

"STRUCK BY A CYCLONE."

What's the Reason?
Bradford has had in the last half century many experiences of a sensational nature. Fire has devastated it, the usual surprise incident to business transactions that come to any business community, hard-fought battles in games and sports have taken place within its precincts. When "Greek meets Greek" was the expression when the contestants for honors displayed nature's best combination in skill, dexterity and muscle. With these five decades of years many have come and gone, and while Bradford stands high in the average, some have failed to successfully contest in business interest. This leads up to the question, "How comes success?"—in certain roadways to some, while others, apparently equally as well equipped, either simply exist in business and follow the procession, or turn off on some side road that leads to the bush of oblivion. This can be accounted for in many cases by conditions, but when a business venture located in our town, in less than four months jumps from a mere local one of small proportions to one that has marked it without precedent in Canada, and this has been done in the short time noted. The question may well be asked what has caused this cyclone that has overcome opposition as quickly as "the snow of the Northwest by the Cheenook winds?" We refer to the business of Edmondson, Bates & Co., who have within the last few months removed to Toronto. Having considerable business with them and being freely granted access to their sales and invoice books, can vouch for following astonishing figures being correct. The sales of Dr. Chase's Kidney-Liver Pills and Ointment for last three months are 800 per cent. more than any previous three months on record. These goods must have merit.

Again, how can one account for this remarkable and rapid increase is asked them, and the reply was in the first place Chase's goods have the intrinsic merit that demands public acknowledgment and we are simply getting the acknowledgment that is due goods of unquestionable merit when assisted by well-timed and judicious advertising. A pointer to advertisers can be gained from this upon considering that E. B. & Co. place a large proportion of their advertising expenditures with newspapers, depending then upon the merits of their goods to substantiate their advertised statements and win their way to public favor and universal patronage. The deduction we would make is when you have a business founded on merit and one that gives value for what received it pays to advertise and advertise well.

E. B. Hunter's New Store.
Formally opened to the public will E. B. Hunter's new store be today. At 31-33 King-street west a veritable little palace has been constructed, and in it Mr. Hunter has a carefully selected stock of tailoring materials and goods of various kinds. The firm has had 27 years' successful existence, and the new premises form a fitting milestone in its march of progress.

On the one side of the well-lighted shop is a range of wools, which for quality will be unsurpassed. The stock of goods' furnishings that has been carefully selected for the new establishment is especially attractive. The whole of the old stock was disposed of at the old store and the new stock is one that has been carefully bought. The new establishment is a really attractive one and worthy of a visit.

Independent Order Foresters.
Last evening the chambers of Court Toronto, on Temperance-street, were the scene of a very pleasant gathering, in honor of the election of Bro. Harry Collins to the position of high chief ranger of the High Court of Ontario, and the appointment of Bro. W. J. Kirby as high junior woodward. Addresses were delivered by prominent Foresters of the city, congratulating Bro. Collins upon his election to the highest position in the gift of the High Court, and wishing him all success. Bro. Collins, who is a silver-tongued speaker, replied in eloquent terms to the many kind things spoken of him, and assured the brethren present that nothing would be lacking on his part to push forward Forestry more than ever.

"Trip Around the World."
Mr. W. E. Ramsay's "Trip Around the World," to be presented in the Massey Music Hall, Friday evening, Oct. 19, will include scenes of famous cities, landmarks in the world's history, mountain scenery, beautiful lakes, historical cities and towers, the luxuriant tropics, the great desert and the frozen poles. It will be produced on an elaborate scale, with all the latest mechanical effects, showing storms at sea and on land, volcanic eruptions, mighty tempests, etc. Mr. Ramsay will introduce all the newest and most popular London songs and sketches heard and seen by him while in Europe.

Mrs. Mountford's Lecture to-morrow.
Mrs. Von-Finkelstein Mountford, the Oriental lecturer, will deliver her lecture, "Ezra House," in the Pavilion, to-morrow, Sunday, at 4 o'clock. The lecture will be preceded by a song service at 2:30, conducted by a large choir under the leadership of Mr. J. Hammerly Wilson. Miss Eva N. Roblin, soprano, will sing a solo entitled, "Jerusalem," by Parker, and a quartet consisting of Mr. and Mrs. Wilson, Miss Roblin and Mr. A. E. Hunter will also sing. Doors will be open at 3:15 in order to avoid a crush. As this is Mrs. Mountford's last lecture, there will no doubt be a large attendance.

Dentist Johnson in Custody.
John Henry Johnson, whose matrimonial troubles while he was a dentist in an office in Parkdale were the subject of considerable comment a few months ago, was arrested yesterday on a warrant issued by his wife, who is now living in Port Hope, charging him with non-support. He was taken to Port Hope yesterday afternoon.
