

# DISTINCTION A CASE WHERE THE NEED SOUGHT THE PREP- ARATION!

For years before we ever heard of Take-Diastase we frequently received letters from prominent practitioners throughout the Dominion urging the need of a powerful and reliable diastase in the conditions which unite to form the

## Clinical Tableau of Starch Dyspepsia:

and emphasizing the fairly boundless range of usefulness in store for such a preparation, as compared with the relatively limited indications of pepsin.

Take-Diastase is beyond all comparison, the most potent digestant of starch foods ever available in medical practice.

Give it a trial in your first case of amylocecal dyspepsia; a free sample and our copious literature are at your service.
