Gillette Elected

By Over Two Million Voters

Another Triumph for Progress and Personal Cleanliness

Over two million votershave demanded a change from antiquated methods - from old style razors and new style theories. They show their preference for the "Gillette" at the polls of public approval.

Over two million voters uphold every plank in the "Gillette" Safety Razor platform :-

-no honing, no stropping the one razor that is safe

-a clean shave in five minutes -an easy shave for every face

-adjustable for light or close shave

-always ready when you are.

"New Process" Blades are as far superior to any other shaving edge as the "Gillette" is superior to the old fashioned razor. Twelve blades-in handsome nickel-plated case-one dollar.

Have you voted the right ticket—the "Gillette"? If not, the "polls" are still open at the ctore just round the corner. & "Gillette" Razor and "New Process" Blades are sold by leading Jewelry, Drug, Hardware, Cutlery, Sporting Goods and Department Stores, and by the Gillette Safety Razor Company of Canada Limited, 63 St. Alexander St., Montreal.

HOW CITY WILL HANDLE PROBLEM OF ITS POOR

Civic Committee Makes a Number of Recommendations for Dealing With Needy.

At a meeting of the special civic committee, organized several weeks ago to prepare for the problem of dealing with the unemployed during the coming winter, the following recommendations were made:

That only the House of Industry get grants for outdoor relief, and that applicants comply with a "work test," or otherwise show themselves to be deserving.

That churches and charitable organizations be asked to co-operate with the executive committee of the Associated Charitles by supplying information as to deserving needy persons.

That the police commissioners be asked to instruct the chief constable to take steps to deport undestrable immigrants, meaning those who under the grants, meaning those who under the Immigration Act are debarred from

coming to Canada, and who show no desire to be self-supporting.

That a temporary employment bureau be established, at which applicants for work may register free, and at which employers may look for employes, the bureau to be under municipal control bureau to be under municipal control, but not at the city hall, and that the

city clerk report upon the location and organization of the bureau.

That the House of Industry consider establishing stations at which the poor may purchase fuel in small quantities at the lowest price.

That employment on civic work be given only to those applicants who have been twelve months in the city, and that the regular civic rate of labor wages be paid.

That the park commissioner report on grading or other work as relief work.

That the park commissioner report on grading or other work as relief work, and that the wages paid be 15 cents an hour for a day of eight hours.

That citizens be asked to provide winter work and to apply to the employment bureau for workers, giving the preference to those in special need. That the names and addresses of all applicants for work he recorded and applicants for work he recorded and applicants for work be recorded, and the number that can be employed, to be taken in order of enrolment for three days' work at one time.

That the city engineer ascertain how much stone can be used in providing work for casual applicants for relief.

NOT LIVELY ENOUGH,

Harmsworth Disappointed at Our Elec-

Baron Northcliffe says election da: was disappointingly quiet here.
"Now in England," he said, "we are more enthusiastic. Most men, women and children, and even cats and dogs, wear colors. There are display cards in most of the windows, and the day is a general holiday.

"No one ever thinks of doing much business. The candidates are at their committee rooms and ground the poli-

committee rooms, and around the polling booths. There are hundreds of automobiles on the streets, and all kinds of vehicles.

"The ladies apparently take a much greater part in politics over there. very much in evidence of election day, working for the various candidates. Of course, I don't mean the suffragettes. They make much noise and create a disturbance, but their excess does them no good."

AN ARREST FOR BRIBERY.

McLennan of Winnipeg, After-wards Released on Bail.

WINNIPEG, Oct. 26.-The provincial authorities this morning arrested R. R. McLennan, a prominent Liberal, and former well-known hockey player, at breakfast in his home on charges. Later he appeared before Judge Meyers, together with W. A. Carson and George McLeod, who had been in the provincial jail over Sunday, and the three were released on

W. A. Carson, ex-president of the Manitoba branch of the Caledonian Club, and a prominent Liberal, was arrested last night by officials of the provincial police and taken to the prorincial jail.

No charge has been preferred against Carson as far as can be learned.

E. J. Rochon, proprietor of the Clarendon Hotel, immediately hurried down to the jail and offered bail, but not only was ball refused, but access to the prisoner was refused Rochon, the prisoner's friends and even his

GREEN SICKNESS

Interesting and Suggestive Advice ACROSS THE SEA IN That All Should Read.

Many mothers will echo the conclusion expressed in a very interesting and suggestive letter written by Mrs. Zacharia Pollard, of Grand Bay.
"It is one of the illusions of mother hood that once the diseases of childhood have been successfully passed a smooth road lies before their dear ones. Boys bruise themselves, or perhaps break a limb, but the physical history of the young girl is subject to ed weakness, her color faded, some unpleasant heart symptoms indicated a lowered vitality of that organ, but strange to say she appeared plump. The bodily functions were obstructed, and a waxy or pallid, or yellowish skin gave her a ghastly look. The weeks before any manifest change was noticeable, but once that Ferrozone weeks before any manifest change was noticeable, but once that Ferrozone decked the running-down process if I had neglected to give her Ferrozone is just what expressions as many forms and robust health."

Brooklyn, and all Long Island Points

PASSENGER TRAFFIC.

A Direct Service to New York,

Passengers traveling via the New York Central Lines are landed at Grand Central Station at 42nd Street, from which point all surface, elevated and subway lines radiate. This wonderful subway, which carries passengers forty miles

an hour under the streets of New York City, is now completed under the East River to Brooklyn. Passengers to Brooklyn and other Long Island points take subway trains from Grand Central Station. At Borough Hall, Brooklyn, connection is made with all the elevated and trolley lines in Brooklyn, and at Atlantic and Flatbush Avenues with Long Island trains to any part of Long Island. Through tickets to points on the Long Island R. R. are honored at the option of the passenger, either via Flatbush Avenue, Brooklyn, or Long Island City.

Thus passengers routed over New York Central Lines to Brooklyn or Long Island points do not leave the protection of a roof from the time they enter a New York Central Lines train until they reach Brooklyn subway stations or their destination elsewhere on Long Island. As every subway train stops at Grand Central Station connection is practically immediate—day or night.
