CHANCELLOR M'KAY TO GET \$5000 A YEAR

Special Committee Unanimous in Recommendation — Central Building Plan is Favored.

The advisory industrial committee, working on technical education, under the board of education, yesterday unanimously endorsed the recommendation of the sub-committee that Chancellor A. C. McKay of McMaster University be appointed to the principalship of the new technical school. Although it had been announced that the initial salary would be \$4000 a year, it was the unanimous opinion of the committee that for a man of Dr. McKay's calibre \$5000 was more to be expected, and they will recommend to that effect.

PLEURO-PNEUMONIA AND BRONCHITIS

Brought Mrs. Baker to Death's Door. Father Morrissey's No. 10 Saved Her.

Of the many hundreds of cures wrought by Father Morrissey's No. 10 (Lung Tonic) few are more remarkable than the saving of the life of Mrs. John S. Baker, of 164 Rockland Road (North End), St. John, N.B. She wrote on Oct. 16, 1909: "I wish to express my gratitude that I am living today, saved from the grave by Father Morrissey's No. 10 (Lung Tonic). This time last year I had pleuro-pneumonia and bronchitis, and had been given up to die, and had my lungs tapped in the City Hospital, and never expected to walk again. I was continually getting worse every day. I came home from the hospital, and everyone was watching for me to die. I tried everything but there seemed to be no cure for me. "I began taking Father Morrissey's No. 10, and the second day I could eat without pain. I used 22 bottles of No. 10, as I was run down right into consumption, and for six months was just a shadow until I began to use it, and now I am in good health, and surprised most of my neighbors by gaining so quickly. I feel it my duty to publish it everywhere I can, as with all I can say I cannot recommend it too highly—it was a life saver to me, and I am very thankful to recommend it, as it is worth all it is said. "Father Morrissey's No. 10 is very different from the many preparations that simply relieve a cough. No. 10 relieves the cause of the cough, restores the membranes of the chest and lungs to a healthy condition, and tones up the whole system, giving strength to resist future attacks. Trial bottle 25c.—regular size 50c. At your dealer's or from Father Morrissey Medicine Co. Ltd., Montreal, Que. Sold and guaranteed in Toronto by F. VanZant, Corner of Dundas and Charles St., Yonge and Davenport Road; The Broadway Drug Company, Cor. Spadina Ave. and College St.; Henriessy's Drug Co. Ltd., 107 Yonge St.; J. W. matter in abeyance until Chancellor McKay returns.

The meeting seemed to favor a central building, containing an auditorium and offices, and smaller workshops in separate buildings. R. W. Eldon and Mr. Kirkland will be requested to prepare a curriculum setting forth the studies for the ensuing year. The question of fitting up the seven rooms to be vacated by the municipal classes in July was discussed, and Chairman Fairbairn, Superintendent of Buildings Bishop and Mr. Eldon were appointed to look into the matter and report at an early meeting.

SITE FOR LEGISLATURE

Manitoba Turns Down Offer of Federal Government.

WINNIPEG, May 9.—Five hundred thousand dollars in cash and the purchasing of a new site for a drillbit by the provincial government, with permission to occupy the present quarters until the completion of the new buildings, is the reply of the government to a delegation which visited Ottawa in connection with securing the Fort Osborne Barracks as the site for the proposed new provincial legislative buildings. It was decided, however, that the provincial government could not accept the proposition, and a wire to this effect was sent to Ottawa.

PRONOUNCED LEGALLY DEAD

Austrian Archduke, Who Married Actress, Missing Since 1890.

VIENNA, May 9.—The controversy regarding the fate of Archduke John Salvator of Austria, otherwise known as John Orth, was legally settled today. The supreme court decided that his death must be presumed to have occurred July 21, 1890. Archduke John, the younger son of the late Grand Duke Leopold II. of Tuscany. He was born in 1852. He received his rank and titles and called himself John Orth. He married Milly Stiebel, an actress, in London, July 1890, and with his wife sailed on his vessel, Santa Margaretha, for Chile. Since then nothing has been heard of the archduke, and it is believed that the vessel was wrecked in a terrific storm and that all on board perished.

BARGAINS IN PIANOS.

One Dollar Puts a Piano in Your Home. Square pianos, used before, of course, but thoroughly overhauled before putting out for sale, by their own workmen, are being offered by the old firm of Heintzman & Co., Ltd., 195-195-197 Yonge-street, Toronto, at prices ranging from \$50 to \$125, just about a third, or less, manufacturer's regular prices. An agreement to pay one dollar per week is all the firm asks to insure the delivery of one of these pianos to your home.

DUPONT-STREET EXTENSION.

It was decided to work on the original plan for the extension of Dupont-street at the special meeting of the civic works committee yesterday. The estimate of this plan was made over a year and a half ago at \$7,000, and it is expected that the price will be much higher now. Therefore, when the aldermen voted for this plan, it was stipulated that the cost of revision should see about the people in the immediate vicinity, who would get the most benefit, being taxed for the improvement, thus saving the city a considerable amount.

Entire Block Burned.

MONTREAL, May 9.—Fire destroyed a block of seven wooden dwellings in Longue Pointe this morning, the eleven families occupying them having barely time to escape with their lives.

CITY FAIR WAGE OFFICER

Labor Men Tell Controllers Civic Employees Aren't Fairly Treated.

Evidently trades unionists are not satisfied with the meagre pay they declare city contractors pay their employees. Forty of them gathered at the board of control meeting yesterday, and asked for the appointment of a fair wage officer to see that these contractors paid the men the union rate. The electrical workers objected to the city rate of payment on the hydro-electric, of 22 cents per hour, whereas their rate was 35 to 37 cents. The iron workers declared that Polacks and Swedes were taken on in preference on the city jobs, and that the city rate was very low. The moulders asked that as everything was so costly in the city, local firms be given the contracts even though they could not tender as low as outsiders. It was suggested that the matter be taken to the city engineer, but the labor men said they'd rather have the matter dropped than do that, so it was decided to accept Controller Ward's promise that the council should vote on the matter of a fair wage officer.

BOARD WENT TOO FAR

City, While Resentful, Will Furnish Information on Car Lines Demanded.

City officials have waxed warm over the report of the Ontario Railway Board relating to the civic car lines issue on Monday. One and all claim that the board has gone too far, and that their powers in dispensing their approval to new railway enterprises changed not whether it be to a private corporation or to a municipality. The mayor and the board of control point out that the civic car line scheme is not necessarily one for civic profits, but only that citizens in outlying parts of the city may not have excessively long walks to the car lines. After a private conference it was stated by the mayor that the estimates of the lines had been received and gone over, and that they would be examined by the board of control again today. These estimates include the construction cost of five different lines. It was thought would reduce the cost of operation, but they were not finally decided upon. Mayor Gesty declared that, as the railway board had not finally decided upon the matter, these mere complete plans and estimates would go back to them again, probably by today or tomorrow.

ONE MORE ACQUITTAL IN FARMERS' BANK CASE

W. S. Morden and J. J. Warren Faced Charge of Accepting Currency as Pledge.

W. S. Morden was acquitted and judgment reserved in the case of J. J. Warren, general and assistant manager of the Trusts and Guarantee Co., by Judge Denton in county judge's criminal court yesterday. Both were arraigned upon the charge of accepting the currency of the Farmers' Bank as a pledge in return for money advanced to the bank by the company. The question upon which the judge reserved judgment in Warren's case is as to the precise meaning of the word "pledge." He will give judgment today.

The evidence at the trial was that of W. R. Travers, former general manager of the bank, and of other clerks and officials of the bank. Travers told that for months, in the year 1910, the bank had deposited its currency with the trust company, and that the bank began to be troubled by the clearing-house about the end of June. He said that the deposits with the trust company served to keep the currency of the bank in circulation and that this was of great advantage. Upon cross-examination he said that the money went absolutely into the hands of the trust company and could be dealt with by them as it pleased them. The other evidence was the same as at the police court hearing.

5000 FISHERMEN STARVING

Relief Party Will Endeavor to Reach Battle Harbor, Labrador.

ST. JOHN'S, N.F., May 9.—To-day's information from Battle Harbor, Labrador, that the 5000 inhabitants of the coast are starving was not wholly surprising to people here. It has been long known that a food shortage threatened the hardy fisher folk, and repeated efforts have been made to carry help to them. Vessels laden with supplies of food and clothing endeavored repeatedly to pierce the ice fields which enclosed the Labrador coast, but were always forced back, some times badly damaged. It is expected that the relief party organized here will be able soon to make its way to Battle Harbor, as the ice has broken up and is drifting south with the advancing spring.

\$30,000,000 LOAN TO CHINA FOR RAILWAYS

Authorized by Imperial Edict—Viceroy's Exhortation to Abolish Opium Expenditure.

PEKIN, May 9.—An Imperial edict issued to-day authorizes the conclusion of the Hukwang loan of \$30,000,000 for railroad construction in Central China. The loan was signed a year ago this month by groups of financiers representing Great Britain, the United States, France and Germany. Despite provincial opposition the amount of the loan to the Chinese Government remains at \$30,000,000, and notwithstanding the elimination of a branch section of the railway, the four groups of bankers will participate.
