NO INJUNCTION TO STOP HOUSING

Justice Kelly Refuses to Act Pending Discussion of Bylaw.

In a judgment handed down at Os-
goode Hall yesterday, Justice Kelly
refused to grant an immediate injunc-
tion to Byron E. Lake, prohibiting
operations of the Toronto Housing
Commission on the Webb estate in
West Toronto. His lordship, in en-
larging the action till a week from
Thursday, when the application to
quash the bylaw will be heard, said
that the matter was one of such im-
portance that he did not feel inclined
to interfere immediately.

W. A. McMaster, who appeared for
the applicant, admitted that he had
been able to serve only two of the five
commissioners, and neither of the two
officials served were present at yester-
day's hearing. E. G. Geary, K.C.,
appeared for the city.

Mr. McMaster began his appeal by
reading the following resolution passed
by the city council on July 4: "Re-
solved, that this council go on record
as favoring the transferring from the
Toronto Housing Commission of the
block of land in ward 7, bounded by
Runnymede road, Lincoln avenue, Gil-
mour avenue and the rear lots on
Woodside avenue, and known as the

Webb property to the parks depart-
ment for the purposes of a park, and
that, if necessary, the city exprop-
riate the said lands."

Mr. McMaster said the commission
had ignored the resolution, and had
begun to excavate the Webb property
and cut trees on it, instead of using
it for park purposes. His lordship
thought that plaintiff should give heed
to the greater need.

Mr. McMaster replied that the Webb
tract was not the only tract available
for housing. It was a natural park, he
said. Mr. Geary, in addressing the
court, said that the injunction would
be a very serious matter, and the
plaintiff had shown no ground for such
decision.

Mayor Church was also served with
a writ to attend the next hearing of
the case, as his lordship intimated
yesterday that all parties were to be
heard.

POLICE IN MUFTI WANT FREE RIDES

Chief Grasett Asks Street Railway to Recognize Constables' Badges.

Chief of Police Grasett was instructed
by the board of police commission-
ers yesterday afternoon to confer with
General Manager Fleming of the Tor-
onto Railway Company, to see if an
arrangement can be agreed upon,
whereby uniform police officers will be
allowed to ride on the cars by showing
badges when in civilian clothes. The
men have been complaining of the re-
fusal of conductors to recognize the
police badge, and under the present
agreement the railway company re-
fuses to allow police officers, other
than detectives and inspectors, to ride
free when not in uniform.

When the new police badges were
issued, a printed copy was sent on to
the railway company, and they sent
back a letter describing what badges
they would recognize. An extract
from clause 34 of the agreement be-
tween the Toronto Railway Company
and the city regarding the carrying
of policemen and firemen was quoted
as follows: "Police constables in uni-
form, detectives, police officers in the
employ of the city, and while a fire is
in progress, members of the fire de-

ANTI-BECKITES GET QUITE NASTY

Controllers McBride and Cameron
are keeping up their dead set on Sir
Adam Beck. At the board of control
meeting yesterday Controller Cameron
referred to the Metropolitan negotia-
tions and the refusal of the consent
of the Hydro commission, saying the
city was not master in its own house.
Controller McBride made a gibe at the
Chinoweth scheme, describing it as a
blunder, and saying the expenditure

000,000, instead of \$15,000,000, as ori-

DR. HASTINGS CLEANS AUGEN STABLE

Discussing the statement by an Amer-
ican lady that Toronto had the worst
slums she had ever seen, Dr. Hast-
ings, M.O.H., remarked:
"There is no use denying the con-
ditions as they exist in the Ward.
Anyone who would read my report of
1911 will see all the facts put clearly,
but since that time more improve-
ments and advances have been made
in Toronto than in probably any other
city on the continent."
"Hundreds of houses unfit for habi-
tation and 15,000 yard closets had been
torn down, and the department has
under observation many houses that
would have been condemned had it
not been for the war."
