INCREASED PAY FOR ALDERMEN

M. J. O'Leary Claims That Bigger Salary Would Draw Better Men.

EXPENSES OF ELECTION

Preliminary Campaign Often Absorbs the Three Hundred Paid.

There was so much general business to be transacted at the last night's meeting of the North End Citizens' Association that President M. J. O'Leary did not have time to refer to the reform nearest his heart, that of increased salaries for aldermen. In conversation with the World after the meeting, however, Mr. O'Leary gave expression to his ideas in this regard.

"I am thoroughly convinced," he said, "that if aldermen were paid \$1200 per annum instead of \$900, the city would have a much better selection of candidates to choose from. It is a notorious fact that \$300 does not cover a candidate's election expenses, apart from the loss of the time entailed.

"For that reason I think that many citizens are deterred from offering themselves as candidates for the council whose services would be of value to the city. If aldermen were paid \$1200 per annum and controlled by the city council, the city would, generally speaking, be a much more independent body and less subject to corporation and private influence than it is today.

"I am personally acquainted with two citizens who retired from the city council because their own building societies were neglected for civic affairs and for doing their duty about the \$300 they got nothing but accident expenses. I think Mr. Harper of Ward Five, J. Norris of Ward Two, T. R. Whitehead, M. L. A. Trustee Jackson and Dr. Steele of the board of education.

During the evening Robert Leaman, past first vice-president, was presented with a handsome gold watch by the members of the association.

The artists included Miss M. Park Williams, contralto; R. Wilson, comedian; Joe Williams, comedian; H. de Mille, baritone; and Mr. R. J. O'Leary, tenor.

Letters were received from the Hon. A. E. Kemp and Hon. Dr. Fyne recommending their inability to be present.

Dancing took place from 8.30 p.m. till 1.30 a.m. this morning, and after the band played at 10.30, a progressive square party was held.

The at home was voted the most successful ever held, the ball room being too small to accommodate the large number of dancers who were present.

ARCHIVES OF EAST GWILLIMBURY GONE

The Township of East Gwillimbury lost all its books and municipal papers in a fire which destroyed the offices and residence of Township Clerk A. McKenzie. It is reported that the fire originated thru the wires of the Toronto and York Radial Railway coming in contact with those of the Mount Albert Telephone Company, Ltd., at Peter's Corners, six miles away, the local telephone exchange being in Mr. McKenzie's office.

An explosion occurred when the contact took place about 5 a.m., and the whole office was soon in flames. The house adjoining the office caught fire, and both buildings were completely gutted, only some household goods being saved.

The loss to the township cannot be estimated as municipal records are being a long period of years have been destroyed.

Fire also broke out in Mrs. Thompson's house about three hundred yards away at the same time, but it was extinguished before much damage had been done.

SUDDEN DEATH OF GEORGE LAIRD

Many friends both in Earlscourt and across the sea in Newcastle-on-Tyne will learn with sincere regret of the unexpected death of George Laird, which took place at his residence, 146 Boon avenue, Earlscourt, at 2 o'clock yesterday morning, from heart failure, at the age of 67 years. Prior to his coming to Canada, Mr. Laird was for 22 years caretaker of Wesley Hall, Elswick-on-Tyne.

THE LATE GEORGE LAIRD.

He has always taken great interest in young people, being teacher of the boys' Sunday school class at the mission. Mr. Laird was an amateur artist of considerable talent, having executed several paintings which were shown at exhibitions in his home city and other places.

A Large Family. Mr. Laird left England on May 3, 1912, with his wife and children, taking up his residence in Earlscourt, and obtained employment in the Canada Foundry Company's works at Davenport road. He is survived by his widow and ten children, two married daughters in England, two sons married and resident in Sydney, N. S. Wales, three daughters and two sons married and resident in Toronto, and one son, Norman, living at home.

The funeral service will be conducted at Central Methodist Church today at 2.30 p.m. Rev. P. Bryson and Rev. Archer Wallace, B.A., officiating, and interment will take place in Prospect Cemetery. Members of the Earlscourt Football Club, Young Men's Federation and the Orange Lodge will be present, representatives of the first two organizations acting as pall bearers. Other societies of the church will also be represented.

Publicity the Grief. The death of the high tenor wire poles in the Bathurst Hill district is receiving attention. A number of men are busy sinking the poles deeper in the ground. A startling feature of the situation was that some of the poles were two feet below the surface of the ground.

Prof. Potter will be the speaker at the Women's Own Brotherhood meeting in Central Methodist Church, Ascot avenue, on Sunday afternoon.

Simpson to Speak. Controller Simpson will speak on the "Problems of the Nation" at the meeting of the Earlscourt District Voters' Association, to be held at Dufferin hall, Tuesday evening, March 3rd, at 8 p.m. There will also be an address on the subject of the association by Hon. J. McDonald, barrister, and a number of the executive committee. There will also be an entertainment by Professor Simpson of the Fox Film Company. The meeting is open to all, and the management has a large attendance of the residents of the Earlscourt district.

A large attendance of the St. Clair Lodge, Dominion Elks, was held last evening in Little's Hall, Earlscourt. High Grand Master Jas. McNeil presided, cupping the chair. After the business of the evening a social entertainment took place.

Drivers Narrow Escape. A team hitched to a wagon loaded with 50 bags of cement for the Earlscourt main sewer went over an embankment in the backwood district yesterday. The driver had backed up with the result that the back wheels slipped over and the outfit tumbled down the embankment and slid along the bottom of the ravine. The driver was thrown forward on his horse's back, where he remained, escaping unhurt. The horses were badly bruised, and it required ten teams to draw the wagon up.

COUNCIL CHAMBER IS NOT AVAILABLE

Owing to the inclemency of the weather there was a slim attendance at the meeting of the North Earlscourt and Fairbank Ratepayers' Association, in Vaughan Road public school, last evening. Vice-President Fred Howitt occupied the chair in the unavoidable absence of President Messrs. H. J. Hill, Hood, Swaby and T. Malby.

Council Meetings Only. Mr. J. Hill informed the meeting that the council chamber of the York Township Council, situated in the central body of the building, is not available for the use of the Bank of Commerce, and the township council can only be used for council meetings.

Mr. Hill suggested that the North Earlscourt and Fairbank Ratepayers' Association might undertake to pay a share of the rent of a suitable hall for the purpose, but no matter was left over for consideration.

Mr. Gibson was born in Markham, 58 years ago, and lived for the greater part of his life in Scarborough Junction. He was well known and highly respected throughout the district, and was for several years the mail-carrier on the Scarborough Junction route. The school authorities of the Don Mills Road School are endeavoring to capture the youngsters for the school. They are using stones at the school windows from the ice on the Helliwell estate, opposite the school. Last week it was estimated that five dollars, and quite recently eight windows were broken. Little stones in the morning indicated the use of catapults.

The city police, as well as the county constables, are looking for the boys and the mischief-makers, if caught, will be severely dealt with.

Arrests Engaged. Messrs. Lindsay & Brydon, architects, have been engaged by the trustees of the school to prepare plans for the new fourteen-roomed school which is to be commenced in about a month's time. The structure will be fireproof and up-to-date in every detail.

ANNEXATION MUCH MORE POPULAR

Warm Discussion at Bathurst Hill Ratepayers' Meeting Last Night.

"That another meeting be held in the near future and that representatives of the city be asked to attend and give their particulars as to annexation."

This motion, moved by Magistrate John Henderson and seconded by William Trewer, concluded a two hour debate regarding the annexation of the district. The majority of those present were in favor of the annexation, and it was voted that at the close of the meeting that annexation was much more favorably regarded than at any former meeting.

An Open Question. D. Munro said they did not invite residents of the township to a meeting at a cut and dried scheme of annexation would be presented, but simply discuss the pros and cons of the situation. The city had already shown itself uninterested in spending hundreds of thousands of dollars in making St. Clair avenue in the city limits, and only two hundred feet from the city limits, thereby increasing the value of adjacent township property. He pointed out that the city was also building an 11 roomed school in the township, costing about \$40,000, which proved the interest taken in the district by the city.

Could Not Get Water. J. Dinwoody and J. T. B. Rowell also spoke strongly in favor of the annexation of the district.

Mr. Bond, a resident in the township, told of having sunk three wells and spent \$1000 in an effort to get good water, and had not yet got a satisfactory supply.

President John M. Warren occupied the chair, and the hall was crowded.

Early Pioneer in Riverdale District—Funeral Took Place Yesterday.

George Cudmore, who died at the residence of his daughter, 131 Ivy Avenue, in his 77th year, was one of the pioneers of what is now Riverdale, Toronto. In the early days he owned a market garden near the banks of the Don. Some years ago he purchased a farm in Nelson Township, Halton County, near Milton and lived there.

The funeral took place yesterday at Milton Cemetery.

FAIRBANK.

In his first report to the township council as trustee, Mr. P. Coules states that he received notice from the principal of Fairbank school that \$3 per pupil had been levied on the township. The result of the meeting was increased by 30 cents per day.

Mr. Coules points out that in some cases there were extenuating circumstances in connection with the absence of many of the children. Some were at home because they had not shoes to wear. Others were at home so that their parents might get out to work.
