Bakery Products with the real old-fashioned "Home-Cooked" flavor

EVERY product sold in a Nut-Krust Bakery is just as deliciously wholesome and pure as it is possible to make it.

Nut-Krust bakers are artists. They have at their command the finest ingredients it is possible to obtain. (Not an ounce of substitutes enter a Nut-Krust Bakery.) Electric baking ovens and distinctly modern equipment add to their efficiency.

In the Nut-Krust Bakery you will find an appetizing variety of quality products to suit your individual taste. You will see the white-uniformed bakers at work. You will realize why we have chosen as our motto:

Try Our Rite-Baked

Supreme"

SHARP ADVANCES IN MANY HARDWARE LINES

Hardware and Metal of June 26 will say: Sharp advances have been made on prices of many important hardware lines. There seems little hope for im-mediate lower quotations and the price tendency is still upwards. Especially is this true of commodities manufactured prices of many important hardware lines. There seems little hope for immediate lower quotations and the price tendency is still upwards. Especially is this true of commodities manufactured from iron or steel.

Carpenters' tools have again come up for higher price revisions, and many lines are affected. Machinists' vices, ters are also higher priced. Brick and plastering trowels, castiron sledges, cow bells, lantern globes, grindstone fixtures, clay picks, mattocks, axie grease, wire stretchers, egg crates, taper pins, iron and steel bars, beaver

for the manufacturer to charge a two per cent sales tax when selling direct to retailers or consumers, has been the cause for some unfavorable comment in some circles.

ST. RY. MEN TO STAY AT WORK

Give Board Chance To Ascertain Earnings Under New Scheme.

Street railway employees at their regular union meeting Thursday night decided to remain at work for the Ontario Railway Board for a sufficient time for that body to demonstrate the earning powers of the road under the revised schedules.

The agreement under which the men returned to work was that they receive an increase of four cents an hour and any of the earnings in addition to that amount. As the traffic is heavy in the summer they are willing to wait and see whether this plan will actually net them a larger increase than four cents. If it does not, then they will consider other means of obtaining higher wages. Until that time there is no possibility of another strike. of another strike.

FLAX PULLERS'

the fact that Lo, the poor Indian, had Dougall, London; Dr. Melville A. Platt. also joined the ranks of the hardened London; Dr. Roland P. Reynolds, London; Dr. Roland P. Reynolds, London; Dr. Wallace R. Matthews, London; noble Iroquois and Algonquin, having lined up with the I-Work-With- Dr. Wendell W. Carruthers passed the Iroquois and Algonquin, having up with the I-Won't-Work-Without-Wages wing of the proletariat, are clamoring for greatly increased emoluments per acre for pulling flax. After a good deal of discussion in the annual until the matter is adjusted. Dr. E.

ments per acre for pulling flax. After a good deal of discussion in the annual meeting af the Flax Growers' Association in the chamber of commerce board rooms, the members finally agreed unanimously to pay from \$15 to \$18 per acre for flax-pulling this season, the difference to depend on the quality of the crop.

Whether to permit the publication of this resolution in the press was another matter that had to be decided, but finally in view of the fact that the reporters had already been admitted, it was left to the discretion of the newspapers themselves.

A special meeting of the association whereby it is necessary for the manufacturer to charge a two assessed as well as factory hands, and teamsters were being granted council standing. When this is done the entire class of candidates from Western University Medical School will be members of the Ontario College of Physicians and Surgeons, a second distinctive record for this resolution in the chamber of commerce was an amountal to the matter, is adjusted. Dr. E. A. Floyd Day must write a supplementary examination paper in medicine to condition the matter, is adjusted. Dr. E. A. Whether to permit the publication of the press was another that that the press was another than the press was another than

A strictly "Made-in-London-Insti-tute-of-Musical-Art" recital was held Thursday night, all who took part hav-A strictly "Made-in-London-Institute-of-Musical-Art" recital was held Thursday night, all who took part having received instruction only since last November, when the institute opened, First came the tiniest girl in blue, who played "Daisy Duet" with her teacher, Then followed a weird little piano tale about "The Goblins," and other dainty stories about "Birdias" and "Cradle Songs" and Buttercups." A merry military drill came next, given by seven bright little girls, who were studying by this device the formation of the scale.

Nor were the efforts confined to juniors. "Up the ladder" rose the family of young artists, and one could hardly believe some of the students had been "at it" for so short a time. If "special mention" might be made, the laurel-seemed to rest on the brow of Fred Underhill, aged 8, pupil of Mrs. McHardy-Smith, whose firmness of touch and general mestery of his selections delighted the audience.

The pupils taking part were: Nora Gauld, Florence Parnell, Helen Keene, Edna Ramer, Adeal Roach, Edith Foster, Ethel Cushman, Margaret Kennedy, Jean Todds, Ethel Cannon, Helen Shuttleworth, John McKee, Beulah Adams, Marcella Robinson, Helen Ritter, Harold Chown, Maxine kichardson, Euth Fitzsimmons, Malah Turner, George Buskard, Miss Russell, Fred Underhill, May Daniel, Eva Couke, Madeline Sutherland, Jean Beemer, Arah Johnston and Heien Argo.

The following teachers were represented: Miss Alberta Tory, Miss Made leine Simson, Miss Minnie Raymond, Mr. A. D. Jordan, Miss Edith Irvine, Mrs. McHardy-Smith, Miss Mage leine Simson, Miss Minnie Raymond, Mr. A. D. Jordan, Miss Edith Irvine, The cordial applause with which the various numbers were received bore testimony to the realization by the large audience of the skill and effort

various numbers were received bore testimony to the realization by the large audience of the skill and effort required to produce such surprisingly fine results in a brief six months or FRAUDS IN NATURALIZATION OTTAWA, June 24 .- (Canadian Press) of lawa, June 24.—(Canadian Fres)
—In answer to a question by H. S.
Clements (Comox-Alberni), in the House
of Commons today, the Government
stated it was aware of frauds perpetrated in connection with naturalizaion certificates, and was taking steps looking to concellation of these certifi-cates. There was no provision in the naturalization act requiring photographs

naturalization certificates. BODY FOUND IN WELL.
STRATFORD, June 24.—The body of Miss Ellworthy, a well-known Stratford lady, was discovered today in a well at the home of Mrs. Magee, Cambria street, where she has made her home. She had been in failing health for some time.

PROSPECTS OF EARLY END TO STRIKE REMOTE

Deadlock Still Prevails in Toronto Street Car Situation.

MOVE TO RUN CARS

Employees Regard Offer To Operate Cars As Bluff by Company.

COMPROMISE RUMORED. TORONTO, June 24.-A rumor was urrent late tonight that some sort of a compromise between the Toronto Railway Company and the striking employees of the company might be arrived at shortly, and that in this connection they would make a joint application tomorrow morning to the Ontarro Railway and Municipal Board to operate the railway temporarily. In this connection it was stated that, pending the railway board's assumption of the control and operation of the railway board to take over the street

TORONTO, June 24.—Prospects of an early settlement of the street railway strike here seemed remote tonight. Neither side to the dispute had made any offer to enter into negotiations, looking to an amicable arrangement, whereby the street cars might be set in motion arrain on the centrary both the motion again. On the contrary, both the Toronto Railway Company and the strikers showed a disposition to fight the thing out to the end, whatever that

night be.
With reference to a communication rom Manager R. J. Fleming of the foronto Railway Company to Mayor T. L. Church today to the effect that the company would run the cars if the city would provide police protection, officials of the extent railwaymen's union this. Almost One Hundred Per Cent

Exams.

Would provide police protection, officials of the street railwaymen's union this afternoon said they regarded this as just a bluff of Manager Fleming's. Controller Joseph Gibbons, business agent of the union, said that if the company attempted to run the cars, while the strike was on, there might be a repetition of last year's trouble, when the company tried to put some street cars into commission.

Small Riot Developed
On that occasion a small riot developed in a few minutes and some of the would-be strikebreakers received rough

voloped in a 10 minutes and some of the would-be strikebreakers received rough handling. The company's attempt to run the cars was completely frustrated. Mr. Gibbons intimated that the great majority of union men in the city would back up the strikers if they engaged in a tussel to prevent the running of the

cars.
Attorney-General W. E. Raney had a conference this afternoon with the members of the Ontario Railway and Municipal Board on the street railway College of Physicians and Surgeons (Medical Council), issued in Toronto Thursday night, announce every student competing from Western University as successful, with the exception of one candidate, who failed in one subject. In view of the fact that about 50 per cent of the graduates in medicine from Toronto and Queen's Universities failed to pass the same examinations, the Western men have brought great credit on their alma mater with almost 100 per cent results.

Following are the graduates of West-tern who successfully wrote the examinations which a writted that the Government had every confidence in the railway board. Chairman McIntyre of the railway board refused to say anything about the matter.

Labor trouble does not appear to be confined to the white races, for Thursday afternoon the Canadian flax growers, in convention assembled, bemoaned the fact that Lo, the poor Indian, had requested by the city to do so, but this evening there seemed to be a hope in the public mind that the board might take action without waiting for the city's application.

Mayor Church this afternoon, after a conference with his colleagues of the board of police commissioners, board of police commissioners, Judge Morson and Police Magistrate Denison, informed the Toronto Railway Company that if the company would put on an adequate service the city would see to it that they would receive protection. but the city "would not stant for" the running of only a few cars.

BELMORE

BELMORE, June 24 .- The annual neetings of the South Bruce Board of Agriculture and of the Wonen's Intitute were held yesterday at the home of W. H. Lowry. Mr. MacMillan of seaforth was the chief speaker. He oke on the keeping of the young Premier Honors Go To Frank
Underhill, Aged Eight
Years.

spoke on the keeping of the young folk on the farms, and the supplying of modern conveniences in the homes. He strongly advocated electric light plants. A resolution was passed urging the Farmers' Clubs to co-operate with the board of agriculture by appointing directors to the board and helping in every way to co-ordinate all rural and village and town interests.
