The list of transfers showed that 41 stallions and 11 mares to the Northwest, and two stallions to British Columbia. This number includes only those who have been transferred in the books. An equal number lists been sent out of the province without being transferred.

Mr. Charles B. Watts, secretary of the Dominion Millers' Association, stated that some consignors also systematically mixed 50 to 100 bushels of goose wheat with—a car of white wheat and recommended that the resolution be extended to cover such practices as he mentioned.

Mr. W. D. Matthews seconded the resolution. It was opportune, he said, that steps should be now taken in the matter. "We do trade here," he continued, "having confidence in one another, and if this confidence is shaken it will result injuriously to the grain trade of the country. Prompt action will do a great deal towards obviating this. It hink we should combine one and all."

LOVERS OF HACKNEYS.

They Meet and Form a Canadian Hackney Horse Society. For some time past hackney owners throughout the Dominion have thought that it would be to their advantage to form a hackney association in Canada to act in concert with the American society. A meeting of hackney owners was held at the Queen's Hotel last night for the purpose of forming such an association and everything was fully arranged. Those present were: Robert Davies, F. W. Hodson, London; R. Miller, jr., Brongham; Robert, Graham, Claremont; John Hope, Bow Park, Brantford; Robert Beith, Bowmanville; A. E. Mayor, Whitevale; G. H. Hastings, Deer Park; W. Beith, Whitby; F. There should be no waste of time or toying with "Uncle Sam," or with other middlemen. Canada has nothing to fear. Everything she bas to offer is of the best, and her surplus products will largely locrease in the future. Toronto should be an important distributing point.
