

Let us have Sir John again, Sir Charles, Sir Hector, Sir Adolphe the Minister of Railways, M. Pope, the Quebec Ministers to boot, to see the country for themselves, its floral and its mineral wealth, its adaptability for settlement between Lake Edouard and Chicoutimi. Let them see this but once and they can not fail to hold out the land of fellowship to the hardy pioneers on their way to Mistassini.

(Signed)

CHS. BAILLAIRGÉ, A. M.

City Engineer

F. R. S. C. etc., etc.
