

## Y.M.C.A. LEADERS FOR BRITISH INDIA

### Twelve Canadians to Help in Regeneration of Hindu Boyhood.

Twelve Canadian Y. M. C. A. leaders are to be selected at Toronto, and sent to India by the International Y. M. C. A. Foreign Mission executive committee, to organize a great boys' work campaign in British India in the east. The selections will be made during the next few months, and their appointments, it is anticipated, will be announced at the great Y. M. C. A. convention to be held in Toronto next fall. Several of the Y. M. C. A. notables from the national Y. M. C. A. committee of the United States have been here during the past few days in consultation with Herbert K. Caskey, secretary of the foreign mission department of the Young Men's Christian Association.

One of the Y. M. C. A. delegation was K. T. Paul, the national secretary of the Y. M. C. A. in India. He is a native Indian of the third generation of Christians. He has been a teacher in the Madras University, and is a man of wide acquaintance and influence in both educational and political circles. He was the guest at a luncheon at the National Club last Monday, and those present were impressed not only with his remarkable message, but with his wonderful command of the English language.

Fletcher S. Brockman of New York, associate secretary, with John R. Mott, also spent a day with Secretary H. K. Caskey of the foreign work department.

Mr. Brockman was for a number of years the national secretary of the Y. M. C. A. in China, returning to Mr. Mott's urgent request, and was succeeded by Mr. David Yui, a native Chinese, who is now in America. Mr. Brockman has just recently returned from a six months' tour of inspection of Y. M. C. A. work in France, Belgium and Italy, with Geo. W. Perkins of the banking firm of J. P. Morgan & Co.

Leave Work to Indians. C. J. Ewald, prominent in inter-collegiate work while a student, has been in South America for fifteen years, and spoke at the Kiwanis Club on social and economic conditions on that continent. He is the continental secretary of the Y. M. C. A., and is in North America endeavoring to begin the fulfillment of their twenty-year policy, which has been outlined. He presented to the Toronto committee a plan to place in strategic centres twenty-five English-speaking Y. M. C. A. leaders, to be sent out in the next five years. They men are to give fifteen years to supervision, and then, gradually withdrawing, leave the entire work in the hands of the natives.

Dr. J. H. Gray, also representing the National Y. M. C. A. of the United States, has been in India for ten years, supervising the athletic and physical work first in Calcutta, then in Bengal province, and more recently for the entire country of India, with its population of 315,000,000. The athletic work was recently renewed when Dr. Gray went to India, and the first effort was for the students of Calcutta University, who number nearly 10,000. About 14,000 students are examined at Calcutta annually, this being more than the combined registration of Toronto, Harvard and the University of Chicago. Dr. Gray was almost immediately appointed to supervise the playground work in Calcutta, which is as densely populated as New York City, and is today the national physical director of the Y.M.C.A. His errand to this country is partly to secure leaders for the different provinces. The association in India has done a remarkable piece of work for the men in the Indian army, and last year, 1908 government drill masters for schools passed through a short-term course under Dr. Gray's supervision.

Secretary Caskey expects the great plans for the Y. M. C. A. in India will receive authoritative support through Canada.

### NURSING SISTER BRADY HONORED.

Among Canadian nurses recently honored is Nursing Sister Lena Brady of Ottawa, daughter of Mr. Martin Brady, secretary to the surveyor-general of the interior department, who has been twice decorated and was recently awarded the Royal Red Cross (second class). Nursing Sister Mrs. E. MacMahon, who is a sister of Mrs. Williams of Ridge College, St. Catharines, and graduate of Johns Hopkins Hospital, has been decorated with the Royal Red Cross. She was the first superintendent of the Quebec Canadian Military Hospital at Shorncliffe.

### CHAUFFERETTES MAKING MONEY.

Experience gained during the stress of war days is standing a number of women in good stead during the days of the car strike, as they are now using their cars as jitneys and are earning the easiest-made money they have ever known in carrying passengers along the various routes. Nothing but good reports are being heard of Toronto's chauffettes in these days when skill and efficiency in handling a car is so useful an asset.

## BERRY PICKER TRIES TO ENTHUSE OTHERS

### Glowing Picture Painted by Miss Tompkins of Farm- er's Life.

Miss Ethel Tompkins, who has just come in from the berry-picking camps at Grimsby, has encouraged to offer workers who may interview her at the Ontario government employment bureau.

The farmers think well of the girls and their work is her statement. They are paying them higher wages and the work itself is attractive while at the same time it gives opportunity for the girls to earn some money. In the evening the girls have a jolly time. They have nice walks, they sing and have an altogether pleasant time together.

"I don't say the work is easy," said this enthusiastic farmette, "but the sweetness of the evening employment is much better because of the work of the day."

"In the Norfolk camps where I was before I went to Grimsby the berries are now all in. There the factories are simply closed and if there had been a larger crop I don't know where they would have happened because there were no more workers. In Grimsby the factories are open and just now the sweet black cherry is ready as is the early Richmond. I think now that the strike of the cars is still on in Toronto it ought to be a good time for the girls to go out where they would not require cars," said Miss Tompkins as a closing inducement.

Orders coming in continually to the employment bureau. Hundreds of workers are still wanted.

### DOCTORS ON CARPET.

The Ontario license commissioners were busy again yesterday examining doctors with reference to the too free issuing of prescriptions for intoxicating liquor. Most of the medical men received the customary warning.

The chairman, J. D. Flavell, informed one doctor that it was a scandal for him to issue a prescription for liquor. Most of the medical men received the customary warning.

Another doctor asked the chairman if he regarded the maximum for the number of prescriptions to be issued. The chairman said the board could not act on this, but did propose to take action against any doctor who issued more than 200 a month, and perhaps even that figure might be reduced. He believed 90 per cent. of the medical men in the province did not issue over ten a week.

Mr. Flavell expressed the personal opinion that no doctor should give more than 100 prescriptions a month, and emphasized that liquor must be allowed in cases of illness only and not merely as a tonic. It might be prescribed for any person over eighty years old. The chairman admitted that doctors were frequently placed in a very difficult position and said his remarks were merely in the nature of a warning.

Not Relaxed. Some of the doctors evidently did not relish being brought before the commissioners, one remarking that it was "rotten" to be called up. Commissioner Smith enquired what about the action of the medical council in bringing doctors up.

"They didn't bring me up," rejoined the doctor, "and I don't propose to be smacked like a boy." Mr. Flavell: I will not allow you to talk like that. You are dealing with men old enough to be your grandfather.

The doctor apologized and the incident ended.

### ANOTHER HARRY LA TOUR.

Harry La Tour, who appeared in the police court as the result of an altercation in which fists were used and a woman bystander received a punch intended for La Tour's adversary, is not Harry La Tour of 471 Colborne street.

## VOTE ENUMERATORS MAKING UP LISTS

### All Soldiers, Whatever Their Age, Entitled to Poll Vote.

The enumerators for the city of Toronto for the referendum vote have been appointed by the attorney-general and are now making up the lists. These enumerators will call at all apartment houses, hotels and private houses for the purpose of ascertaining as far as possible the names of all voters. Every facility should be given to these enumerators to secure the names.

People Entitled to Vote. 1. Every man and woman who is a British subject and who has resided in Canada for 12 months before June 30 last and who has resided in Toronto for three months before that date. 2. No property qualification whatever is required.

3. All soldiers who have been on active service, whether overseas or not, and whether 21 years of age or not, should be placed on the list, and friends and relatives of these soldiers should give the enumerators the names of any soldiers not yet returned.

An enumerator is named for each polling division in the city and a chief enumerator for each riding, and further information can be secured upon application to the chief enumerator for the riding in which the voters reside. If a name is not secured by the enumerator and placed on the list the party will not be entitled to vote, and it is the duty of all who desire the right to vote to see that their name is handed in to the enumerator whose polling division in which they reside.

The following is a list of the chief enumerators:

Parkdale—Major William C. McEwen, 480 Roncesvalles avenue, June 423.

Riversdale—Richard Honeyford, Kent building, Main 2720.

Northeast—Basil W. Essery, 139 Lawton boulevard, Adel. 3214.

Northwest—Toronto—T. Herbert Barton, Royal Bank building, Adel. 4729.

Southeast—Toronto—Thomas W. Close, 282 Sherbourne street, Main 4659.

Southwest—Toronto—William R. Flett, 502 West Queen street, Col. 60.

### ASSESSMENT APPEAL FAILS.

To the court of revision James F. Roland appealed against an assessment on interest amounting to \$1208 in Victory bonds purchased. He said that the bonds were sold before the interest was derived. The court disallowed the appeal on the ground that the act exempting bonds under such circumstances did not go into effect until December, 1918, and the company concerned did not come under it.

### ALIEN WOUNDED IN QUARREL.

Detective Strohm last night arrested two foreigners, both by the name of Paul Bika, on charges of wounding another alien, George S. W. Brand, president at the inquest touching the death of Harry Smith, drowned at Centre Island, June 28. In returning a verdict of accidental death the jury added the following rider: "We strongly recommend to the proper authorities the necessity of a better system of control of aliens, and that if it is being done, the proper notices should be placed warning bathers that the water is so deep and dangerous."

### Build Apartments in Waterloo To Relieve Dearth of Houses

Special to The Toronto World. Waterloo, July 2.—The Alexander House block, corner of King and Wilfrid streets, here, and owned by Mr. Keith, has been sold to Messrs. Edward Lippert and Harvey Wiegand of Kitchener. The new proprietors intend making extensive improvements and will fit the second and third stories into an up-to-date apartment. The first floor will remain as heretofore. The new apartment block, when completed, will help materially to relieve the housing scarcity in Waterloo.

### VETERANS

Items of Interest to Returned Soldiers. Column if Phoned or Sent in.

### STAFF OFFICER RESIGNS.

Col. W. R. Lang, who since January last has been general staff officer in the Toronto military district, has resigned. After a trip to England, he will resume his duties as professor at the University of Toronto.

The position will be filled by a permanent force officer, as will all of the other appointments in the district.

## WOMEN'S DAY AT EXHIBITION

### Features, Old and New, of Woman's Activities to Be Shown.

If there are any who doubt that there is to be a "Women's Day" at the National Exhibition this year, they would have had all their doubts dispelled had they been present yesterday, when Mrs. L. A. Gurnett told something of hopes and plans to a representative of The Toronto World.

It will be recalled that the first time at which the big "National" launched a day devoted exclusively to a demonstration for women was last year. The exhibition before the "grandstand" on that occasion was more or less inundated and deluged by the rain that poured down upon it, but despite this, the event will be long remembered, because of the colossal nature of the largely patriotic features attempted. So splendid was the impression left with the public that it was determined then that the permanency of women's day was assured.

Yesterday, despite the heat, and the fact that the exhibition is still two months distant, Mrs. Gurnett, the untiring secretary of the movement, had many plans committed to paper. These were read and enlarged upon for the benefit of the caller, while at the same time it was made emphatically clear that everything so far is but tentative, organizations and those in charge are still to be consulted as to approval and co-operation.

Novel Features. Generally the scheme proposed is one in which the industries and arts in which women are engaged will be largely represented. The war-workers of last year will, of course, be missed, but the nation girls and the R. A. F. will not be in evidence, but if plans carry, new and novel features as well as old-time acts will be exhibited.

In the agricultural section of the grounds, farmerettes will operate tractors. In available spots W. A. D. diverts the attention of the district "aide" vocational workers in the various sections of the women's building will be invited to demonstrate their various trades and occupations. Groups of lace-makers, carpet-weavers, fruit-canners, special baby clinics, and child welfare devices will be in operation.

Children to Participate. Before the grandstand an effort will be made to supplement the daily "show" by the different districts. Toronto's children will in all probability figure largely. Physical drills, the beautiful ceremony of "Trooping the Colors," the altitudes of the different maypole dance with its maze of various colored ribbons, flowers and pretty children are all in the perspective. Other national and attractive features are yet embryonic as to certainty. In fact, Mrs. Gurnett insisted that details are vague. Of one thing, however, she was emphatically certain, and that is that there is to be a women's day. To this may be added that if Toronto women go into the movement with enthusiasm and co-operation, it is assured that women's day will be an undoubted success, and one of the most attractive assets of Canada's big national fair.

### TWO VERDICTS GIVEN "ACCIDENTAL DEATH"

Verdicts of accidental death were returned by coroner's juries at the morgue last night, investigating in two cases, Coroner C. W. Brand, presided at the inquest touching the death of Harry Smith, drowned at Centre Island, June 28. In returning a verdict of accidental death the jury added the following rider: "We strongly recommend to the proper authorities the necessity of a better system of control of aliens, and that if it is being done, the proper notices should be placed warning bathers that the water is so deep and dangerous."

Coroner Gardiner conducted the inquest into the death of Thomas Armstrong, killed on June 26 at the corner of Crawford and College streets by a motor car. Edward Lubford, driver of the car which struck Armstrong, was exonerated of all blame.
