

CO-OPERATION IS URGED BY HANEY

West Lambton Member-Elect
Speaks To Sarnia C. of C.

\$100 FOR PLAYGROUND

Announcement of Plans of Dominion Steel Corporation Expected.

SARNIA, July 3.—Wilfred S. Haney, member-elect for West Lambton, was the speaker at the Chamber of Commerce Luncheon Club this afternoon, his theme being "Dominion Day and What It Stands For." Mr. Haney was enthusiastically cheered throughout his address and his improvement as an orator since the beginning of the election campaign has been a point where Mr. Haney may now be classed as a fluent, forceful and convincing speaker.

Paying high tribute to the pioneers who blazed the trail to Canadian nationhood, Mr. Haney pointed out their ideas, though lofty, had transpired into something real. Touching on the effort to produce amity in recent years between rural and urban populations, Mr. Haney said it was part of the duty of the Chamber of Commerce to bring about a cordial co-operation between the two.

R. M. Norton, chairman, introducing the speaker, drew a comparison between a fight now in Montana where had entered the shipyards during the war to dodge the draft, and on the "olive" of another fight was showing "olive" again, and the speaker who had served his country in time of war and had continued his "fight" until the people of West Lambton acclaimed him as their member in the Ontario House.

ASSIST PLAYGROUND. Backing up its good wishes with solid coin, the Sarnia C. of C. has agreed to underwrite the sum of \$100 toward the local Red Cross to go on with the supervised playgrounds at Bay View Park. Six members of the City Council, along with Mayor Cook, have promised that the city will grant \$300 more for the same purpose. The playgrounds are, therefore, to be opened this week as in former years. Up to this time the Red Cross ladies had decided that the financial burden of maintaining the playground was too heavy and the idea had been abandoned. It was considered that supervised recreation was a vital necessity and the Chamber of Commerce moved in the matter with the above gratifying results.

There have been several meetings in Sarnia during the past few days of the directors of the Dominion Alloy Steel Corporation. These conferences closed to-day with the departure from Sarnia of W. R. Boyd, of Toronto, president of the company. Mr. Boyd, who is a son of J. J. Mahan, of Newark, N. J., and Fred W. Warner, of Detroit. These meetings will be followed by another meeting next week when, it is stated, some interesting and definite developments may then be expected in connection with the company's plans.

A truck belonging to Silverwoods, Limited, of London, Ont., went over the bank of the St. Clair River last evening on the river road near Sarnia, the driver, Albert Saul, a London man, suffering slight injuries to his leg. The accident might easily have been of a more serious nature, and as the truck was only recovered with the greatest difficulty.

July's building record for this city got off to a good start when the construction of a frame house on the west side of College avenue, for which the estimated value was \$7,000, was started by J. J. Phipps, a contractor. Two other permits, one for repairs and one for the construction of a garage, bring July's total, with but three days gone, up to \$7,400.

The outbreak of measles, which formed a blot on the city health report for the week ending June 23, is now a mild type. This was indicated by the report for the week ending June 30, issued to-day, which listed but one case of contagious disease, namely, scarlet fever. The mortality record comprised five deaths.

COLLECT \$247,221 IN TAXES. Taxes and interest paid into the office of the city tax collector during the month of June amounted to \$247,221, according to a statement issued to-day, while the water rates and tapping charges totaled \$10,347.

June, the month of brides and roses, saw 16 marriages recorded here, according to the official statistics issued at the city hall to-day. During the same period the stock paid 22 visits and 18 were taken by the grim reaper. The Central Baptist and Central Methodist churches will unite for services during the month of July and August. This month Rev. R. McKay will conduct united services in the Central Methodist Church, and in August the Rev. J. E. J. Millard will conduct services in the Central Baptist Church. The Ford dealers of Lambton County will hold their annual picnic at Lake Huron Park on Wednesday, August 1. This picnic was held last year at Bright's Grove and was the largest ever held in Western Ontario. One thousand people are expected to turn out for this year's big event.

ACCIDENT IN HIGHWAY DIES AT GODERICH

Crash in Motor Cycle Race Fatal
To Stratford Man.

GODERICH, July 3.—The death occurred shortly before noon to-day of Nigel Easton, son of Henry Easton, of Stratford. Death was caused by injuries received yesterday in the motor cycle races held here in the July 1st celebration. In the race for motor cycles with side cars, the deceased young man was on his last lap, and in making the turn at the back stretch something apparently went wrong with his machine, forcing him off the track and into the fence. The occupant of the side car was uninjured. Easton was picked up in an unconscious state and taken to the hospital, where everything was done to relieve the sufferer.

A coroner's jury viewed the body this afternoon and adjourned till Tuesday. The body will be taken to Stratford in the morning. The fatality has aroused much sympathy locally, as the young man's riding proved a thriller to the crowds.

BREAKS UP IN
FALL FROM LADDER

SPRINGFIELD, July 3.—Solon Walker, of this place, was badly hurt on Saturday. While in the act of standing at the top of a 20-foot ladder, to remove a basket of salt that had been left on the beam, he toppled back to the cement floor. He is suffering from a broken hip and bruised arm.

The above is a photo of the DUNLOP float which took part in the big parade, attended by nearly 150,000 people, on Danforth avenue, Toronto, June 19, 1923.

As far as known, this is the first time in the history of any such occurrence in Canada of a tractor being equipped with pneumatic tires. This innovation created a great deal of interest and the float, which was effectively decorated throughout in blue and white, took first prize. There were about 150 floats in the parade.

CAPT. DONALD M'MILLAN SAILS FOR FAR NORTH; MAY BE TWO YEARS AWAY

Party Leaving Sydney On Bowdoin Includes Members Who Have
Been With Explorer On Previous Arctic Trips

SYDNEY, July 3.—(By Canadian Press).—Capt. Donald M'Millan and his men cast off from the wharf here at 6.04 this evening and headed the vessel Bowdoin for the Far North. The Bowdoin took provisions, oil and ice here. "I am not back in Sydney harbor by September, 1924, then I will remain in the Arctic one more year," said the intrepid explorer to-day. M'Millan's crew on the Bowdoin includes several associated with him in his many trips to the Arctic. One Nova Scotian, besides M'Millan, who is a native Cape Bretoner, will make this trip. He is W. A. Lewis, of Digby, N. S., the cook.

The other members of the M'Millan party are Thomas McCue, of Brigus, Nfld., who went over the top

36 times with a Newfoundland regiment, and as a result wears several decorations; Ralph Robinson, one of M'Millan's veterans, who is the assistant; Richard Goddard, who will be in charge of the magnetic work; Abe Bromfield, of Labrador; John Jaynes, engineer, who was a special marine inspector for the United States Government during the war, and Don, Mx, the 21-year-old wireless operator. Mx was selected for the trip on the Bowdoin out of 15,000 young men who are members of the American Radio Relay Association. Capt. M'Millan is taking to the Arctic a beautiful bronze tablet, which he will place at Cape Sabine, where 18 members of the famous Greenlee expedition, back in 1884, died of starvation and exposure.

WILL USE PUMP FOR PRACTICES

Strathroy Council Settles Dispute Between Chief and Waterworks Dept.

INCENDIARISM CHARGED

Norman Wilson Arrested On Warrant of Windsor Resident

STRATHROY, July 3.—The Town Council held the regular monthly meeting to-night. A discussion arose on the subject of the fire department regarding the sounding of the siren and the starting of the direct pressure pump for fire practice. The matter was taken up with the fire and water committee and a resolution by that committee that the siren blow and the pump be started for fire practice was adopted. This settles the dispute between the fire chief and the manager of the waterworks department.

The clerk was instructed to write the hydro commissioners, Toronto, and have them remove a number of their high tension poles back from the river in Alexandra Park, where the council desires to widen the stream before the erection of the new county bridge on Caradoc street.

The council was adopted that all boulevards constructed by citizens from their homes were to be no more than four feet in width and all to be the same street on the same street. A communication was received from A. W. Bixel, barrister, complaining of insufficient drainage at the corner of Beema street and Main street. The council ordered the waterworks department to overflow water running on to the property of his client, Mrs. Sarah Herd. The letter was filed.

HELD WINNING TICKET. Mrs. Charles Murphy, of the 5th line, of Metcalfe, was the owner of the lucky ticket, No. 334, which entitled her to the car given away by Langan Brothers, which was drawn for during the U. F. O. picnic here yesterday. The ticket, which was drawn by John Jay, was announced by Mayor Wright.

INCENDIARISM CHARGED. A man by the name of Norman Wilson, claiming residence on his home, who has been working for David Howe, on concession 7, Caradoc, prior to his removal to Windsor, had his barn, with his horses and stock and all the contents, completely destroyed by fire last New Year's night. Wilson will be taken to the county jail at London to-morrow by Chief Jall.

FOUR-LEGGED DUCK BORN AT BRYANSTON

BRYANSTON, July 3.—In the light of recent developments Bryanston feels justified in making a bid for fame. West Kingston, Ontario, has a duck which may boast of prehistoric mastodons. Beech Park may grow freakish vegetables, but Bryanston claims to have the only real and original four-legged duck.

According to reliable informants Heber Baycliffe's incubator presented him with a four-legged duck entirely normal and well formed in every other particular. Great interest is being displayed in the unconventional duckling who, careless of the censure of a critical world, nonchalantly makes his debut just twice as well equipped as the rest of his family.

To satisfy their curiosity regarding the phenomenon's aquatic powers a trial test was held in a washbasin yesterday, and it manoeuvred in good form.

THREE HAVE CLOSE CALL IN RALEIGH

Fletcher Woman and Children
Thrown From Buggy In
Crash.

AWARDS M.O.H. INCREASE

Woman Pinned Beneath Overturned Car As Result of Collision.

CHATHAM, July 3.—Mrs. George Laidlaw, Fletcher, and her two children had a narrow escape from injury at 10 o'clock last night while driving in a buggy along the provincial highway near the 4th concession of Raleigh. The buggy was struck by an automobile, which was driven by Thomas Montgomery, of Raleigh, who failed to notice the horse-drawn vehicle in time to avert the disaster. Mrs. Laidlaw and her two children were thrown to the roadway, but escaped unhurt. The buggy was badly smashed and the auto was damaged. The horse was so badly injured that he will have to be shot. Dr. Glenn, of this city, was summoned and found his services unnecessary, except in quieting the nerves of the occupants of the buggy.

CUSTOMS RETURNS. The customs returns for the past month in the district of Chatham show a decrease of more than \$5,000, when compared with the returns for the same month last year. The total for June, 1922, was \$85,053.06, and June, 1923, \$80,405.14. The returns for the past month were made up as follows: Chatham, city, \$53,387.49; Elmheim, \$8,829.29; Eriksen, \$9,410.67; Ridgeway, \$2,761.15; Tilbury, \$7,678.83, and Dresden P. O., \$8.33.

THEFT CHARGE. In the city police court this morning Maurice Mohr, Queen street, was remanded for a week on a charge of stealing an automobile tire from the automobile of Thomas H. Jones, a musician. The auto was left parked in the alleyway at the rear of the Princess Theater while the owner was attending a performance. The alleged theft is said to have occurred on June 29.

GIVEN INCREASE. Dr. T. L. McRitchie, M. O. H., of the City of Chatham, has secured a judgment from Judge Stanworth in connection with the application for an increase in his salary. Dr. McRitchie applied to the City Council several times for an increase in his salary, but each time he was refused. Judge Stanworth now awards him an increase from \$800 a year to \$1,200 per year, for part time services. Dr. McRitchie, among others, will support the application before the judge were Dr. McCulloch, chief of M. O. H., of Ontario, and Doctors Bell, of Merlin, and F. W. Hall, Reid and Rutherford, of this city.

DISTRIBUTING POINT. On Monday afternoon the county police of this city were notified that there was a row in progress on the corner of the west of Park street. They investigated and found two automobile loads of young men engaged in an angry dispute. Robert Guernsey, one of the young men, was arrested and charged with an infraction of the O. T. A., being intoxicated. Guernsey was released and the others will all be released and compelled to stand trial before Magistrate Arnold later in the week.

CLAIM DRIVER DRUNK. While investigating the case, High Constable Peters discovered what he believes to be a distributing point for illicit liquor. Three bottles of liquor were found in a culvert, together with a number of paper wrappings, and it is believed this culvert has been a cache for liquor where illicit brands are being sold. Guernsey, pleaded guilty to the charge of drunkenness and was remanded for a week.

Mr. and Mrs. J. F. Hall, who are residing at Government Park, were riding at Government Park, where he was driving an automobile along the road between Charing Cross and Blenheim. The car, which was approaching from the rear, collided with the Hall car, turning it over in the ditch and pinning Mrs. Hall beneath it. According to a complaint, which has been lodged with the police by Mr. Hall, the driver of the offending car was R. Pink, of Windsor, and Hall states that the driver was drunk. The police have issued a warrant for Pink and he will be charged with reckless driving. Mrs. Hall is recovering from her injury, but the car in which she was riding at the time of the accident was badly wrecked.

PAINTERS MEET IN CONVENTION

Annual Gathering of Canadian Association At Brantford.

200 DELEGATES ATTEND

Hugh Forgive, 55, Struck By Motor, Seriously Hurt.

BRANTFORD, July 3.—The annual convention of the Canadian Association of Master Painters and Decorators opened here this morning with an attendance of 200 delegates, mostly from Ontario. Mayor Billo extended an official welcome. The president's address and the secretary's report featured the program.

President G. T. Green, of Ottawa, noted that steps were being taken to make the association Canadian in fact as well as in name. Master had an active association, while steps were being taken to bring the master painters of smaller cities together. There should be a closer connection, he felt, between the association and the manufacturers who were associate members. It should mean more for the latter than placing his name on the painters' patronage list. He suggested exhibits of work at future conventions as inspiration.

The convention should give more time to general administration of a painter's business, the president said, not so much to paint chemistry, grinding, decorative work, etc. There was need for practical experience of the master decorator, even though the international organization had done much in the production of a textbook, and the trade schools had been established. He suggested a director of apprenticeships to take this phase in hand.

The membership, it was reported, has risen from 140 to 350 in five years. He suggested that a permanent secretary be appointed to organize and handle

July Clearances

Millinery, Thursday

That you may have the most possible wear with one of these sale Hats, we have listed this sale, one of the first on the July schedule, with practically the whole summer ahead. The above prices are most tempting and besides every pattern Hat is marked for to-morrow at half the original price. The tables and cases should be stripped in a hurry to-morrow morning.

All Pattern Hats, Half Price, \$5.00 to \$12.00,

These are the Hats shown in the cases, all selected models from well-known designers; black, sand, violet, gray, navy, French blue and wood shades. Every pattern Hat, handsomely trimmed, July clearance, half price \$5.00 to \$12.00

English Sport Hats, Half Price, \$4 to \$8

One table of these smart imported English Sport Hats and crushable shapes with drooped brims. Fine Italian straw, coarse knotted straw, ribbon and wool braid combinations; colors, sand, cherry, paddy, citron, navy and toast; the golf or traveling Hat. July clearance, half price, \$4.00 to \$8.00

Untrimmed Hats, 59c

One table of close-fitting straw shapes to be cleared at only a fraction of regular prices; blue, gray, rose, henna and brown. July clearance 59c

Untrimmed and Some Trimmed Hats, \$2.98

SMALLMAN & INGRAM LIMITED

EXETER SUNDAY SCHOOL CLASS VISITS GODERICH

EXETER, July 3.—The Senior Bible Class of James Street Methodist Church motored to Goderich on Wednesday and spent a delightful day there. Starting from Exeter soon after 8 o'clock in the morning and going by way of Brudenfield and Bayfield, they had a most enjoyable drive and reached Goderich about 10 o'clock, where they found the mayor, Dr. Galloway, town clerk, Mr. Knox, secretary of the Board of Trade, E. H. Hill, and the scenic photographer, R. R. Sallows, waiting to welcome them to the town and show them the various points of interest.

The mayor and other officials led the way around the square and leading streets to Harbor Park, where dinner was eaten in the pavilion. Many points of interest were visited during the afternoon, and later all repaired to the park, where another beautiful meal was enjoyed.

The committee in charge of the preparations, consisting of Messrs. N. Baker, R. Skinner and E. Rowcliffe and Messrs. J. Rowe, W. H. Keate, president of the class, and W. H. Johnston, teacher, wish to thank the owners of cars and other who did so much to make the outing such a splendid success.

Resolved, that we, the Co-Workers' Bible Class of James Street Methodist Church, Exeter, hereby express our gratitude to Dr. Galloway, mayor, and other officials of Goderich for the kind treatment and attention paid us while we were spending their last Wednesday, the 27th ult., and we assure them, the memory of the happy day we spent in their beautiful town will long remain with us.

DOUBT THAT MACDONALD REFUSED HONOR OF P. C. LONDON, July 3.—(Canadian Press Cable).—So far Ramsay MacDonald, leader of the Labor Opposition in the House of Commons, has made no denial or confirmation of a statement in The Daily Mail that he refused to accept a privy councillorship which was offered to him. The Mail points out that all the Cabinet ministers are members of the Privy Council. Ramsay MacDonald, it says, in his present position as Opposition leader, must be regarded as a contingent prime minister and a member of a future Cabinet, as such will be asked to advise the king in the utmost of his knowledge and ability.

"What then," The Daily Mail asks, "is to be inferred if the Opposition declines to be sworn in as a member of His Majesty's Privy Council?" Continuing, The Mail says: "It may be added that a privy councillorship, apart altogether from Cabinet or general political circumstances, is still generally regarded in this country as a peerage. Several members of the Labor party who were ministers in the coalition days and some who did not take office, accepted privy councillorships without demur."
