The presence of the Princess Mathilde alone saved the party from being distinctly an Orleanist demonstration. The Duchess de Luynes presented the Czarina with a bouquet from the Duc d'Orleans, pretender to the throne of France, and Her Majesty sent her warmest congratulations. The whole affair was most cleverly managed, and even the flercest Radicals have not dared to protest against it. All sorts of interpre-tations are being placed upon the incident, but the fact remains that from the hour he landed at Cherbourg the Czar behaved in the most conservative and iolomatic manner.
