WHAT IS IN MEAT THAT STRENGTHENS? THE ALBUMEN IT CONTAINS.

Distance, beyond all question, is the most important constituent of flesh. Our health is entirely dependent upon albumen for their repair, and our blood in order to be healthy must contain it in no less than seven per cent. Scientific analysis has clearly demonstrated that

JOHNSTON'S FLUID BEEF

Contains all the elements, without a single exception, necessary for the formation of FLESH, MUSCLE and BONE - fifty-five per cent. of organic matter or flesh-forming material, thirteen per cent. of mineral salts or phosphates. It must be evident therefore to the intelligent public that JOHNSTON'S FLUID BEEF has the first claim as a NUTRITIOUS and STRENGTH-GIVING FOOD for old and young, sick and robust.

"DOMINION" PIANOS

And ORGANS, unequalled in the world for beauty of tone and durability.
