EATON'S DAILY STORE NEWS

THE PROPER "DUDS" FOR MOTORING

In spite of the great desire to do so, Men's Clothing seems an item where it is impossible to "save" or "conserve." Anyone who has priced the summer suits must agree that such are too expensive to be "hacked out" around the motor this summer. But what to wear! Here comes in our timely suggestion. Why not try a neat khaki suit or one of these moderately priced Palm Beach ones, or, if you have a suit which is just good enough for the car or feel that business conditions necessitate you being "fussed up" while motoring, cover it up with a dust coat, which for motoring is always the height of fashion.

Men's Khaki Suits in Norfolk Style, Price, \$7.00

Just the thing for fishermen, campers and motorcyclists who need a suit that will stand knockabout wear and yet have a neat appearance. These suits, as illustrated, have yoke box pleats front and back, and belt all around waist. Trousers have cuffed bottoms and loops for belt at waist. Sizes 36 to 44. Price, \$7.00.

Chauffeurs' Suits of a Practical Nature

These are cool washable suits of cream crash, in regulation double-breasted style, with flap on pockets. Trousers in outing style. Price, \$10.00.

Also a line of Chauffeurs' Suits, of cool Palm Beach cloths, in greys or fawns, in the regulation sac style. Price, \$12.50.

Motor Dust Coats Protect the Clothes

The service of a dust coat is to catch the stray particles of dust, dirt and grime, instead of allowing it to stain and spot the suit. There is a good stock, including such as:

Single-breasted Motor Dust Coats, with convertible lapel, sweep to skirt and patch pockets. Sizes 36 to 44. Price, \$3.00.

Serviceable Motor Gloves at \$3.50

Men's Black Sheepskin Motor Gloves, with strap and dome fasteners, gun cut, reinforced thumb, outside seam. Per pair, \$3.50.

Double-breasted Dust Coats of silver grey shade, chambray or a brown Holland effect. Sizes 36 to 44. Price, \$4.00.

Dark Grey Double-breasted Chambray Dust Coats, with half belt at back. Price, \$6.00.

Men's Washable Gauntlet Gloves, Per Pair, \$6.00

Men's Washable Peccary Hog Gauntlet Gloves, made with strap dome fastener at wrist. Bolton thumb, six-inch gusset cuff and half pique seams, cut from soft, pliable skins. These gloves will not harden when washed with soap and water. Sizes 8 to 10. Price, \$6.00.

Men's Panama Hats at \$3.50 Are Outstanding Values

These hats are made of South American palm leaf, in fedora shape, with flaring brim, and telescope shape, with rope edge. Sizes 6 3/4 to 7 1/2. Each, \$3.50.

Men's English Boater Straws, Special, \$1.49.—With a well-drummed sweatband, which assures comfort in wearing. Sizes 6 3/4 to 7 3/8. Each, \$1.49.

Men's and Boys' Caps, Each, \$1.50.—In grey, navy blue, brown, black and white checks, shepherd's plaid and diagonal stripes. In the one, four and eight-piece style, with or without band at back, in fibre silk and cotton mixtures and tweed effects. Sizes 6 3/4 to 7 1/2. Each, \$1.50.

Kiddies' Straws of Canton braid, in sailor, dome crown, rahi! rahi! shapes. Trimmed with navy blue, white or sky blue; some have name bands, others have plain band with bow at side. Sizes 6 to 6 3/4. Each, \$1.00.

Men's "Multiplex" Hosiery

Specially suitable for summer wear is this line of "Multiplex Brand" Men's Cotton Half Hose, noted for its appearance, weight and durability. The color range includes black, brown or grey and all are of a cashmere finish with reinforcing in the places where the most wear comes. Sizes 10, 10 1/2 and 11. 3 pairs for \$1.00, or per pair, 35c.

Men! A Soft Collar is a Boon

When "Old Sol" beams forth with his summer vigor he soon causes the best laundered collar to crumble. A soft collar, because it gives, is more comfortable, looks neat, and because it is easily washed, may be changed often without much expense.

These Men's and Boys' Soft Collars in English or French pique, or in Jap silks, all with interlinings and band of mercerized cotton, made in stand-up-turn-down styles, in a variety of shapes. Sizes in the lot, 13 to 17. Each, 25c.

Men's Underwear in 2 Piece Style, 43c

Of natural shade balbriggan; shirts have long sleeves, drawers are in ankle length. Sizes 34 to 40. Garment, 43c.

Men's Combinations 79c

Combination Suits, in single thread, porous knit, in natural shade, with long sleeves, and in ankle length, with closed crotch and close-fitting cuffs. Sizes in the lot, 34 to 44. Today, suit, 79c.

Outing Shirts

Of white duck, or soisette, in coat style, with attached collar, extension neckband and breast pocket. Sizes 14 to 17 1/2. Special today, each, 98c.

Neat Neglige Shirts for Men at \$1.00

Men's Neglige Shirts, in cluster or single stripes of blue, black, tan, mauve or green on light grounds. Included are shirts with soft or laundered cuffs, in coat style. Sizes in the lot, 14 to 17 1/2. Each, \$1.00.

Men's Cotton Navy Blue Bathing Suits

They are in one-piece style, with skirt and 2 buttons on shoulder. Sizes 34 to 44. Each, 75c.

—Main Floor, Centre.

For the convenience of customers, Interest Coupons detached from Dominion of Canada War Loan Bonds will be accepted in payment for goods bought in the Store or by mail.

Care should be taken to detach only such coupons as are due, the due date being printed on the face of the coupon.

DEMOCRATIC STATE FORMED IN SIBERIA

New Provisional Government at Vladivostok to Overthrow Bolsheviks.

London, July 10.—A new provisional government for Siberia, which has the unanimous support of the population, and which will continue to fight the central powers, has been established at Vladivostok. According to a Times despatch from Tokyo, quoting the Vladivostok correspondent of The Asahi, the new government intends to summon a constituent assembly and to restore law and order throughout the country.

The program of the new government includes the liberation of Siberia from the Bolsheviks; the avoidance, if possible, of foreign intervention; universal suffrage; establishment of provincial councils and a labor bureau; distribution of the land among the landless; and control of economic activities.

Siberia will thus, adds the correspondent of The Times, become the first democratic state in the history of Russia, and, it is hoped, be the forerunner of a Great Russia.

The flag adopted by the new government consists of two stripes of white and green.

The situation in Siberia is undergoing important changes, and the counter-revolution, assisted by the Czecho-Slovak army, is spreading all over western Siberia, says a despatch to The Times from Peking dated July 4. The Bolsheviks are being driven westward from Irkutsk, and many are endeavoring to escape into Mongolia.

Referring to the Czecho-Slovak movement as a basis for the struggle against Bolshevikism in Siberia, the correspondent predicts that it will lead to the elimination of the Bolsheviks in a short time.

The question of intervention, however, is still pressing, he adds, because Russia is torn with political differences and personal jealousies, and there is urgent need of a responsible government.

Czecho-Slovak troops now operating in Russia desire to fight on the western front, and do not want to be mixed up in Russian internal affairs. A memorandum to this effect has been presented to the Japanese Foreign Minister and the allied ambassadors in Tokyo by Col. Yamada Hurban on behalf of the Czecho-slovak National Council, says the correspondent of The Times at the Japanese capital.

RUTHENIAN BISHOP ARRESTED FOR SEDITION

Prince Albert, July 10.—The arrest of Bishop Budka, and one of his priests, Father Posky, charged with sedition in this district, has aroused tremendous interest. Budka is a Ruthenian bishop who issued a pastoral letter at the outbreak of the war calling on Austrians to return to their country and fight. He narrowly escaped arrest at that time, and later military authorities have had him under surveillance repeatedly.

So much criticism was aroused at the time he issued the pastoral letter calling for recruits for the Austrian army that prominent Ruthenians in Yorkton district at the time held an indignation meeting, calling on the bishop to retract his statement and to change his attitude. If he did there was no public apology. His release on \$3000 bail, pending his trial on Monday, has been the signal for a renewed outbreak of discussion in alien enemy sections in Saskatchewan.

ARTILLERIES ACTIVE.

French Take Prisoners North of Montdidier and South of Aisne.

Paris, July 10.—The French War Office reports: "Activity was displayed by our own and the enemy's artillery north of Montdidier and south of the Aisne, in the region of Champagne Farm. In the Champagne region, French troops carried out several raiding operations, which resulted in the taking of prisoners. There is nothing to report from the remainder of the front. Aviation: On July 8 seven German airplanes were brought down and two captive balloons set on fire and destroyed by our air forces."

Sign of Breakdown Noted in Second German Army

London, July 10.—Indications of a breakdown in discipline in the second German army are found in two orders issued by Gen. von der Narwitz, which have fallen into British hands, says the correspondent of The Times at British headquarters in France. In the orders Gen. von der Narwitz makes this complaint: "Discipline, which is the keystone of our army, is seriously shaken. Cases of soldiers refusing to obey orders are increasing to an alarming extent."

SOVIETS OPPOSED MURMAN LANDING

Measures of Allies to Preserve Coast Evoked Trotsky's Denunciation.

London, July 10.—Measures taken by the allies to aid non-Bolshevik Russians on the Murman coast and protecting the Murman railroad and the ice-free port of Kola, are summarized by The Daily Express from Russian newspapers.

While the Bolsheviks opposed the landing of allied troops, and even agreed to trade the Murman coast to Finland, the local population has decided to join the allies and secede from the Bolsheviks.

The first allied intervention occurred early in April when Finnish White Guards, assisted by Germans, faced the Red Guards at Kem. The Red Guards were reinforced by an Anglo-French detachment that had come up on an armored train. The next Russian report mentions the landing of a force of British and some British trawlers were in the harbor of Kola, in addition to a Russian naval commander in Moscow, printed in a Russian paper, said that Kemp (assumed to be Kemp) had declared the British navy had declared the Murman coast an aggressive design regarding the Murman region, only a direct threat to the Russian republic and protect the coast and the railroad. He also offered to assist in developing the local fisheries. The Bolshevik government, however, made public a protest through the Russian minister on June 20. Leon Trotsky, the war minister, on July 1 denounced as high treason any help given to the foreign detachment which has invaded the Soviet republic. He also proclaimed M. Yuriv, president of the local Soviet, a traitor and an enemy of the people.

RAIN DROWNS FOREST FIRES.

Vancouver, July 10.—W. J. Vandusen, district forester, this morning said that the rain is general in the coast district, and that if it continues throughout the day the forest fire situation, which has been critical, will be satisfactory.

U. S. OFFICIALS ON SCENT OF GERMAN OUTLAYS

Washington, July 10.—Several banks and brokers are under investigation by the office of the alien property custodian in an effort to trace the exact origin and handling of more than a million dollars paid The New York Evening Mail. All persons who participated in the transaction will be asked to tell what they know about it.

It is alleged that the Imperial German Government became the owner of the paper thru Dr. Forward Rumely, now under arrest in New York on charges of perjury in connection with statements to the alien property custodian.

Under the law, the money involved in the sale can be seized by the United States Government if transfer was made after the United States went to war, even though the money is now held by Americans.

Department of Justice officials who directed the investigation which led to Dr. Rumely's arrest, said today they had found no evidence of today's thirty million-dollar German payment to buy American newspapers, and that so far as they knew The Mail was the only paper the German Government sought to take over.

HEAVY FIGHTING SOON.

Fronts Near Chateau Thierry Remain Unusually Quiet.

With the American Army on the Marne, July 10.—The fronts west and east of Chateau Thierry, where American troops hold positions, have been unusually quiet, but it is believed that heavy fighting may break loose at any moment. Last night the enemy artillery fire was far below normal.

The American gunners maintained an intermittent bombardment of the enemy lines, especially in the region of Hill 204, west of Chateau Thierry.

Big Canadian Flour Mills To Close Down During August

Calgary, July 10.—The great flour mills of Calgary, together with all the mills grinding wheat in the Dominion, are to be closed for the greater portion of the month of August, and possibly until the new crop comes in. The Robin Hood Mill of this city may close in next week, and the Western Canada Mill some time before the first of the month. It is said all the mills of the Dominion will close within the next week or two and will suspend for a whole month and most of them until the new crop is available.

FACTORIES CLOSE FOLLOWING ORDER

No Gas Either to Operate Radial Line From Chatham.

MASS MEETING IS HELD

Resignations of Members of Railway Board Are Demanded.

Chatham, July 10.—The closing down of a number of local factories, and the discontinuing of traffic on the lines of the Chatham, Wallaceburg and Lake Erie Railway, were the principal developments arising out of the gas enquiry before the Ontario railway and municipal board today, as a result of the instructions issued by the chairman of the board, Mr. McIntyre, to P. S. Coate, manager of the Chatham Gas Company, to have meters taken out of fourteen factories which were found to be still using gas for operating purposes. In contravention of the order of the board, which became effective on July 1, the majority of the factories have been forced to close down, with the result that many of the workmen in the city have been thrown out of work until such times as other fuel is obtained, or the board makes allowances for such special applications as have been made.

Traffic on the C. W. & L. E. Railway was stopped this morning, but resumed late this afternoon. After a special permit had been obtained from the board, allowing them to continue operating for ten days, in order to deliver any perishable goods, after that time they will have to find other means of producing power.

Special Cases. The board, this morning, disposed of a number of special applications for gas, which is incident to the operation of the appellant concerns, the case of bakeries operating with gas was taken up, and an order issued allowing them until October 1, to install other equipment. Park Bros. foundry, were given two weeks in which to complete an order of special tools for munition factories. The H. Mueller Manufacturing Co. of Sarnia, were given a permit to use gas so long as they are engaged solely in the making of munitions for the imperial munitions board. The Perfection Stove Company and the Doherty Stove Co., both of Sarnia, were dealt with, the former satisfying the board they came under clause C of the order, using less than five million feet a year, were allowed to continue using gas, while the Doherty concern application was disallowed. The Louhedge Machinery Co. were allowed to use gas under clause C of the act, in the enforcing of the order of the board, cutting off factories, has worked havoc with the industrial activity of western Ontario, more especially in Chatham, Windsor and Sarnia, where the most of the factories rely entirely on gas for operating purposes.

An indignation mass meeting is being held tonight, to openly express lack of confidence in the Ontario Railway and Municipal Board. The resignations of the members of the board will be demanded by the residents of this section.

ORANGEMEN AT PRESTON.

Woodstock, July 10.—Orangemen in great numbers from this section of Ontario will meet here Friday morning. It has been arranged that an auto parade will follow, and the entire contingent journey by auto to Preston, where a monster Orange celebration will be held.

MONTREAL JOURNALIST HAS PLEASANT DREAMS

Candidate in By-Election Would Dissolve Confederation as a Starter.

Montreal, July 10.—William E. Collier, journalist, who worked for a short time on some of the Montreal papers, will be a candidate at the coming by-election in St. Lawrence division, Montreal. The seat has become vacant by the appointment of Dr. Finnie, opposition member in the Quebec Legislature, to a government position.

Mr. Collier has issued his election "pronouncement," which contains among other things, the following: "First, I will insist that the provincial government ask the imperial parliament to dissolve Confederation and make of Quebec (along with the maritime provinces if they so desire) a self-governing British dominion. I will favor a loan of two hundred million dollars for the development of agriculture, railways, navigation, manufacture and all economic forces in the Province of Quebec. I believe everything should be done to reach the honorable peace, based upon the following principles: no annexations nor indemnities; the right for small nations to decide and regulate their own affairs. I favor a just and generous treatment of returned soldiers, not in the shape of charity, but because of the rights they have acquired to such just and liberal treatment. I believe other persons holding similar views to my own will be candidates at all future federal and provincial elections."

BUFFALO PAPER SOLD.

Buffalo, N.Y., July 10.—The entire capital stock of the James D. Warren Sons Company, publishers of The Buffalo Commercial, was sold today to Charles A. Finnegan, a Buffalo financier. Mr. Finnegan said that the publication of the paper would be continued with the policy unchanged. The Commercial was established in 1811.
