

FARMING in the reports of the leading Canadian fairs. Last year they carried off no less than nine prizes, representing nearly every class shown at the Toronto Industrial. At London, Ottawa, Cobourg, Peterboro, and other local fairs they were equally successful. A group of young cattle owned by this firm is the subject of an illustration in our issue of September 20th, 1898. In poultry the pens of Messrs. Wm. Stewart & Son are pretty hard to beat. The different varieties bred by them were shown last year at the Toronto Industrial, London, Ottawa, and the other principal local shows, and were amongst the leading prize-winners at every exhibition.

Sales from Brookbank Holstein herd continue good, write A. & G. Rice.

We have sold to Mr. David Rife & Son, the well known milkman of Hespeler, the cows Blossom Jewel 2nd and Jewel Martis Queen, a prize winner at our large shows. They also purchased the yearling bull Admiral Dewey.

Mr. C. W. Beaver, Prescott, Ont., purchased a seven months' old bull. Dewdrop's Paul de Kol, and the Imported cow, Ruby Wayne, go to increase the herd of Mr. D. Cohoe, New Durham. Mr. G. N. Brintnell chooses Daisy Jewel 2nd, a fine young cow, daughter of Daisy Texal and sister to Daisy Texal 2nd, that won in her class at Brantford. We are all sold out of yearling bulls, and are sorry, as we are getting enquiry every day. Our oldest are 7 months old. We have a fine lot of youngsters just imported from Ohio. Bull, 3 months old, Count Calamity Clay; his dam is a daughter of Calamity Jane, and sire is a son of Eunice Clay. He unites the blood of those two wonderful cows.

CANADIAN IMPORTATIONS.—One of the firm of D. G. Hanmer & Sons, Mt. Vernon, intends to sail for England the next week in May, the object being to visit the flocks of the best Shropshire breeders in England and make selections therefrom to increase their already excellent flock, which has been diminished by very heavy sales during the past winter. This firm sold and shipped to the United States, during 1898, 200 ram and ewe lambs and over 100 ewes. These animals were bought by parties in Minnesota, Wisconsin, Indiana, Iowa, Ohio, and Michigan. Mr. Hanmer writes us under date of March 23rd that he is prepared to select and bring animals for other Canadian breeders. The Messrs. Hanmer are very reliable, each member of the firm being an excellent judge of cattle, sheep, swine, and light horses. We can heartily recommend them to parties who wish to obtain stock from the flocks or herds of Britain.

LONDON, ONT.

BUTTER WRAPPERS.

GENUINE VEGETABLE PARCHMENT, made to our order in Germany, especially for the Canadian market, and its purity and sanitary qualities are guaranteed. It is very strong, has a nice, silky finish, fine fibre, and will not taint the butter like cheap imitations. Highest testimonials from dairymen all over Canada. We sell these butter wrappers, 7 1/2 x 11 inches, cheaper than any house in Canada, and large dealers who have wrappers printed should get our samples and quotations. Free Samples sent anywhere. Address,

THE SENTINEL-REVIEW
WOODSTOCK, ONT.,

importers GENUINE VEGETABLE PARCHMENT for butter wrappers. It is the largest house in Canada selling and printing butter wrappers. This paper is not an imitation. It is the

SENTINEL-REVIEW, WOODSTOCK, ONT.

To Dairymen of Manitoba and N. W. T. Districts:

We beg to call your attention to our having opened a Branch of our business at Winnipeg, where we will carry a complete line of all articles required in the manufacturing of Butter and Cheese, for either Creamery or Dairy, and at such prices as will enable you to save money.

Heading lists of goods stands the full line of "De Laval," "Alpha" Power and Hand Separators, which are to-day conceded by our leading Experiment Stations and Dairy Schools, as well as advanced Creamery and Dairymen to be the best cream separators on the market to-day, and other goods of the same standard of merit, which will appeal to all dairymen as worthy of their consideration before purchasing elsewhere.

Our object in opening this branch is to be near the dairymen of Manitoba and the N.W.T., so as to better serve those who have favored us with their patronage in the past, either direct or through local agents, and to acquaint ourselves with new customers. All of which will result to our mutual interest.

The users of any style of "De Laval" separators, who are not fully posted on operating same to best advantage, or those desiring any more information on the Separator question, we shall be pleased to hear from, assuring them that such enquiries will have prompt and satisfactory attention. Any who contemplate the purchase of a cream separator this spring, we should be pleased to hear from, so as to send them reading matter that will prove of much interest and benefit, giving experience of dairy authorities on cream separators, showing first cost is not the only consideration in a separator purchase. If what facts we produce are not convincing enough to any intending buyer that the "De Laval" "Alpha" Separators are the best, we will be pleased to place one of such separators in any dairy on a 15 or 30 days' trial, against any cheap infringing separator, to prove by practical results that the "DE LAVAL" is not only the Best but also the Cheapest. Let us hear from those in any way interested.

For further information or particulars, address

THE CANADIAN DAIRY SUPPLY CO.,

236 King St., Winnipeg, Man.

We want local agents in every Dairy District.
