PROBE OF FRENCH SCHOOLS OPENED

Commission Hold Meeting and Organizes At Ottawa.

WILL START AT WINDSOR

Work Expected To Take Months To Complete.

OTTAWA, Nov. 11.—The provincial commission appointed by Premier G. Howard Ferguson to investigate the schools in the Province of Ontario attended by students who speak the French language, opened its labors at Ottawa yesterday with an organizing session at the Normal School. As a result of the meeting, which was closed to the press, the commissioners decided to open their investigation at Windsor, Ontario, in a week or 10 days, a definite date not yet being fixed. The first part of the investigation will be conducted "to determine the

efficiency of the schools," according to the wording of the letter sent to the commission by the premier. The commissioners are: Chairman, Dr. F. W. Merchant, Toronto; Judge Scott, of Perth, and Louis Cote, Ottawa. Dr. W. J. Kerr, of the department of education, Toronto, and A. Benet, French master at the English-French Training School, Sandwich, Ontario, have been appointed joint secretaries of the commission. They will accompany the commission on all its travels and aid in the investigation work. Mr. Cote states that the work of the commission will be very thorough and will take months to do, probably be the best part of a year, and after that the results of the investigation will have to be sifted and reviewed before any report or recommendations are made.

CLOSER CONTROL ON LAKES SOUGHT

Prohibitionists of U. S. Want Maritime Laws Applied

DEFINE MARGINAL WATERS

Effort To Curtail Smuggling From Canada

WASHINGTON, Nov. 11.—(Associated Press Dispatch)—Legislation to provide for application of the marine laws to prohibition enforcement was suggested in a report of the division in charge of prohibition and taxation of the department of justice, made to-day to Attorney-General Clegg, to remove some of the difficulties it is encountering in the courts. The division expressed the opinion the new smuggling treaty with Canada will undoubtedly discourage and prevent a large portion of liquor running over the border, adding that "the smuggling situation on the southern land border is not as serious as that on the north." Among its difficulties with the marine laws, for which it recommended remedial legislation, the division listed: The lack of definite determining of the boundaries of United States marginal waters. The necessity for determining the boundaries of the different federal judicial districts, so that proceedings may be brought within the district where seizure of a vessel is made. The number of pending prohibition cases, the report disclosed, increased from 22,000 at the end of the fiscal year, 1924, to 25,000 at the close of the last fiscal year. In the latter year the number of cases terminated was 48,000, of which 39,000 ended with convictions, while the total of fines in these proceedings was placed at nearly \$5,000,000.

MUCH GRAIN HANDLED BY C.N.R. ON TUESDAY

MONTREAL, Nov. 11.—Within 72 cars of the season's record for one day's loadings, the C. N. R. yesterday loaded 1,710 cars of grain at country points throughout the West. Marketings on Tuesday also came close to the season's high figure with 2,734,000 bushels. Figures for September.

PART OF MISSION OF CIVILIZATION

Reason For Britain's Presence In Near East

NOT SEEKING PROFIT

John Power, British M.P., Explains At Montreal.

MONTREAL, Nov. 11.—(Canadian Press Dispatch)—Speaking on the development of the Near East under the British rule or through mandates from the League of Nations, Sir John Power, member of the British Commons, speaking before the Canadian Club to-day, said Great Britain was in Oriental lands to-day through force of circumstances and the will of God. He outlined the tremendous improvements in government and in ordinary life under British jurisdiction and indicated that the British people regarded the task in the Near East as part of the mission of civilization and as a portion of the "white man's burden."

The work was progressing, although criticisms from nations not sharing in the task made the burden the more difficult.

When discussing the Near East during his tour of the United States Sir John had the greatest difficulty convincing the people that Great Britain was not in the Near East for money alone. When he had so convinced them they believed that the British were a nation of lunatics.

SOMEWHERE IN FLORIDA

To be somewhere in Florida, where the sun is always shining, where the golden oranges hang in clusters on the trees, the palms stir gently to the warm breezes, and "where the sweet magnolia blooms" is the thought in the minds of hundreds of Canadians every winter.

When Canadians at home are skating and skiing, those in the South will be sun-bathing, sun-bathing on the warm sands, deep sea fishing, golfing, etc.

When making arrangements for the trip South consult any agent of the Canadian National Railways for particulars of service. Winter tourist fares are now in effect valid to return up to June 15th, and good for stop-over at all important points, as well as for diverse routings. Direct connections are made at Detroit for space on the following crack Florida trains: The "Royal Palm," the "Ponce de Leon" and "Suwannee River Special," etc.—Adv.

SULPHUR CLEARS AN ITCHING SKIN

If you are suffering from eczema or some other torturing, embarrassing skin trouble, you may quickly be rid of it by using Men-tho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ-destrorying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowies and itching—Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a jar from any good druggist.—Adv.

CJGC LONDON
Free Press
PROGRAMS

CJGC—London Free Press (330 meters) 1 to 2 p.m.—Mrs. Cliff Steen, pianist; market reports, weather forecasts, "To-Morrow's Menu," by Sister Mary.

7.15 to 8.15—Program to be announced at noon to-day.

Ronnie Hart, one of London's foremost musicians and well-known radio artist, who has appeared frequently from Free Press radio station CJGC, excelled himself at yesterday's noonday program when he featured in a number of piano, saxophone and vocal numbers. Mr. Hart, who has already been given the title of "king of radio entertainers," received a great ovation from fans yesterday. Scores of cards and telephonic calls were received at the studio commenting on his wonderful offerings.

Lorne Hitchens, one of the leading band players in the city, who has also appeared frequently from this station, made a big hit with the fans.

Another young London musician to rise to the fame of a radio broadcaster was Ray Dawe, well-known pianist. Mr. Dawe took the fans by storm yesterday and was given one of the best receptions ever tendered an artist who has broadcast from this station. The following numbers were given by the trio: "Oh, Boy, What a Girl," "Humoresque," "Mighty Blue," "Lonesome," "Oh, How I Miss You To-Night," "Remember" and "A Kiss in the Dark."
