CURLING.

FOREST CITY WINS FROM AYR AND CLINTON.

The Forest City Curlers had an easy thing of it in yesterday's games with Clinton and Ayr, in the western district cup competition. In the afternoon they wo from the latter by 4 shots. Clinton drew the bye and the Forest City rinks won from them in the evening, by 29 shots. The Forest City Club is now entitled to play off with Waterloo, winners of the Stratford district group. Petrolia, Sarnia and Embro group. Petrolia, Sarnia and Embro should have shown up, but defaulted. The ice was in splendid condition, and some fine shots were made. The scores

AT ST. THOMAS. The last match of the Western Tankard curling series was played here Monday night between St. Thomas and Ridgetown, and resulted as follows: St. Thomas, 46; Ridgetown, 18. Majority for St. Thomas, 28 points.

NEW GOVERNOR-GENERAL'S CUP. The governor-general has intimated to the O. C. A. his intention to give a cup for competition among the stoneplaying curlers of the Dominion in the manner followed by his predecessorsas a token of the interest taken in the game by brother curiers throughout the Dominion. The competition will begin at 9 a.m. of the day following the opening game of the finals for the Ontario Tankard, and will be open to every club in the association, excepting the winner and runner-up in the tankard finals. The primary or group competition for the ontario Tankard must all be finished and reported to the general secretary on or before Feb. 4, and if the present fine term of curling weather continues the finals will probably begin on Tuesday, Feb.

AT NEW ORLEANS.

THIRST. Dodd's Dyspepsia Tablets are made for the single and special purpose of curing diseases of the Digestive Organs and Liver. They won't cure toothache nor diphtheria. But they will cure any and every dis-

ease of the Digestive Organs. They cure in the only possible way-by removing the cause of the disease. Dyspepsia, Constipation, etc., are all caused by imperfect digestion. Dodd's

Dyspepsia Tablets make the digestion prompt and perfect by digesting the food, themselves. While they are doing this, Dodd's Dyspepsia Tablets tone, stimulate and strengthen the Liver and Digestive Or-

gans and put them in condition to do the work thoroughly.

That's all the secret there is about the remarkable success of Dodd's Dyspepsia Tablets. Try them. They'll con-

vince you by curing you.

Dodd's Dyspepsia Tablets are sold by the virgin forests. Millions of population must now be considered, and cliall druggists at 50 cents a box, six mate, health, water supplies and kinboxes \$2 50, or they are sent on receipt dred matters present new problems for IOUSNESS, OR ANY OTHER STOM- of price, by The Dodds Medicine Com- governmental action in regulating the pany, Limited, Toronto.

to keep the game booming by forming the annual loss of more than \$20,000,000 a four-club league.

INTERMEDIATE SERIES. The first game in the third round in the intermediate series of the O. H. A., between the Nationals and the Ontario Agricultural College, came off at Guelph last night. The Nationals won by 9

BASEBALL.

LONDON AN APPLICANT. At the meeting of the New York State Baseball League, held in Syracuse, N. Y., yesterday, J. P. Farrell, of Auburn, was elected president and secretary by a unanimous vote, and W. P. Ralland, of Rome, was elected treasurer. The league was advanced from class C to class B. Farming was abolished, and all clubs that during the coming season play farmed players will do so under penalty of forfeiture of all games in which such players may take part. The season will open on May 12 and close Sept. 9. Applications for membership received from Binghampton, Schenectady, Albany, and Hamilton and London, Ont., which will be considered by a committee appointed, and which will visit all the cities which applied for membership. Rome was admitted to membership. All the towns represented in the league and

American Publishers Appeal to Congress.

Tariff Perverted to the Purposes of the Trust

tention of the American members of ayune and Bee, Topeka State Journal, the joint high commission to the urgent Topeka Capital. need that a policy be adopted which shall protect American interests by securing in the treaty now in course of preparation between the United States and Canada a revocation of the present duty on print paper and pulp from Canada. Mr. C. W. Knapp was elected chairman, and Wm. C. Bryan, of the Brooklyn Times, secretary of the meeting. After a brief and formal discussion, the following statement of the views of the American Publishers' Association was adopted, ordered to be printed and presented to the members of the commission and to representatives and senators in congress:

"The delegate representatives of a number of newspapers in meeting assembled at Washington, Jan. 30, 1899, respectfully submit to the president and to the American commissioners that the honest intentions which originally induced the establishment of the tariff duty on paper and pulp have been perverted to further the purposes of a recently formed corporation, the International Paper Company, and that every newspaper publication in the country east of the Rocky Mountains has been placed at the mercy of that cortional mills, representing the plants of three large concerns, and that it is negotiating for three other properties which represent all of the output from independent mills in the territory east of Michigan. In view of the fact that the International Paper Company is selling its surplus paper in England, Australia and Japan, in successful competition with Canadian, German and Swedish manufacturers, and in view of the important point that the International Paper Company is protected by reason of its proximity to its customers to the extent of an average of 60 per ton, and by reason of its ability to obtain cheaper and better supplies of coal and chemicals, we fail to see the occasion for giving sanction to its abuse of governmental protec-

"The International Paper Company is a combination of 24 mills (since expanded to 30), which has been capitalized at \$55,000,000; it controls 80 per cent of the news output; its promoters frankly admit that the common stock of \$20,000,000 represents only good-will; the entire product of this large combination could be duplicated with modern and better machinery at less cost per pound upon a capitalization of \$15,-000,000, so that print paper users in the United States are forced to bear the burden of an excessive capitalization of \$40,000,000 and to pay an added charge of \$2,000,000 per annum. Every mill that entered the combination invited a withdrawal of tariff duties. Excessive and improper prices were paid for many A new senior hockey league will like- mills that were located on exhausted be formed within the next few days, water courses, and that were liable to be denuded of timber tracts; for mills that have an insufficient supply of water or are under water; for mills that are inferior and worthless in machinery, equipment and construction; for mills that must pay excessive rental for water power; for mills that do not own or control wood lands; for mills and elected the following officers: Prethat have neither pulp-grinding attach- sident, Dr. Fred Guest, Shedden: vicements nor sulphite pulp facilities. Not president, Samuel Price, St. Thomas; one of the mills in all the combination secretary-treasurer, Sidney Smith, Dutpossessed all of the six essentials of ton. the cheapest and most successful manufacture, namely, cheap wood, cheap and ample water power, cheap rates to market, modern machinery, wholesale production and centralization.

"In some cases the organizers of the International Paper Company gave securities to mill owners representing five times the actual investment in the mills, and in gathering together this assortacquired every available spruce tract where cheap timber could be had, and every large water power, with one exception, where substantial competition might otherwise be established. This object was easily obtained, because our spruce supply is being exhausted at the rate of 1,700 square miles per annum. The State of New York set aside a park of 4.000 square miles of spruce territory, and decreed that no timber thereon shall ever be cut, in order that the state might guard the water supply and avert disastrous floods and protect agricul-ture and manufacture. Vermont spruce are barely equal to its home demands. New Hampshire commissioners have issued solemn warning that the state's forest resources, at the present rate of cutting, will be exhausted in eight years. All the timber town-ships of Maine that are accessible to the large rivers have been denuded. "Conditions have radically changed since the early settlers cleared away

through forest fires. "That machinery of the government which imposes a prohibitory duty upon print paper is also placing a premium upon the exhaustion of our spruce forests, and is adding to the destruction was the forest forest and

struction wrought by forest fires and vandal methods of timber cutting. No successful competition with the International Paper Company is possible in the United States under existing con-ditions. Capital that may seek to de-velop new enterprises for the manufacture of newspaper is barred by the trust's acquirement of all the possible facilities of paper production. on newspapers operated indirectly as did the stamp tax of Europe to suppress newspapers. It is a tax of \$2,-000,000 per annum on intelligence, a tax on popular education and on political

"We therefore urge that advantage be taken of the opportunity offered by the Canadian treaty negotiation to place pulp and paper on the free list, and thereby give the only strong and permanent assurance of protection from

this combination." PEACH PROSPECTS

Mr. Orr Reports Them Good - Busy at Growers' Conventions.

Hamilton Times: Mr. W. M. Orr, superintendent of spraying for the Ontario Government, got back from the annual meeting of the Western New York Horticultural Society, held at Rochester, the end of last week, and left for Montreal to attend the annual meeting of the Quebec Pomological Society. At Rochester he read a paper on spraying, and at Montreal he will deal with the same subject. In Western New York he learned there has not been much spraying, but where it has been tried, and properly conducted, the results, it was reported at the Rochester meeting, have been highly satisfactory. He met one fruit grower who in 1897 took \$3,000 worth of apples off a 20-acre orchard, and in 1898 took \$5,000 worth off the same orchard.

Mr. Orr says the midwinter peach poration. Within the last week we are prospect is remarkably good — better advised that the International Paper than for years. The buds are yet unhurdles—Partner 1, Laura May 2, Jim advised that the International Paper than for years. The buds are yet un-Hogg 3. Time, 2:234. A DRUGGIST'S FAITH

What's Most Called For Must Be the Best Remedy.

A druggist's testimony of the pupularity of a remedy is the strongest kind of a proof that it will do what it promises. Paul Livingood, druggist, of Allentown, Pa., says: "Dr. Agnew's remedies have sold away beyond my expectations. You can quote me for saying that Dr. Agnew's Catarrhal Powder is the best seller for catarrh I have in the store. Many of my cus.om-It is a great ers praise it highly." remedy, and has a continental reputation. Sold by W. S. B. Barkwell.

THE NEW CENTURY

When Does It Begin?-What Do You Think?

An "Old Subscriber" writes: "There has been much discussion over the beginning of the twentieth century. It starts Jan. 1, 1900, for this reason: Supposing a person 99 years of age became 100 years old on her birthday, which was Jan. 1, 1900, would we not say she was in her 101st year, beginning another century, that is, in year of another hundred years? Likewise, a person (of course, impossible) living 1899 years, supposing her birthday Jan. 1, 1900, would be on that day in her 1,901st year."

West Elgin Conservatives talk of contesting the election of Donald Mc-Nish. The association met at Dutton
