

Heed Fans Request and Give Young Mack Bout With Villa

MACK TO MEET FLYWEIGHT KING IN TORONTO BOUT

Crack Queen City Bantam Signs To Fight Pancho Villa.

IS FANS' CHOICE

Special to The Advertiser.
Toronto, Nov. 26.—Donnie "Young" Mack of Toronto is going to get his chance against Pancho Villa, the Filipino Fireball, at the Coliseum on December 5. Charlie Hallat, the international A. C. matchmaker, who jumped to New York Friday night when Eddie Pinchot, the original selection to meet Villa, pulled out because he could not meet the weight requirements, arrived back home with a new contract for Villa to meet either Young Mack or Howard Mayberry of Dujuth.

"The Pancho people knew Mayberry and wanted him," said Hallat today, "but I insisted on a contract covering both Mack and Mayberry, and I got it. When I got back here I found a stack of letters a foot high, demanding that Mack be sent against Villa and the office had been bombarded with phone calls with the same request, so I decided to get Mack. Mack showed me that he was fit and ready, so I signed him up this morning. Mack is the fans' choice."

The definite selection of Mack is pleasing to Toronto fans who are convinced that with the hustling Toronto youngster in there they will see a rousing slugfest. It may not go the route, but it should be all action. It leaked out today that Villa's manager did not see the idea of having his champion meet Mack when he heard that the Toronto kid had drawn with Bobby Eber who had previously beaten Irish Johnny Curran and Midge Smith of New York. There is one thing certain—Mack will be strong and rugged at 118 pounds at 2 o'clock. He is within three pounds of his weight now. He has been conditioning three weeks after a month's lay-off.

BRANTFORD TO PRACTICE ON RINK AT GRIMSBY

Canadian Press Despatch.
Brantford, Nov. 26.—The Brantford intermediate O. H. A. hockey team has secured an hour on the rink at Grimsby for tomorrow evening, and some fifteen players will make the trip. Last year the locals had to start the season away from home without ice practice, as the local rink was under repair. They won the district in spite of this, and went on until Niagara Falls put them out. This year the management is determined to have the team given every possible chance; hence the use of artificial ice to get into shape this early.

WILL FIGHT VILLA.

Donnie "Young" Mack, Toronto, has been matched against Pancho Villa. Since Eddie Pinchot found it impossible to reduce weight sufficiently to meet Villa, the International Sporting Club will send the Toronto boxer against the champion instead. The match will take place in Toronto Dec. 5.

TO RESTRICT PLAYERS IN GOLF CHAMPIONSHIP

Royal and Ancient Club Takes Action To Eliminate "Rabbit" Nuisance.

Associated Press Despatch.
London, Nov. 26.—There won't be any rabbits leaping from bunker to bunker and otherwise cluttering the fairways in the British open and amateur golf championships next spring. A "rabbit" is a duffer who persists in playing in the big events though everyone knows he hasn't a chance to win. Next year only those golfers having a national handicap of four or better will be eligible to compete in the amateur championship at St. Andrews. No amateur with a national handicap higher than two will be eligible to compete in the open championship at Hoylake. These restrictions were recently inserted by the championship committee of the Royal and Ancient Golf Club.

STATE POSTPONING GAMES IMPOSSIBLE

University Grid Tilts Must Be Played Despite the Weather.

By C. G. MARSHALL.

New York, Nov. 26.—Between sneezes and trips to the doctor's office today, the survivors among the 120,000 people who sat in the rain Saturday afternoon to provide the background for the two big football games played in the east were asking themselves, the newspapers and college officials why it is necessary to stage the classics in such weather. In other words, they want to know why a football game cannot be postponed as a world's series baseball game or any other big athletic event performed in the open.

There are several good reasons why these games must be played on the dates scheduled, but the most important, and doubtless the governing one, is that the faculties of the colleges and universities have other things for their young men to do than to play football. Some of the learned professors, seeing huge stadia erected all over the country at greater cost in most instances than the most pretentious college buildings, have even been so inconsiderate as to ask parents whether they preferred their sons to have a "Y" or an "H" on a sweater or a "B.A." on a sheepskin.

Football is too popular not to retain its place in college life, but the powers that be intend that it shall keep its place. It may have its Saturdays, but the other five week days belong to the school. And since there are a limited number of Saturdays in a football season, and a game scheduled far ahead for every one of them, postponements are not possible.

Persons who never have had the opportunity to see one of these big games, and particularly one played under such adverse conditions as at Cambridge Saturday, have a natural curiosity to know the kind of people who would sit for two hours and a half in a driving rain, entirely exposed to elements except for the clothing they wear. They are just ordinary every-day folks, and of all ages too, which makes it the more surprising.

AWARD YOUNG STRIBLING DECISION OVER EGAN

Associated Press Despatch.
Boston, Mass., Nov. 26.—Young Stribling, schoolboy light-heavyweight, of Macon, Ga., was awarded the decision over Joe Egan of Dorchester after a dull ten-round bout here tonight. Stribling weighed 166 pounds, and his opponent 155. The Georgia schoolboy was cheered by a section of the audience, and there were frequent references to his battle with Mike McTigue at Columbus, Ga., and to "the Ku Klux Klan." Egan was on the defensive throughout, and the only attack displayed by Stribling was a club-like right to the head.

BALL RETURNS AFTER STRUCK

Latest Golf Invention Intended For Beginners in Game.

Special to The Advertiser.
Toronto, Nov. 26.—The latest golf invention comes from England, and is known as the Auto Tee. Walter Johnson of this city has had it out at several of the local golf clubs the last couple of week-ends, where it has made a decided hit. The Auto Tee is a contrivance for learning to drive and for practice and teaching purposes. It can be set up in the backyard, and the player can take a full swing on the ball—and doesn't have to chase it. Like the cat, the ball comes back. This is accomplished by means of a double rubber cord working on pulleys inside the hollow 15-inch iron spike, which is imbedded in the ground. The ball attached to the rubber cord, is set up on a tee, and the player can swing on it to his heart's delight—and it always comes back.

The Panorama of Baseball

LANDSLIDES ON THE DIAMOND

There are many kinds of landslides but the greatest of them is the slide to base. What must have been the surprise of the baseball player who first slid to base? Robert Addy, in 1886, is first credited with the feat; literally the feet, for the old-fashioned way of sliding was feet first. Then, during the regime of Harry Wright with the Red Stockings, he saw a man one day, named Mose Chandler, get to base head foremost, and he made his men practice the stunt. It is an acrobatic thing, this sliding to base, and it saves the day for many a man. The long body slide and the hook slide require a snapping of the body which makes or breaks a man. Ty Cobb and Hans Wagner and Tris Speaker developed the slide to perfection, and the exciting point in a game is to see a man get his base within a hair line of the ball, yet safe. With his feet on base and his body supple enough to elude the ball in hand, what has a base runner to fear from the most astute baseman? But sliding is not a haphazard thing where the feet are implements to scare the baseman with. One must think with one's feet.

A Famous Hit.
Baseball history records along with the first slide, the first punt and other milestones in baseball progress, the first phenomenal hit. Hugh Fullerton has told the story well. This hit did more than earn the man at the bat a home run; it made the fortune of a saloonkeeper. The crowd left their seats and followed the ball off the grounds. It was in Cincinnati and Longe was at the plate. He walloped the ball down center field, clear over a fence which was built atop a high embankment. The ball sailed across Western avenue and shattered through a saloon window. And when

STAGE IS ALL SET FOR REGINA-QUEENS

Westerners Will Have Workout At Stadium Thursday Morning.

Special to The Advertiser.
Toronto, Nov. 26.—The stage is all set for the final Canadian football championship at the Varsity stadium next Saturday afternoon.

Queen's University will represent Eastern Canada, and Regina will furnish the representatives from Western Canada.

The Canadian Rugby Union announced today that tickets for the game will go on sale tomorrow morning at Moody's, Spalding's, King Edward and Hart House.

The Regina team is expected to arrive in Toronto Thursday morning and to have a workout at Varsity stadium that afternoon. Officials will not be appointed until they arrive. A neutral eastern man will referee and a western nominee will umpire. Regina has asked Bryan Timmis of Ottawa to act as umpire, and he may accept.

REGINA TEAM LEAVES

Regina, Nov. 26.—The Regina rugby team, western champions, left tonight for Toronto, where they will play Queen's University, eastern champions, for the football championship of Canada. There will be 22 in the party, including 19 players. Members of the team who will make the trip include: Howie Milne, Fritz Sandstrom, Stew Leigh, Art Brown, Jack Rowand, Scotty MacEachern, Colin Foster, Bill Creighton, Jerry Crapper, Tare Rennebohm, Jack Arnott, Charles Davis, Arvo Wood, Howie Otton, Bricks Peebles, Helme Rogers, Jack Gilhooley, Bill Smith and Bill Kerr. Manager Al Ritchie, Coach Ed Eadie and Trainer Jimmy Thompson will complete the party.

Coach Eadie declared that if Queen's can show any marked superiority over the Regina team they must be hailed as a team of supermen.

"The Regina team," he said, "is without a flaw or blemish so far as I can see. The players have taken their training more seriously than any team I have ever been interested in, and win or lose, they are sure to win the admiration of eastern fans next Saturday."

With Scotty MacEachern in top form, there is no doubt but Regina's backfield will cause some surprises next Saturday, for, with Leigh, Milne and Rowand, each of them fleet of foot and deadly in tackling, in the best of condition, it would be hard to imagine a more brilliant backfield.

Regina's wing line, which won the unflinching praise of critics in their fight through to the western championship, is intact and trained to the minute.

Below are the names, positions, ages and weights of the Regina team:

TO REPRESENT DOMINION.

The efforts of A. W. Covey, president of the Maritime Provinces branch of the A. A. U. of Canada, and representative of the Maritimes on the Canadian Olympic committee, and others to secure the selection of Charles Gorman, skating ace, as Canada's representative at the Olympic speed skating contests at the Chamonix, France, on Jan. 26 and 27 next, have been crowned with success.

MAY SELL NEWARK CLUB TO NEW JERSEY GROUP

Associated Press Despatch.
Baltimore, Nov. 26.—William Ashton of Baltimore, president of the Newark International League Baseball Club, today confirmed the report that he had given an option on the club to Mayor McConnell of Montclair, N. J., and a syndicate of Montclair men. The option expires on Nov. 28.

Ashton said he understood the Montclair group would try to get Casey Stengel, recently traded to the Boston Nationals by the New York Giants, as manager.

Coach Eadie declared that if Queen's can show any marked superiority over the Regina team they must be hailed as a team of supermen.

SETS NEW SIX MILE RECORD

Verne Booth Covers Distance in 32 Minutes 10 Seconds.

New York, Nov. 26.—Verne Booth of Johns Hopkins interscholastic two-mile champion, today raced to a brilliant victory in the varsity intercollegiate cross country championship race at Van Cortlandt Park. Booth led a field of more than 300 runners representing 37 eastern colleges nearly all the way. He finished 100 yards ahead of his nearest rival, Bright of Carnegie Tech., and set a new record for the six-mile course which he covered in 32 minutes 10 seconds.

OLYMPIC COMMITTEE HANGS OUT 'S.R.O.' SIGN

Stadium At Colombes Will Accommodate Seventy Thousand Spectators.

Associated Press Despatch.
Paris, Nov. 26.—The French Olympic games committee already has hung up the "standing room only" sign at the Colombes stadium, although the official opening of the 1924 Olympic games still is seven months away.

The stadium provides accommodation for 70,000 spectators. There will be 20,000 reserved seats, divided evenly among the two covered stands on each side of the track, known as the "official" and the "marathon" stands. The remaining 50,000 persons will be accommodated with standing room at both ends of the bowl and at the turns.

The British and United States Olympic committees have requested 5,000 seats for spectators from these countries, while Sweden and Italy each have requested 1,500 seats. The remaining 7,000 seats have virtually all been reserved by the smaller nations, leaving hardly any for the French committee to dispose of to French sport lovers.

EQUESTRIENNE IS INJURED IN FALL

Sammy Jarvis Captures Honors, Taking Two Mounts Over Hurdles.

Canadian Press Despatch.
Toronto, Nov. 26.—Miss Dorothy Wood, the Calgary equestrienne, who has been electrifying crowds at the coliseum horse show in a spectacular stunt of jumping her horse over a seven-passenger touring car, met with an accident when her mount caught its hind feet in the auto and toppled over with its young rider under. Miss Wood received injuries in her head, but later she pluckily remounted her horse and cleared the jump.

Sammy Jarvis, son of Aemilius Jarvis, Toronto, captured the honors in this afternoon's events by taking two mounts over the hurdles for first position in two jumping contests.

The first event was the thoroughbred hunters, which, with a comparatively small field of twenty, still brought out some of the best animals from Canada and the States. Solar Eclipse, ridden by Jarvis, took first; Maxine Belle, came second, while third honors went to Shorncliffe, from the Sunnybrook farm, ridden by William Jackson.

Other mounts high up in the average were Almighty Dollar, A. Beardmore (Toronto), ridden by Charles Morris, and Tango Dance and Keg of the United States cavalry.

In the jump for lightweight hunters, Jarvis took Hard Pan over for the only clean run, although he was closely followed by Shorncliffe of the Sunnybrook farm, and Little Canada, owned and ridden by H. F. Benteou of Port Chester, N.Y. Shorncliffe and Little Canada were tied on jumping honors, each having had but one point to the bad, but with conformations accounting for 40 per cent, the Canadian animal won second place. There were 18 entries in this event, and two of the riders were thrown over the hurdles. One of them was Miss Elizabeth Briggs of Detroit. In being thrown she struck the gate, but was able to remount and finish the course.

The Choice of the Champions

Nearly all the hockey players of such crack teams as these use C.C.M. Automobile Skates:—

- Edmonton "Eskimos," Western Pro. Champions.
- Stratford, O.H.A. Intermediate Champs.
- Kitchener, O.H.A. Junior Champions.
- Winnipeg "Falcons," Manitoba Senior Champions.
- Souris, Manitoba Intermediate Champs.
- "Sons of Ireland," Quebec Province Champions.
- "Abegweit," Champions of Maritime Provinces.
- All the Alberta Amateur Champion Teams, senior, intermediate and junior, use C.C.M. Automobile Skates.
- Ottawa "Senators," World's Professional Champions, won on C.C.M.-made Skates.
- Many of the best hockey players in the United States also use C.C.M. Automobile Hockey Tubes or Model "D".

Such racing stars as Miss Gladys Robinson, the International Women's Speed Skating Champion; Charlie Gorman, the holder of the 440-yard world's record, and Jackie Marr, the Boy Wonder, use C.C.M. Skates.

C.C.M. Skates are The Choice of the Champions because of their speedy qualities and their wonderful strength. For the same reasons, they should be your choice, too.

Whether for Hockey playing, for Racing, for Figure Skating or for Pleasure Skating, there are C.C.M. models to meet the most exacting requirements.

The Chrome Nickel Steel blades of C.C.M. Automobile Skates are practically unbreakable. Inside their hard, brilliantly finished exterior is a "core" of tough steel that makes C.C.M. Skates capable of withstanding very severe shocks and strains without snapping or bending.

Ask your dealer to show you the C.C.M. line—models for men, ladies, boys and girls.
