Bunyan, W. J. Parsons, I. A. Kinselia,
J. mes Bevine, Robert Wallace, A. E. Lake.

Banquet to J. H. Stephens.

North Bay, Jan. 2.—(Special.)—The citizens of North Bay tendered a banquet last evening to J. H. Stephens, who is retiring from the management of the head office in Terento of the Silver Queen Mining Co. with which he is closely identified. Mr. Stephens great popularity was attested by the presence of 100 of the leading citizens in the banquet hall of the Queen's Hotel. He was presented with a handscme gold-headed cane as a token of esteem. Mayor-elect Milne occupied the chair and the toasts were responded to by A. J. asts were responded to by A. D. J. McKeewn, R. Rankin, Young, D. J. McKeewn, R. Rankin, W. Mackenzie, John Ferruson, Thomas Hay, Judge Valin, George Morrison, A. G. Naple and the guest of the evening. Mr. Stephens left for Toronto to-day to assume

RD SEED BREAD Stick to the Truth. Editor world: In reply to "Workman" who makes complaint re Nipissing camp. I might state that I was stationed at Cobalt for EALTH AND SONG sine that I was stationed at Cobalt for six months this past summer as provincial sapitary inspector, and had control of all the mining camps in the Township of Coleran, and in the Town of Cobalt, and I want to say that the Mipissing mining camp was in first-class condition when I left last October. The manager was always willing to do any improvement that OCERS. 124 RAU left last October. The manager was always willing to do any improvement that I suggested. As to the sleeping compartments, I want to state that I have examined them all and everything is kept in first-class coadition. As to food, etc., I have had the pleasure of having my dinner with the men and eating the same food (along with the Bapt, student.), I must say that the food was excellent and properly cooked. It was my duty as inspector to ext of Malt ating prepar d sustain the ato, Canadias Agos DRONTO, ONTARIS

the food was excellent and properly cooked. It was my duty as inspector to examine meat, etc. supplied to each of the
mining camps in the district and I can
safely say that all miners' workinen are
properly and well taken care of. As to
wages, the very lowest wages for light work
around the Nipissing mine was \$150 per
day and board, up to \$2.50. The Nipissing
mine have hot and cold water wash house
an'! baths, and all men are required to
lin fact this is required at camps. There
would like for get along without working
and I think Mr. Workman is one of them,
log camp north because they will be well
of the workman when making complaint to

Soked after. It would be much better for Mr. Werkman when making complaint to stick to the truth. It may be blamed, but cannot be shamed. I am yours very truly, Samuel Scott.

Tetonto, Dec. 31. A Presentation. F. H. Turner of the office staff of Rice Lewis & Son, Limited, was on Saturday presented with a purse of sold by his fellow-employes, on the occasion of his severing his connec-

In the Market for Cobalt Stocks And the Local Market Shows Much Improved Tone Up to the Close.

Whether it is the advent of a new year, the lessened desire to liquidate or a better outcorner and from now on we will have activity and general improvement in the the tone of the local mining market to-day showed the first real improvement since ispleted, and without real ammunition- Trethewey and Silver Queen early last confidation—there is little or no chance of morth. The market also took on more acvalues crumbling away, like an old Roman tivity and the depression which was so palruln, agait. From now on we will have pable on Monday was dispersed. Price imchapper and freer money. We will almost provenerts were not large, but the offerings were readily taken as presented and for the new year begets this quality, and after the first deluge of liquidation at the with the open weather we should soon have opening the market showed less pressure world. There is little or nothing loing, cally in shape and that a part of it would comparison to what will follow wi.h be in use in about two weeks. It is rumorpring at hand in a month or two, and min- ed that the recent discovery on Tretheway ing stocks are bound to reflect this activity. is n uch better than at first disclosed, but "Look at the market this morning-why, the officials of this mine, are not prepared *Look at the market this morning way, the trivial to give out definite details at present. A Rio Janeiro Tramway... 46 the strength of Nipissing is as refreshing to give out definite details at present. Another Fig Silver Figd.
Semples of surface silver ore from the mew field recently discovered in the Tema gaml Forest Reserve, by White Bro hers farmers living in the vicinity, were received by Hon. Frank Cochame yesterday morning. The ore is exceedingly rich, and looks most promising. A local exchange reports that the lucky farmers have been offered a million for their claim.

Thinks Properties Have Depth.
New York Jan. 2—Manrice M. Johnson, who has been conducting an examination of the properties of the King Edward Mining Company at Cobalt, returned to the eity Monday, bringing with him samples of ore from recent development, swhich indicate a condition not unlike, if not depicted with conditions in the neighboring camps. Mr. Johnson says that while much native silver is apparent in 14 inches of first-class orc, he does not esteem this as highly as he does a breast of ore lying alongside, and showing a width of from four to five feet. This breast, in the miner's opinion, promises to develop into one of the most important strikes in the locality. In the ore appears some native silver and the expense and the control of the common for the common sections at the close on the New York curb was along the common interest opinion, promises to develop into one of the most important strikes in the locality. In the ore appears some native silver is appearent in the locality. In the ore appears some native silver is appearent in the locality. The common is the develop into one of the most important strikes in the locality. In the ore appears some native silver is appearent in the locality in the propertical value.

With the common in the common in the propertical value.

With the common in the commo

of the most important strikes in the locality. In the ore appears some native silver, and the average is one of commercial value. With the camp generally Mr. Johnson, who is the expert representative of Samuel Newhouse, was most favorably impressed, and in his opinion important discoveries should be made at great depth. He started for Nevada at once, where as manager for the Western Nevada Copper Company, he will begin the active development of its Yerh gton mines upon which he reports so favorably.

Government Make Arrangement Cobalt Stocks-With Commissioner Coombes -Robert Verity Gets Appointment.

Western & Nor. Lands

Trethewev_100 at 1.70. Beaver_500 at 38.

THE GREAT HYPNOTIST.

Robert Verity has been appointed Canadian agent for the British Central Board of Emigration. The secretary, Edward Storie, recommended Mr. Verity on the suggestion of the bureau of is a branch of local government board work, under the president, Rt. Hon. John Burns. The government has devoted £250,000 to the work, and nearly all the persons being sent out are directed to Ontario, this province having been selected after careful investigation. Only those temporarily out of work, who have passed a rigorous medical inspection, will be sent. Probably 10,000 will come thru this channel. Fourteen were sent to farms yesterday, who had arrived on Sunday evening. The rush is expected about
