UPPER CANADA.

TO THE EDITOR.

SIR,—Since my last letter to you, I have again visited the Township of Erin (not

Erle), where it is evident that the Lord is still pouring out of his Spirit. There is no place that I have ever visited, where I feel more reluctant to leave than the places in that Township where I preach. I have preached among them upwards of twenty times since July last; but they seem to have an increasing hungering for the "word of God,"—so much so, that it is a common thing for many of them to go four and five miles, and often much farther, (and some of them, the last time I was there, seven and nine miles) on foot, after attending to the morning exercises—regardless of the rain or snow, or the badness of the roads. The tears of holy joy and travail of soul for sinners, as also those (tears) produced by conviction of sin, were very frequent; and, in some instances, very general, particularly at two meetings, where there was such a general and special influence of the Holy Spirit pervading the assembly, that it forcibly reminded me of the "day of Pentecost." There have been nine baptized during the last year that have been brought to the knowledge of the truth, through the instrumentality of some of our Missionaries, who occasionally laboured among them. There are a number who appear to be sincere inquirers after truth, some of whom have obtained a hope, and no doubt will shortly be baptized. Many are very anxious to be formed into a Church, in connexion with the Association, and no doubt there will be a large Church there before long.

There is much that I would like to say in respect to this very interesting portion of God's vineyard, but circumstances forbid it at present; but this much should be known, that in many of the Townships north of Lake Ontario, very seldom they hear a Baptist preacher, and then only when a Missionary passes along, which in some places is scarcely once a year.

There has been a pleasing reformation near Niagara. Eight have been lately baptized, and others have obtained a hope in Christ. But I will (the Lord permitting) let you know more about this in my next; and I purpose also, after my return from the West, to let you know more about Erin, &c.
