Hairs Quickly Vanish After This Treatment

(Helps to Beautify.)
Science has aided in simplifying the hairbrushing of hairy growth from the face, and according to a heavy specialist, the most effective treatment yet devised consists of applying a delicate paste to the hairy surface for 2 or 3 minutes. The paste is made by mixing some water with a little powdered deodorant. When this paste is removed and the skin washed every trace of hair has vanished. Be sure to get real deodorant. —Adv.
