

High Yield Bonds

Returning Well Over Six Per Cent.

Several Corporations which have been doing a successful and profitable business for a number of years have outstanding bond issues marketed several years ago at rates to yield 6% or less. Some of these bonds, as well as bonds of newer issues of the same class, can now be purchased to yield about

6½%

We recommend these bonds to investors desiring a high yield with the protection afforded by established businesses with proven net earnings several times the amount of their bond interest.
