General Election Ordered for November 3, and Brisk Campaign Waged.

St. John's, Nfld., Oct. 6.—The Newfoundland legislature dissolved today and a general election ordered for Nov. 3. As it had been announced some time ago that this action was contemplated, a vigorous political campaign had been in progress for several weeks.

KING OF BELGIANS ON CANADIAN SOIL

With Queen and Prince, Pays Visit to Niagara Falls.

Canadian Press Despatch. Niagara Falls, Ont., Oct. 6.—For something less than a month today, Albert, the soldier king of the Belgians, with his heroic consort, Queen Elizabeth, and Prince Leopold, the heir apparent, were on Canadian soil.

Respecting the Canadian soldier and his work in Flanders, King Albert, being a stalwart fighter himself, was well qualified to speak on Canadian soil.

The visit of the Belgian royal party to Canada was practically unheralded, although it was the first occasion on which reigning royalty had ever entered Canada.

Mr. Myers, of the civil service commission, defended the new classification as it applies to the department of agriculture.

Mr. A. K. Maclean remarked that men would be less disposed to threaten to leave the service if a superior officer in the department of agriculture.

Mr. Jameson said, "Mr. Grisdale sent him a man who was no good."

Explains Appointment. "The position was advertised in the usual course and three applications were received, two from returned men and one from a civilian."

DISCUSS SALARIES OF POSTAL WORKERS

Commons Civil Service Committee Hears of Alleged Inequalities.

Ottawa, Oct. 6.—Problems affecting the new reclassification of postal employees engaged the attention of the special committee considering the bill to amend the civil service act, at its afternoon session.

Mr. Stacey drew attention to the fact that the minimum salary for grade one rural postmasters is \$3,000, while the minimum salary for grade one urban postmasters is \$4,000.

Mr. Telford replied that in fixing the salaries they had to make them bear some relation to the salary received by the deputy postmaster-general, who receives \$4,000 per annum.

Mr. Telford told the committee that the tendency of the new classification had been to reduce some of the maximum salaries of postoffice officials in regard to which there had been some complaints.

Mr. Myers, of the civil service commission, defended the new classification as it applies to the department of agriculture.

Mr. A. K. Maclean remarked that men would be less disposed to threaten to leave the service if a superior officer in the department of agriculture.

Mr. Jameson said, "Mr. Grisdale sent him a man who was no good."
