We also supply all Educational Text Books used in the Universities, Colleges and Public Schools of the Province, at the lowest rates. Orders received by us will have prompt attention, and where possible be despatched the same day. Anything not in our own Stock we do our best to procure in the city, so that orders shall as far as practicable be complete.

ORDER DEPARTMENT.

We order from England *every Mail* (twice a week), and receive cases of miscellaneous orders every Canadian Steamer, so that no delay beyond that in England, picking up and shipping, is incurred. American lines we order daily if necessary.

The great growth of this department of our business during the last few years, notwithstanding the competition that exists, is sufficient proof that we do the business well, and that confidence is reposed in us. It shall be our utmost endeavour to merit a continuance of this.

COPP, CLARK & CO.,

17 & 19 King Street East, Toronto.
