## **HOW I CURE** WEAK, PUNY MEN.

Give me a man broken down from excesses, dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect

as any man of his age. I can give back to any man what he has lost by abuse of the laws of nature.

nature. A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily dis-couraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies. The whole force of vitality in your body is dependent upon your ani-mal electricity. When you lose that by draining the system in any man-ner my belt will replace it, and will cure you.

D. CRIBBS, Guelph, Ont., says : "As regards my experience with the Belt. Now, to be brief, it is a wonderful Belt. I have sained about fifteen pounds, and my back does not bother me now. I get up in the morning feeling fine, and I give the Belt eredit for it, as I have not taken anything or done anything but wear the Belt."

Letters like that tell a story which means a great deal to a sufferer. They are beacon light to the man who has become discouraged from use-less doctoring. I get such letters every day.

My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them, and stirs up a great force of energy in a man. Any man or woman who will secure me can have my Belt and

I make the best electrical appliance in the world, having devoted twenty years to perfecting it. I know my trade. Cures after every-body else has failed are my best arguments.

body else has failed are my best arguments. T. N. BROWN, Collingwood.Ont., writes : "Before using your Belt I was given up by eight doctors, and was reduced to 98 pounds, and confined to my bed as weak as an infant. My com-plaint was nervous trouble, a badly run.down system and bleed-ing piles. It is now five months since I started the use of the Belt, and am completely cured, and have gained 62 pounds." Give me a man with pains in his back, a dull ache in his muscles or joints, "come-and-go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my belt is worn.

What J. T. HOWETT of Strathcona, Ont., says : "I have had no trouble with lame back since wearing the Belt. My appetite is good, and I can rest much better at night."

They come every day from everywhere. There is not a town or ham-let in the country which has not cures by Dr. McLaughlin's Electric Belt. It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no sting, no burning, as in old-style belts.

Consultation Free. If you are close enough to call, do so. Let me show you the difference between my up-to-date appliance and old-style, burning Electric Belts. Let me prove to you why my Belt cures when they fail. If you will call if will give you a free test to show you how it cures. Free Book. If you can't call, write for my beautiful descriptive book showing people. Address, inclosing this Ad.

**O'Laughlin in Western League.** Rochester, Jan. 18.—Frank (Silk) O'Lough-lin, whose decisions have been so pleating in seasons past, will not grace its diamonds this coming season. President Johnson of the American League has captured the popular umpire, and he will give decisions in that league henceforth. O'Loughlin has nothing but praises for Pat Powers and the Eastern League magnates for their very courteous treatment of him during his long service as umpire. He did not state the amount of his new salary, but intimated that it was away up in the clouds.

Hanlan the Second. During the past week visitors to the crew from in the Columbia Gymnasium have been surprised to see a small boy occupying or of the seats of the 'varsity eight-oared rowing machines and going thru the rigorous system of daily training, which wearies the strongest of the college men. The vouth is Edward Hanlan, jr., son of the Columbia coaching that his father gives to the varsity candidates. Young Hanlan is but 8 years old, but his father sees in him a coming world's champion. Hanlan himself could has been at it ever since. He handles him-heaf beautifully in a shell to-day, altho it first championship race. The son will go thru the regular college training, and go on the river with the crews early in the spring. Young Hanlan will enter Columbia as a student in thme, and his father predicts that at that time his equal as a stroke of an eight-oared crew will be hard to find.-New York Sun.
