eases of poisoning in the quiet and well-regulated city of Hamilton, but to-day we have to deal with a case which is in many ways interesting and remarkable. The case 200 Piano and Organs to before us is not an ordinary ser of attempted suicide, or an effort to take life, to the public it is a matter of great moment—the story is pregnant with a great and wonderful interest to every individual

moment—the story is pregnant with a great and wonderful interest to every individual and family.

The facts of this strange poisoning case given through the press of this country will be the means of calling attention to what we believe to be a great evil—a disease that is now doing dreadful work in some of our large centres of population. We now refer to "tobacco poisoning," which at the present time is common in many of our large tobacco and cigar factories?

Mr. Edward Odell of 158 Mary-street, Hamilton, is a cigar maker by trade. He is a very worthy man and highly respected by his friends and employers, and is called a first-class workman.

Some time ago Mr. Odell found that his health was not in the condition it ought to be. He found himself terribly weakened and shattered by nervousness and nervous debility. He naturally became anxious and troubled, and for a time wondered why he was so weak and broken-down. The truth dawned upon him with startling force that he was suffering from "bobacco poisoning."

Mr. Odell being a man of decision, and always avoiding procrastination, decided to consult the best medical talent. He did this quickly and informs us that he was treated by several physiciaus, but received no benefit. Weeks of this treatment was followed, and Mr. Odell still suffered; the poison was permeating his whole system, and his life was in positive danger.

At this crisis Mr. Odell was fortunately advised to use that unfalling remedy of nature—Paine's Celery Compound. Without delay or questioning he sent to his druggist and procured what afterwards proved to be his rescuer and renewer. Mr. Odell, for the benefit of other sufferers, and to mark his appreciation of the remedy which gave him his present good health, writes as follows:

"Having been entirely cured of nervousness by your Paine's aCelery Compound I would like to say a few words for it. For nearly six months I was afflicted with nervous debility. I tried all the medical men, but seetimony heartily, as I consider I owe my good health to yo

"This is to certify that I am acquainted
with Mr. Odell of Flynn Bros., cigar makers,
and can verify all the statements he makes
in his testimonial.

and can verify all the statements he makes in his testimonial.

"FRED H. YAPP,

"Druggist, Hamilton, Ont."

This wonderful and rapid cure effected by Paine's Celery Compound, after the doctors failed, is just the kind of work that is being done every day in all parts of Canada, when this great remedy is used. Who can doubt the truth of the marvelous cure and rescue which we have just recorded? Mr. Odell is well known, and we are sure will be pleased to satisfy all enquirers. Then we have the confirming statement of Mr. Yapp, one of Hamilton's best-known druggists. All these strong evidences of honesty and truth should lead all doubters who suffer to begin at once with Paine's Celery Compound if they are nervous, weak, sleepless, dyspeptic or broken down in health and strength. It will cure you, reader, and give you the new life you are so anxiously desiring.

A CHARITY CONCERT.

The Haven and Prison Gate Mission See to Replenish its Treasury. This charitable institution has been doing noble work for the past 14 years. Very little public attention has been called to it. Some idea will be formed of the scope of its work from the fact that since October last 200 women and children have been admitted and cared for either temporarily or permanently

for coal, groceries and other necessary sopplies.

To meet this deficiency a concert will be given at the Pavilion Music Hall, Horticultural Gardens, on Thursday, March 3l, and the talent engaged is such as ought to see ure a very large attendance. The following names, which appear upon the program, are themselves a guarantee of the high class of this entertainment: Mrs. Caldwell, soprano; this entertainment: Mrs. Caldwell, soprano; traito; Mr. George Fox, violinist; Mr. J. W. Bengough, humorist; Mr. H. M. Blight, baritone.

A very pleasing feature in connection with this event will be a Japanese fan drill hy the young ladies of the C.M.S.S.A.A., under the direction of Capt. Thompson.
