, too,"
the Premier concluded, "that the house
will be stronger because of the talent
and standing of the three successful
candidates."

During the evening Mr. Ross re-
ceived a score or more telegrams from
various parts of the Province con-
gratulating him on the Government's
victory.

MR. WHITNEY SILENT.

Mr. J. P. Whitney, when seen by the
Mail and Empire, said he did not care
to comment upon the returns at all
until full and authoritative details
were received from the three constitu-
encies.

IN DREAD OF DISEASE

There Are Fears That Bubonic Plague
May Reach Arizona.

Tucson, Ariz., Jan. 8.—The spread of
the bubonic plague towards the United
States has caused such great alarm in
Arizona that six prominent physicians
here sent the following dispatch to the
surgeon-general of the marine hospital
service:

"Reliable reports from Guaymas
indicate that an epidemic of bubonic
plague at Topolobampo and Guaymas
is extending north. Cargoes from
infected ports are unloading daily at
Guaymas and other ports with no
precautions whatever. The mortality
rate is over 50 per cent, and the epi-
demic is spreading rapidly. It is a
great menace to Southern Arizona and
should be investigated immediately and
quarantined against. Infected ports
should be established."
