No matter when its close.

A tall stylish matron coming down th street
Andher tall form disclosed To me an old C. H. S. girl Walking in calm repose.

I'm sure you all know whom I mea The tallest girl of us all la Laughlan kept a tailorshop Where Parisian peope do call.

Elizabeth Anslow next I see A spinster tall and severe Taking the world championship As an athlete year after year. always knew Lizzie would be far

In athletics of every kind, or in our years of C. H. S. they To take up all her time.

Of a well-drest man I next recount My he's some sport I'd say, The finest catch in the country And he belonged to our High Scho

Just as they are interested too As a perfect voice and cl chocolates Always tells him who is who.

Edith Wran doing the work of missionary,
In a land as yet untold,
Brought back again the memories
Of C. H. S. of old.

The missionary life appealed to her Since back in old school days, Edith held the wonder of all the boys With her celestial ways.

For Mickey McDavid we all knew Would be a dentist, small but capable Of pulling a tooth or two.

For it really was his calling
Since in '22 he took
His front tooth out a dozen times
And laid it on his book. Anyone who could make such a fitting Of false teeth at his age
Would as the years past by
Be considered quite a sage.

Far away in a busy city Through the hurrying crowd and din
To a majestic theatre
This next key let me in.

Everywhere had been advertised This actress of such fame Whose hair was of the reddish hue

But this was not all Vernie Murray Had a sweet pathetic voice And this with her ever smiling face Makes Vernie the season's choice.

was an ivy-grown cottage

Far in the shady hills Where Muriel Adams sought refuge From this world and its ills

In that cosy little snot or being a ciergyman's dutiful wife. Has fallen to her lot.

Next I see a great musician
Whom the world is proud to know
Walter Gilker always dreamy
But his dreams have now come true

And Beethoven has a rival In this old classmate of ours Whose mind was dreaming music
